LETTER OF TRANSMITTAL

1-c

December 1, 1924.

Subject: Biennial Report—July 1, 1922, to June 30, 1924.

To: His Excellency—THE HONORABLE N. E. KENDALL,

Governor and Commander-in-Chief.

As provided by Section 313 of the Compiled Code of Iowa, 1919, and the Supplement to said Code, I have the honor to submit herewith my report covering the activities of this office, for the period July 1, 1922, to June 30, 1924. Included therein, are certain recommendations relating to legislation, which it is thought are necessary for the future welfare of the Guard of this state, and which it is hoped your Excellency will approve.

It is desired to express in this letter the sincere regret felt by the entire personnel of the Iowa National Guard, that our official relations with you will soon close, due to your voluntary retirement from the office you have so ably filled, but we all sincerely hope your personal interest and friendship will be continued in the years to come. Personally, I am under a deep sense of gratitude to you, for the personal favors and expressions of confidence you have extended to me. Your earnest desire for the welfare of the Guard, and the encouragement you have given them, by your presence at the annual camps and schools of instruction, has been an inspiration to me, and has assisted in making the administration of this office a pleasure.

In conclusion, I feel you should know that the accomplishment of your desires for the advancement of the Iowa Guard, and the plans for their health and comfort while under field training at Camp Dodge each year, was due to the never failing advice and assistance rendered by the Advisory Board of Officers, consisting of:

General M. A. Tinley.

Colonel Guy S. Brewer.

Colonel Ralph P. Howell.

Colonel L. D. Ross.

Lt. Colonel W. S. Conkling.

Major Ray Yenter.

One of the greatest losses experienced by the Guard and by me, during my administration, was the deaths of Colonel Brewer and Colonel Howell, both were outstanding figures in the Military History of this state. Their unselfish devotion to the Guard of their state and their wise counsel and valuable advice in connection with the administration of its affairs, was invaluable to this office.

I have the honor to be

Most sincerely yours,

LOUIS G. LASHER,

Brig. General, A. G. D., The Adjutant General.

Report to the Governor—Location and Strength of Iowa

Guard June 30, 1924—Recommendations—Changes

in the Military Code—Appropriations

His Excellency, N. E. Kendall, Governor of Iowa.

My Dear Governor: I respectfully submit the following report of the details and operations of this office for the biennial period, July 1, 1922, to June 30, 1924.

PROGRESS

The progress of the Iowa National Guard has been steady and has exceeded the expectations of the War Department to such an extent that no new organizations will be authorized for the next six months at least. The State of Iowa, as of June 30, 1924, was 13 per cent in excess of maintenance strength, which in itself is an indication of a wholesome and flourishing condition.

FIRST LINE TROOPS

The National Guard of the United States is now part of the first line of defense for this country, and unquestionably, is one of our greatest institutions, solving for the States and the Nation, the perplexing problems of adequate military forces and a minimum taxation for national defense. It represents a great citizen army, beyond the control of any faction or group, which during peace time is fully under control of the sovereign states, for maintenance of law and order, and protection of life and property, when municipal powers fail, and with the regular army is ready for immediate field service whenever a national emergency demands such service.

THE NATIONAL DEFENSE ACT

It is believed that the present National Defense Act requirements are the very least which the citizens of the States and Territories can ask or expect, consistent with maintaining an adequate and efficient national defense.

Based on a population of 110,000,000, the average cost of maintaining a National Guardsman is approximately 27 cents

to the Federal Government, and based on a population of 2,500,000 in Iowa, the average cost of maintaining a National Guardsman is 11 cents to the people of this state, a total of 38 cents for each guardsman, while the cost of maintaining a regular army soldier is approximately \$2.00. Aside from the armed protection and security given the state, the National Guard is the medium of annually placing in circulation with the state, cash received from the Federal Government for armory drill, encampment pay, subsistence and transportation, pay of caretakers and helpers, rental and subsistence allowances for regular army instructors and sergeant instructors, and forage for animals, of approximately three-quarters of a million dollars.

The foregoing table shows a wide margin between war and peace strength and actual strength of all organizations on June 30, of this year.

The necessity for constant recruiting activities is apparent, and is in the main appreciated by organization commanders, there are some however, who do not realize the importance of this phase of our activities and in consequence some units are below the minimum strength required, and as a result unnecessary hardships follow, such as officers not receiving pay, and organizations losing certain allowances which are based on strength and drill attendance.

The average turn over in the Iowa Guard is approximately 42% each year, and this can only be met by the continual recruiting of new material. The protection of the citizens and taxpayers demand an adequate appropriation for the National Guard, and it is believed and urged that our present appropriation of \$265,000.00 be continued.

COMPOSITION OF THE GUARD

Under the Federal and State laws, the National Guard shall consist of the regularly enlisted militia between the ages of eighteen and forty-five years, organized, armed and equipped as is provided by law, and of commissioned officers between the ages of twenty-one and sixty-four years.

The final allotment of troops to Iowa, is as follows:

Infantry Division Troops

- 1—Infantry Division Hqrs. Co.
- 1—Infantry Division Hqrs. Detachment.
- 1—Infantry Brigade.
- 1—Special Division Troops Hqrs.

ARMAMENT

The armament of the Iowa Guard consists of the following:

16—155 mm. Howitzers.

38—5 Ton Tractors.

40—Caissons.

6—Reels and Carts.

1—Cars Reconnaissance.

9—Trucks.

1—Kitchen Trailers.

2,853—Rifles, Springfield.

2,373—Pistols, Automatic.

51—Machine Gun, Browning.

229—Automatic Rifles, Browning.

5—Trench Mortars, Stokes.

4—37 mm. Howitzers.

0—Hand Grenades.

13—Ambulances.

203—Revolvers, S. & W., Cal. 45.

90—Rifles, Small Bore Indoor 79—Surplus Trucks, Rolling Kitchens, etc., at Camp Dodge.

This armament, with the necessary Quartermaster, Ordnance and other supplies on hand in State Arsenal, Camp Dodge, permits the Iowa Troops being ready at all times for such service as may be required of it, both in peace and war, for state service or for a national emergency.

PERSONNEL

The commissioned and enlisted personnel of the Iowa Guard has greatly improved in all sections of the State. Officers are required to qualify for their commissions, and must appear before an Examining Board. They are required to take either a written or oral examination, on subjects selected by the Board, as outlined in National Guard Regulations. Enlisted men are being carefully selected, as to their physical fitness, and their character.

The morale of the troops was never better and the esprit-de-corps of all units is highly commendable.

During the present fiscal year, the National Guard of the U. S. has shown an abnormal increase, an increase beyond what was anticipated. The Militia Bureau had figured their estimates to the Director of Budget on a basis of 177,000 men, but to the surprise of all concerned, the Guard reached 191,000 men by October 1, 1924

RECOMMENDATIONS

STATE OWNED ARMORIES

I desire to repeat the recommendation made in my report covering the biennium 1921-1922, relating to legislature authorizing State owned armories. This office is now, as in the past, allowing each unit of the Guard an allowance to cover armory rent, heat, light water and janitor service. This allowance is fixed by an Armory Board, appointed by the Governor, and they recommend to him the amount each unit should be allowed to provide themselves with a building, which must come within the requirements, as to construction, size, storage, facilities for Government property, and rooms for drill, assembly, baths and toilets, as laid down by regulations published by the War Department.

These allowances amount to a large sum each year, and the State has nothing tangible to show for it. The same amount of money expended over a period of years for state owned armories would in the end be more economical and show a definite permanent return.

The States of New York, Pennsylvania, Illinois, Michigan, Wisconsin, Minnesota and others, now have State owned armories, and find they are the most economical and satisfactory method of housing their National Guard troops and property.

CHANGES IN THE MILITARY CODE

It is recommended that all that part of Section 299, beginning with the words, "The Assessors," in the eighth line from the top and ending with the word "list" in the third line from the bottom, be repealed.

That the second sentence in Section 300 be repealed and the following enacted in lieu thereof:

"In this chapter, the word 'soldier' shall include all persons enlisted in the guard, or in the militia when called into service; the words, 'warrant officer' shall include those persons so designated by law or regulation; the word 'officer' shall include all persons holding a commission from the governor or other legally constituted authority; whenever the word 'company' is used in this chapter, it will be understood to apply with equal force to a troop, battery, or other unit or detachment similar to a company in organization or administration."

In Section 301, that after the word "governor" in the last

line, the clause, "or other legally constituted authority," be added.

In Section 302, change the word "specified" in line two, to "required," and the first word "or" in the last line, to the word "and."

Section 304, be amended by adding after the word "guard" in the third line, "and the expenditure of guard appropriations in the state of Iowa."

That Section 308, be amended by striking out the word, "hereafter" in the first line, and changing the last word in line four to "and," and the word "or" in the ninth line to "and", and that the second and third sentences be stricken from the section.

That the word "shall" in the twelfth line of Section 309, be changed to "may".

That the word "specified" in the third line of Section 311, be changed to the word "required" and that following the word "governor" in the third line, be inserted "or War Department," and that the last word in line four be changed to the word "and".

That Section 1313-a1 be repealed.

That Section 328 be amended by inserting after the word "state" in thirteenth line "or" for which the state is accountable," and that the following be added to the section:

"The said notice may be either verbal or in writing, such notice deposited in the United States Mail addressed to the last known address of such member of the guard, shall be considered as the notice herein contemplated."

That Section 331 be repealed, and the following enacted in lieu thereof:

"Sec. 331. Marksmanship medals and Service badges.

The Adjutant General from the funds at his disposal shall procure and issue distinctive badges to the officers and men of the guard entitled thereto as follows:

1. Rifle and Pistol Marksmanship.
2. State Rifle Team.
3. Service Badges.

according to the designs and patterns thereof as may be determined upon by the adjutant general and kept on file at the office of the adjutant general. Members of the Guard who by order of the president serve in federal forces during a national emergency shall be entitled to count the period of such federal service toward the procurement of a service badge."

CAMP DODGE IMPROVEMENTS

My report for the biennium ending June 30, 1922, covered on page 13, the History of Negotiations for purchase of buildings and utilities erected and installed by the Federal Government on

State owned land during 1917 and 1918. The buildings were sold by auction, under date of Monday, October 9, 1922—Parker L. Crouch Auctioneer, Des Moines, Iowa. There was sold a total of 342 buildings of all descriptions, 534 Furnaces, 35 Ice Boxes, and a miscellaneous lot of kitchen ranges, sinks, hot water tanks and heaters, toilet bowls and flush tanks, etc.

The net receipts from the sale was \$69,350.00, which was deposited with the Treasurer of State under date of October 11, 1922, to be credited to the Permanent Improvement Fund of this office.

During the period covered by this report this office has constructed the following permanent buildings at Camp Dodge, for the use of the Guard:

50 Mess Halls and Kitchens, at a cost of.....	\$136,750.00
3 Regimental Headquarters Bldgs., at a cost of.....	14,850.00
11 Enlisted Men's Bath Houses and Latrines, at a cost of	16,830.00
Total	\$168,430.00

These buildings were constructed upon the recommendation of a Board of Officers, and under the authority of the Governor, and were paid for out of the Permanent Improvement Fund and from unexpended balances remaining at the end of each fiscal year, of our appropriation for the support of the Guard.

Iowa now has the most complete permanent National Guard camp grounds in the United States, and the War Department has pronounced it the most adequate, economical, and complete plan of construction. They are recommending our plan, type of buildings and construction, be followed by all States.

Our plans for the future, should funds become available, include the construction of the following:

Recreation building for the men.
Shelter sheds for cavalry animals.
Hospital building.
Camp headquarters building.
Quartermaster office building.

This office has prevailed upon the Federal Government to authorize the construction at Government expense, 12 officers bath houses and latrines, and we now have estimates filed with the War Department for the construction of the Camp Headquarters Building and the Quartermaster Building (listed above)

at Government expense. We have every reason to believe the War Department will authorize these two buildings, as they are necessary and essential to the administration work in connection with the training of the Guard.

Our regular force of employees, in addition to their normal duties in connection with the upkeep and maintenance of the reservation, have fenced the entire reservation with five foot woven wire; rebuilt rifle range road and covered same with shale and sand; graded and leveled parade ground and tent area; constructed interior telephone system for reservation; rearranged entire lighting and power system, reducing number of poles, transformers and amount of wire; and rebuilt all sewer openings and man holes.

As has been before stated, the old buildings and contents were sold, but this office retained the following improvements and utilities, which were constructed by the Federal Government and kept in constant use:

Electric pumping plant consisting of three 125 H.P. Crocker-Wheeler motors connected direct to three Allis-Chalmers centrifugal pumps, each drawn by a 20 H.P. General Electric motor, located in four sub-stations and wells.

Transformer Station, containing three 100 K. V. A. Pittsburg Transformer Co.'s Transformers, and one 10 K. V. A. General Electric Co. Transformer, all with lightning arresters, switches, meters, etc.

Concrete water storage tank, holding one million gallons.

Water mains throughout the entire camp.

Sewer system, with 30-inch main sewers, and smaller laterals to the various buildings.

Concrete paved roads throughout the camp.

Three office buildings at Brigade headquarters.

Two story Camp Hospital building.

Four frame warehouses, 60x168.

One motor repair shop—frame.

One frame 2 M barracks.

One unloading ramp.

Over one mile of storage and unloading railroad track.

Electric poles and wire.

During the past biennium, this office has repaired and painted all houses, barns and outhouses on the reservation, also re-roofed, barns, water tanks and frame warehouses, and has raised sufficient corn, oats and hay to feed all animals used in the maintenance work on the reservation.

PART IX

Service Record Cards—World War—Iowa Men and Women Who Served in the World War

The securing of all records of Iowans who served in the World War, is a part of the functions of the War Roster Commission, consisting of the Governor and the Adjutant General. This work was conducted by the Commission under a bill passed by the 38th General Assembly. The 38th General Assembly appropriated \$20,000.00 to carry on the work, and the 39th General Assembly appropriated \$15,000.00 additional. It was contemplated these two appropriations would complete the work, but the magnitude of the task had been underestimated, and additional funds were asked for from the 40th General Assembly. This asking was refused, consequently, by July 1, 1924, the remainder of appropriations were expended and the office was closed as of that date. The status of the Commission and its accomplishments was, on July 1st, 1924, as follows:

Material for the first volume of the Roster has been prepared, and consists of roster of all National Guardsmen who saw service on the Mexican Border, 1916-1917, with a suitable history of the organizations, their service and about 200 photographs. This volume will also include the history of the Selective Service Law and its administration in Iowa, with maps and graphs.

Purchase of moving picture films, positive and negative, of Iowa troops who served on Mexican Border, 1916-1917, and the World War, 1917-1918, consisting in all of:

5,000 ft. Iowa Guardsmen on Mexican Border.

2,000 ft. Building of Camp Dodge.

5,000 ft. Formation 88th Division and scenes in France.

5,000 ft. Iowa Guardsmen in 34th Division at Camp Cody.

6,000 ft. 168th Infantry, 42nd Division (Rainbow) which includes good-bye review by Gov. W. L. Harding at Fair Grounds, trench warfare in France, decoration of Iowa officers by General Pershing, review on the Rhine, home coming at New York, final review in Des Moines on return from France.

All films now in possession of the State Historical Department of Iowa. Since the Commission was organized and began to function, it has accumulated, corrected and filed, approximately one hundred thousand correct record cards of Iowa men and women who served in the Army, Navy and Marine Corps. These records continue to come in, from the War Department, and must be checked, corrected and filed.

The Retrenchment and Reform Committee, on August 1, 1924, authorized the employment of one clerk to have charge of the files, and answer correspondence and requests for soldier records in connection with the National Bonus.

No compilation has been attempted, but it is obvious that this work

should be continued and brought to its conclusion now, when information required is available and can be obtained at a minimum of expense. To renew the work some years hence, will prove a very expensive proposition, as has been demonstrated in the compilation of the Civil War and Spanish War Rosters.

With this thought in mind, I have asked, through the Director of the Budget the following for the next two years, which it is hoped will complete the Roster and have it ready for the printer:

Description	Fiscal Year Ending June 30, 1926		Fiscal Year Ending June 30, 1927		Total For Biennium	
	Salary	Trav. Expense	Salary	Trav. Expense	Salary	Trav. Expense
Secretary-Director	\$ 3,000.00	\$ 1,000.00	\$ 3,000.00	\$ 1,000.00	\$ 6,000.00	\$ 2,000.00
Chief Clerk	1,380.00	-----	1,380.00	-----	2,760.00	-----
Stenographer	1,200.00	-----	1,200.00	-----	2,400.00	-----
File Clerk	1,200.00	-----	1,200.00	-----	2,400.00	-----
Stenographer	-----	-----	1,200.00	-----	1,200.00	-----
Total	\$ 6,780.00	\$ 1,000.00	\$ 7,980.00	\$ 1,000.00	\$14,760.00	\$ 2,000.00
Estimated Telephone and telegraph supplies from executive council and other expenses which cannot be anticipated	-----	4,000.00	-----	4,000.00	-----	8,000.00
Total	-----	\$11,780.00	-----	\$12,980.00	-----	\$24,760.00

The Secretary-Director employed on the final work, must necessarily be a man with experience in compilation and the preparation of historical data, etc. The employment of his clerical help will be governed by the amount of work involved.

Corp. Carl H. Sturies, Hq. Co. 1st Bn. 133rd Inf., Cedar Rapids; admitted July 1, 1923.

Ottumwa, Iowa, June 21, 1924.

Subject: Report on attendance at General Service Schools, Fort Leavenworth, Kansas.

To: The Adjutant General of Iowa, Des Moines, Iowa.

1. In accordance with orders your office I left Ottumwa March 14th and reached Fort Leavenworth March 15th, reporting immediately to the commandant of the General Service Schools, Brig. Gen. Harry A. Smith. I was immediately assigned to quarters 6-B Schofield Hall, consisting of two rooms on the third floor with bath used jointly with the occupant of the adjoining quarters. These were one-half story rooms and were very comfortable except in the extremely hot weather.

There were twenty officers detailed to the class, one of whom did not report, and of the nineteen reporting, eighteen were National Guard officers from seventeen different states and one Reserve Corps officer from New York whom came at his own expense. Upon arrival we were liberally supplied with text books, stationery and equipment for field work and map reading. It was necessary to purchase a small amount of equipment, including maps, but the total expense of these items required would not exceed \$10.00 for the whole course. Upon leaving, most of the text books were given to us and the remainder were turned in with no charge except 75 cents for the use of aeroplane mosaics. The classes started Monday morning, March 17th, and for the first week the duties were comparatively light. After that the required study was heavier and did not leave any time for outside engagements during the week. Classes were held five days a week, usually with three conferences in the morning and one map problem or map maneuver in the afternoon. As a rule, there were two conferences each day requiring preparation. The remainder of the periods were lectures or conferences that did not require special preparation. There were about 250 Regular Army officers in the regular class, who set a very good example in attention to duties and studious habits. I wish to take this opportunity of expressing my appreciation of the attitude towards special class of both the students in the regular class and of the instructors. They were all helpful and courteous and there was no indication of any desire to draw distinction between the classes.

2. The instruction consisted chiefly of Tactics and Technique, Tactical Principles and Decisions, Technique of Artillery and Cavalry Operations. Map Reading, Field Engineering, Tables of Organization, Chemical Warfare, Air Service, Logistics, Methods of Training, Military Aid to Civil Authorities, Signal Communications, Military History, Equitation and other subjects were covered to a more limited degree. The operations

of the Division was the basis of studies but smaller units and the Corps and Army were considered. The instructor in charge of the class, Lt. Col. Louis J. Van Schaick, was admirably suited to the position and showed kindly and fatherly interest in the class and was uniformly helpful and considerate. The grading was based very largely on map problems and on nine general terrain exercises conducted in the field June 9th to 13th, inclusive.

3. Personally, I found the course very valuable, especially for the insight it gave into other branches of the service and aside from the direct information and knowledge gained, it inspires confidence and prepares one for further intelligent study.

4. I would recommend the course to all field officers desiring to improve their military education, but believe, as a rule, it should follow attendance at one of the line schools or at least students should have a preparation of at least one year's study of the "D" course. The acquaintances formed would be exceedingly valuable in case of another war within a few years. Training was especially for staff duties, the principal stress being placed on G-3 work, although the decisions required of a Commanding Officer and the other branches of general staff work were not ignored.

HEADQUARTERS IOWA NATIONAL GUARD
ADJUTANT GENERAL'S DEPARTMENT, DES MOINES

February 7, 1923.

Advance Copy, General Order No. 6.

Pursuant to the provisions of Section 319 of the Military Code, State of Iowa, a school of instruction for all officers Iowa National Guard, will be held at Des Moines, Iowa, February 21, 22 and 23, 1923.

Brigadier General Mathew A. Tinley is hereby designated to conduct the school. He will be assisted by Lt. Col. W. A. Cornell, Cavalry D. O. L., Senior Instructor, Iowa National Guard, and such other officers as may be designated by the Commanding General.

Governor N. E. Kendall, Commander in Chief, Iowa National Guard, will welcome you to State Headquarters. Colonel Harry La T. Cavanaugh, U. S. A., Commanding Fort Des Moines, will address the school. Captain Maxwell A. O'Brien, 113th Cavalry, Assistant Attorney General, State of Iowa, will address the school on the subject "Civil Laws of State and Their Relation to the Military Law."

All officers of the Guard are required to attend and will arrange their departure from home station so as to report to the Adjutant General, State House, not later than 9:00 a. m., February 21, 1923, for the purpose of signing pay roll. Roll will be called at each meeting, those not present will be checked as absent for the day or half day as the case may be, and deductions made on pay roll accordingly.

Service uniform, without side arms, will be worn. Each officer will report with the following:

Note book

Pencils

List of questions he may desire brought up for discussion

The following officers will address the school on subjects to be assigned to them by the Commanding General:

Brig. General Louis G. Lasher, A. G. D.—The Adjutant General

Brig. General M. A. Tinley—Commanding 67th Inf. Brigade

Colonel R. P. Howell—Commanding 113th Cavalry

Colonel L. D. Ross—Commanding 133rd Infantry

Colonel Guy S. Brewer—Commanding 168th Infantry

Lt. Col. Knud Boberg—Assistant Adjutant General

Lt. Col. W. S. Conkling—Chief Surgeon

Lt. Col. W. A. Cornell—Cavalry D. O. L. Senior Instructor

Major Harry Ward—Commanding 1st Bn. 185th F. A.

Major Fred S. Holsteen—Judge Advocate

Major Fred S. Hird, Chief Ordnance Officer

Major H. D. Coe, Q. M. U. S. P. & D. Officer

Captain Robert L. Fulton, Q. M. Department

The Commanding General will arrange the program to permit each Regimental Commander and separate Battalion Commander to hold a conference and school on some one morning of the session.

Every effort will be made to clear up and solve problems which may be presented. All officers and clerks in the Adjutant General's Department are instructed to place themselves at the service of the officers assembled for the school. It is, however, urged that such problems be confined to those matters which pertain and are vital to the administration and training of the guard as a whole. The authorized three days will not permit any consideration of minor questions or personal grievances.

All officers of the guard will be furnished transportation from home station and return, and a per diem allowance of seven (7) dollars per day is allowed, which must cover sleeper, parlor car seat, hotel and meals.

The Quartermaster will issue the necessary transportation requests, and will prepare the pay rolls covering the actual school period, and allowing one (1) day from home station to Des Moines, and one day returning to home station.

The travel directed and the expense involved is necessary in the Military Service of the State.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

PART XI

Annual Camps and Field Training 1922 and 1923

1922 ANNUAL CAMP OF INSTRUCTION AND FIELD TRAINING

Camp Dodge, Iowa, August 14 to 28 Inclusive

Camp Knox, Kentucky, August 6 to 20 Inclusive

Encampment Letter No. 1.

April 5, 1922.

From: The Adjutant General of Iowa.

To: The U. S. P. & D. Officer, Iowa National Guard.

Subject: Annual Encampment, 1922, Iowa National Guard.

1. The annual encampment of the Iowa National Guard will be held at Camp Dodge, from August 14th to 28th, inclusive, subject to authority from the War Department and the desires of the Governor of Iowa. The entire Guard will mobilize at Camp Dodge, with the exception of the Artillery units, these units will go into camp at Camp Knox, Kentucky.

2. It is contemplated that Officers and enlisted men of State Staff Corps and Departments, officers and enlisted men of Brigade Headquarters, all Regimental and Field Officers, Commanding Officers, and mess sergeants only of medical units, and mess sergeants and cooks of all other units, except service companies and troops, will be mobilized four days immediately preceding the dates of the camp. Officers and enlisted men of all service companies and troops, less bands, will be mobilized three days immediately preceding the camp dates, and will be retained one day immediately following the close of the camp.

3. Under the provisions of par. 557, N. G. R. you will prepare for the Governor's signature, requisitions for necessary funds to defray the cost of the camp. In this connection, your requisition will include and cover:

State Staff Corps and Departments.

Brigade Headquarters and Headquarters Company.

2 Regiments of Infantry.

1 Regiment of Cavalry.

to and from Camp Dodge, Iowa.

Battalion Headquarters and Combat Train 155 mm. F. A.

1 Medical Detachment 155 mm. F. A.

2 Batteries 155 mm. F. A.

to Camp Knox, Kentucky and return. Meals in kind will be furnished the troops while enroute to mobilization point at Camp Dodge, and re-

turn to home station, but it will be impracticable to furnish meals in kind for artillery units mobilizing at Camp Knox, Kentucky, consequently, you will therefore anticipate the maximum computed allowance in lieu of the necessary travel ration.

4. In addition to the above, you will cover in your general estimation, the following:

- Preparation of Camp Grounds and buildings for Camp.
- Preparation of Motor Transportation.
- Hire of horses to mount officers and certain enlisted men.
- Gasoline and oil for Motor Transportation.
- Kerosene for lights on trucks.
- Ice.
- Coal for Cooking.
- Forage for Hired Animals.
- Forage for Cavalry.
- Veterinary Supplies.
- Transportation, and Forage for Private Mounts of Officers.
- Water and Light.
- Telephone Service.
- Preparation of Range for Firing.
- Garbage Disposal.

5. An early accomplishment of the details indicated herein is desired and immediately on completion thereof, it will be submitted.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 2.

April 6, 1922.

From: The Adjutant General of Iowa.

To: The Senior Instructor, Iowa National Guard.

Subject: Training Schedule for Annual Encampment.

1. You are advised that the next annual encampment of the National Guard of Iowa, will be held, subject to the approval of the War Department, and the desires of the Governor, at Camp Dodge, Iowa, August 14th to 28th, inclusive, with the exception of the Field Artillery, the dates for which will be announced later, to Camp Knox, Kentucky.

2. The entire Guard will mobilize at Camp Dodge, with the exception of the Artillery units, which units will be sent to Camp Knox, Kentucky. Officers and enlisted men of the State Staff Corps and Departments, officers and enlisted men of Brigade Headquarters and Headquarters Company, all Regimental Field and Staff officers, the commanding officers and mess sergeants only of Medical Detachments, and all mess sergeants and cooks of all organizations, except Service Companies and Troops, will mobilize four days immediately preceding the Camp dates. Officers and enlisted men of Service Companies and Troops, less band, will be mobilized three days immediately preceding the Camp dates, and be retained one day immediately following close of Camp period.

3. It is requested that you kindly prepare a training schedule for the approval of the Corps Area Commander, and forward same to this office,

at your earliest convenience. It is desired that this schedule be prepared separately to cover Infantry, Cavalry, and Artillery.

4. In this connection, you are advised that this department desires that 8 hours instruction be given daily, and that 5 days of the camp be devoted to target practice.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 3.

April 6, 1922.

From: The Adjutant General of Iowa.

To: The Governor of Iowa.

Subject: Annual Camp of Instruction, 1922, Iowa National Guard.

1. This department is preparing the estimates covering Camp of the Iowa National Guard for this year, and it is also important that the dates of the Camp be indicated to the War Department. I am asking the Governor to advise me of his desires in this connection, recalling that he expressed himself last year, as particularly desirous of holding this year's Camp at such time as would co-ordinate with State Fair dates. There is much in favor of such a program, and I personally, can see the wonderful opportunity it would present, in giving the people of this state a chance to see the National Guard in action.

2. There are however, many serious obstacles in the way of accomplishing our desires:

First: The dates of the Camp must not extend beyond the time which would interfere with the opening of the school year, as many of the National Guard members are in schools and colleges.

Second: The War Department would not consent to any interference or interruption with the training schedule prepared for the troops during the 15 days allotted.

Third: If it is contemplated having the troops appear on the Fair Grounds, it would be necessary to hold them over an additional day, at no expense to the Federal Government. This expense, based on the attendance at Camp last year, would be approximately, eighteen thousand dollars, covering transportation from Camp Dodge to Fair Grounds and return, pay and subsistence, gasoline, oil, forage, etc., and would have to be defrayed by the State or the Fair Association.

3. I am informed that the first program day at the Fair will be August 25th, in which event, it would be possible, subject to approval of the War Department, to arrange the Camp dates as August 14th to 28th, inclusive, and hold Governor's Day and Review, on Saturday, August 26th, in this way gives everyone a chance to be at Camp for the big day.

4. Your reply will govern my recommendation to the War Department, in reference to Camp Dates, training schedule, etc.

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 4.

April 6, 1922.

From: The Adjutant General of Iowa.

To: The Commanding General, 7th Corps Area, Fort Crook, Neb.

Subject: Annual Encampment, 1922. State Staff Corps and Departments, 67th Infantry Brigade, and 113th Cavalry, Iowa National Guard.

1. Under the provisions of paragraph 508, National Guard Regulations, authority is requested to hold a fifteen day field training camp for the National Guard of Iowa, at Camp Dodge, from August 14th to 28th, inclusive.

2. In this connection, authority is also requested to mobilize the officers and enlisted men of the State Staff Corps and Departments, the officers and enlisted men of Brigade Headquarters and Headquarters Company, all Regimental Field and Staff officers, Commanding officers and mess sergeants, Medical Detachments, all mess sergeants and cooks, four days prior to the commencement of the camp. Authority is also requested to mobilize the officers and enlisted men, less band, of all Service Companies and Troops, three days prior to commencement of the camp, and retain them one day immediately after camp.

3. Requisitions for funds covering the encampment, are being prepared for the signature of the Governor, and will be forwarded immediately on their completion.

4. The training schedules, as prepared by the Infantry and Cavalry Instructors, will be forwarded to your headquarters, immediately on completion.

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 5.

April 6, 1922.

From: The Adjutant General of Iowa.

To: The Commanding General, 7th Corps Area, Fort Crook, Neb.

Subject: Annual Encampment, 185th Field Artillery, Iowa National Guard.

1. Under the provisions of par. 508, National Guard Regulations, authority is requested to hold a fifteen day field training camp for Battalion Headquarters and Combat Train, Medical Detachment, and Batteries "A", and "B", 185th Field Artillery, Iowa National Guard at Camp Knox, Kentucky, July 25th to August 8th, inclusive.

2. In this connection, it is requested that an additional four (4) days be added to the period, to cover travel from home stations and return.

3. It being impracticable to furnish meals in kind, authority is requested to anticipate the maximum computed allowance in lieu of the necessary travel ration.

4. It is desired that these Artillery Organizations be permitted to leave all fire control equipment, transportation and 155 mm. material at home station, and if possible, have this equipment furnished at Camp Knox, and the organizations travel with only individual and personal equipment. It is also desired that authority be granted for this organization to take their Dodge light repair truck, as last year they were handicapped on account of no transportation of this nature being available for use.

5. Requisition for funds covering this tour of duty is being prepared for the signature of the Governor, and will be forwarded immediately on completion.

6. Preparation of training schedule has been requested of Senior Instructor.

Louis G. Lasher, the Adjutant General.

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 7.

April 19, 1922.

From: The Adjutant General of Iowa.

To: All Organization Commanders.

Subject: Annual Encampment—Iowa National Guard.

1. The recommendation of this department to hold the annual field training Iowa National Guard at Camp Dodge, Iowa, August 14th to 28th inclusive, has been approved by the Military Bureau under date of April 11, 1922, provided funds therefor are made available. This authority applies only to State Staff Corps and Departments, 67th Infantry Brigade, and 113th Cavalry, Iowa National Guard.

2. It is suggested that you keep a special file on your desk, of all *Encampment Letters* from this office, as it is contemplated issuing all orders and instructions relative to the Camp by letter, it being more comprehensive, and permits more detail instructions.

3. *Officers:* All vacancies for Commissioned Officers must be filled before Camp period. There remains ample time to accomplish this before Camp, and also permit you to make careful selection. It is urged that this selection be made from the enlisted men of your organization,

who possess the necessary qualifications. In this connection it is desired to emphasize that every member of your organization should be encouraged to look forward to ultimate promotion to the grade he is qualified to hold.

4. *Uniform and Equipment*: All officers must provide themselves with complete arms, equipment, and clothing as prescribed by *Uniform Regulations*.

5. *Appointment of Non-commissioned Officers*: If all non-commissioned officers authorized your organization, have not been appointed by regimental order, you will without delay, submit a letter to your regimental commander, requesting appointment of each non-commissioned officer authorized for your unit. This will include sergeants and corporals only. First sergeants are appointed from sergeants by *company order*. Cooks, buglers, saddlers, and first class privates, are appointed by *company order*.

The appointment of each non-commissioned officer and specialist, such as cook, bugler, etc. will be noted on page 5 of the service record, in the space provided, indicating therein, the date of appointment, and quoting the paragraph, number, source and date of the order authorizing the appointment.

6. Attention is directed to Circular Letter No. 29, W. D. M. B. dated April 10, 1922, especially to pars. 4 and 5, which will absolutely govern attendance at camp.

7. Records: You will be required to bring the following records, office equipment and supplies.

Typewriter	Carbon paper
Steel File Cases	Letter Heads
Field Desks	Envelopes
Pencils	Service Records of all enlisted men
Pens and Ink	Enlistment papers of all enlisted men
All Training manuals issued to you	
Typewriter paper	

List of all Officers and enlisted men attending Camp, in duplicate.

List of all Officers and enlisted men absent from Camp, with statement as to cause of absence, in duplicate.

Your morning report will show the number and grade of officers and enlisted men, under remarks, on right hand side of report. On last page of report under "Record of Events," will be shown the date and hour of departure from home station and arrival at camp.

8. *Personal Equipment*: In addition to equipment issued and required by regulations, each officer and enlisted man will bring:—Brush and comb, tooth brush and paste, hand and bath towels, toilet soap, small mirror, shaving set and bathing suit. The huge concrete swimming pool, 300x150 ft. will be available this year. It will be operated under rigid rules and regulations, and one of the rules which will be strictly enforced, is that all who use the pool, must have a bathing suit or trunks.

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 8.

April 27, 1922.

From: The Adjutant General of Iowa.

To: U. S. P. & D. O.

Subject: Estimates for funds Annual Camp 1922.

1. In reference to Encampment Letter No. 1, you are advised that the period August 14th to 28th, inclusive, is actual camp time. In making your estimates covering pay and subsistence, you should therefore, add two additional days covering one day travel to and one day travel from Camp Dodge, Iowa. The same procedure should be followed in reference to the Artillery units ordered to Camp Knox, Kentucky, except that four days additional should be added, allowing two days from home station to Camp, and two days returning to home station.

2. In addition to the troops indicated in *Encampment Letter No. 1*, the Militia Bureau advises that an advance and retained detachment to be utilized for the purpose of preparing and breaking camp may be sent to camp two days in advance of the regular camp and the retained detachment may be retained two days after the camp. These detachments should not exceed in number one officer below field rank, and 20 enlisted men. Therefore, estimates should be prepared covering the detachments referred to, in addition to the regular camp, and the four days camp of instruction, immediately preceding the regular annual camp.

3. The plan, as outlined in the last sentence of paragraph two, *Encampment Letter No. 1*, is altered, insofar as it refers to the units mentioned therein, being mobilized. In lieu thereof, those units referred to will be mobilized for the full four (4) days immediately preceding the regular camp period, allowing one day in addition to reach camp. The additional day to return to home station will be figured in addition to their regular camp period.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 9.

From: The Adjutant General of Iowa.

To: The Senior Instructor Iowa National Guard.

Subject: Correction: Encampment Letter No. 2.

1. The following correction is made in above mentioned letter:

Paragraph One—The dates, August 14th to 28th inclusive, will be the actual camp period for troops ordered to Camp Dodge, an additional two days will be allowed to cover travel to and from Camp Dodge. The Field Artillery will go to Camp Knox, Kentucky, August 6th to 20th inclusive, for actual training period, four additional days will be allowed to cover travel to and from Camp Knox.

Paragraph Two—The last sentence of this paragraph is rescinded, and the units mentioned therein will mobilize at the same time as all other units indicated in the paragraph referred to.

NOTE: In addition to the organizations mentioned in Letter No. 2, authority has been granted to send an advance and retained detachment, consisting of one officer, below the grade of Field Officer, and twenty

enlisted men for the purpose of preparing and breaking camp. This detachment will be sent to camp two days in advance, and will be retained two days after close of camp.

By Order of the Governor:

April 27, 1922.

From: The Adjutant General of Iowa.

To: All Field Artillery Officers, Iowa N. G.

Subject: Annual Camp Field Artillery, Iowa N. G. for 1922.

1. The recommendation of this department to hold the annual field training for Artillery units, Iowa National Guard, at Camp Knox, Kentucky, August 6th to 20th inclusive, and four days additional to cover travel, to and from Camp Knox, has been approved by the Militia Bureau, provided funds therefore are made available.

2. No equipment other than personal will be required, as all training equipment, quarters, cots, kitchen utensils, rations, etc., will be furnished at Camp Knox.

3. All Battery Commanders and Officers of the Iowa Artillery organizations will comply with paragraphs 2, 3, 4, 5, and 6 of Encampment Letter No. 7, dated April 19th, 1922.

4. Letter addressed to Commanding General 5th Corps Area, from Headquarters 7th Corps Area, dated March 29, 1922, indicates that Captain John V. D. Hume, F. A. Instructor, Iowa National Guard, and a Sergeant-Instructor will accompany the troops to Camp Knox, and that additional officers and non-commissioned officers will be provided for instruction purposes.

Subject: Suggestions.

1. Pursuant to Encampment Letter No. 7, announcing receipt of authority and the dates for the Annual Camp and Field Training, Iowa National Guard, it is desired to emphasize to each individual officer that he has a duty to perform in connection therewith, beyond that of merely following rules and regulations. It is therefore suggested that each officer keep this Camp in mind, and inject his own individual efforts and personality into a campaign of missionary work at the home station. In addition, it is suggested that all Commanding Officers of organizations, assemble their officers at once, and devise a plan to present the matter of the camp to the various commercial organizations of the community, with a view toward obtaining their support and co-operation in approach-

ing employers of members of the National Guard on the subject of granting such employees the time covering Camp period without loss of pay, or at least agree to pay the difference between what they would earn in their employ, and what the man would receive from the Government during camp.

2. Select your most reliable non-commissioned officers, and include them in your conferences, have them sound out the men in reference to the attitude of parents and employers, and when it is evident some antagonism exists, make it a point to have an officer meet the employer, or parent as the case may be, and change their unfavorable attitude to a favorable one. Many times a misunderstanding exists, which can be entirely eliminated by personal contact, and proper presentation of facts. Keep before the men that the annual camp is the final analysis of their armory work, and that at camp they will be able, by contact with troops, from other parts of the state, to see with their own eyes, other men doing those same things they have been trained to do, and in this way draw a comparison, and profit accordingly.

3. Appoint one of your officers as publicity agent for your organization, and see that he keeps up a persistent campaign of publicity in your local papers. Make the material he submits, snappy and interesting, and on subjects which will attract and hold the attention of your home folks.

4. Your annual armory inspection has just been completed and the reports submitted to the War Department by the Inspectors, have been received by this department. You are all to be congratulated, and while there are irregularities and discrepancies, which must be corrected, the improvement and average showing made by the Guard of this State, is above the average and receives high praise from all administrative officers.

In view of the increased importance of the National Guard as a medium of National Defense, and inasmuch as the people of this Country are firm believers in *Citizen Soldiers*, and not professional soldiers, I take the liberty of again requesting and urging the active co-operation and support of your organization, to the end that this year's camp may be more successful than last.

The assistance which a commercial organization, with its numerous departments, is able to give to a proposition such as this, may be briefly stated:

(1) Obtain the support of every employer in your community, to the extent they will encourage their employees to join the Guard. Encourage these same employers to pay the men in their employ, who are National Guard men, for the Camp Period, or at least pay the difference between what they draw from the Government, and what they would ordinarily earn.

(2) Your organization can do more to correct any feeling of antagonism, which may exist in the minds of parents, or employers, than any other organization, if it will but make the effort.

I will not take up your time in detailing the advantages the young men of your community derive from membership in the National Guard, nor will I deal with the financial return derived by the community from state allowances, pay, and armory rents, etc., you already know, or should know those things, from personal contact and observation, but I do ask, and I do urge, that you make a special effort to co-operate with the commanding officer of your local National Guard unit, and help him at this time, as well as at other times.

May I suggest that you call in the officers of the organization located in your city, and have them give you their views on the matter, and extend to them your support of any constructive plan they may present.

Very sincerely yours,

Louis G. Lasher, the Adjutant General.

Subject: Co-operation with Commercial Club of your City.

1. There is enclosed herewith copy of letter forwarded to the President of the Commercial Club of your city, which is self-explanatory. It is desired that you confer at once with this gentleman with a view to obtaining his assistance in building a more cordial and co-operative relation between the business men of your city and your company.

2. It is especially desired that you bend all energy toward taking your company to camp with at least its minimum commissioned and enlisted strength. This can be best accomplished by having the business men of your city urge and otherwise encourage all members of your company to attend camp.

3. Now is your opportunity to accomplish some excellent results along this line, that will not only serve to make the camp a success, but will establish a precedent in your city that may be of assistance to the Guard for many years to come. It is hoped, therefore, that you, by diplomacy, perseverance, and resourcefulness, will leave no means unused that might serve to the advantage of your company in particular, and the Guard in general.

Subject: Mobilization; General information and instructions.

1. The following is published for your information, and is final, provided the Militia Bureau does not withdraw the authority received by this department.

(a) Officers and enlisted men, State Staff Corps and Departments, Officers and enlisted men of 67th Infantry Brigade Headquarters and Headquarters Company, all Regimental and Field Officers, 67th Infantry Brigade and 113th Cavalry, Commanding Officers and one sergeant (to act as mess sergeant) of each medical unit, mess sergeants and cooks of all companies and troops, and Officers and enlisted men, less band, of all service companies and troops, will mobilize at Camp Dodge, four days immediately preceding the regular camp, for camp of instruction, one day additional will be allowed for travel to Camp Dodge.

(b) An advance and retained detachment, to be utilized for the purpose of preparing and breaking camp, will be sent to camp two days in advance, and be retained two days after close of camp. These detachments will not exceed in number, one officer below field rank, and 20 enlisted men, they will be ordered to duty by this department.

(c) The Field Artillery Units, Iowa National Guard will mobilize for annual camp at Camp Knox, Kentucky, August 6th to 20th, and in addition, four days will be allowed to cover travel to and from Camp Knox. These organizations will take only personal equipment, as all training equipment, quarters, cots, kitchen utensils, rations, etc., will be furnished at Camp Knox.

(d) The regular 15 day annual camp and field training for State Staff Corps and Departments, 67th Infantry Brigade and the 113th Cav-

alry, Iowa National Guard will be held at Camp Dodge, Iowa, during the period August 14th to 28th, inclusive, two days additional being allowed to cover travel to and from Camp Dodge, except those officers and enlisted men attending the camp of instruction immediately preceding the regular camp, who will be allowed one day additional to return to home station. The day allowed to cover travel to camp being covered in transportation to Camp of Instruction.

(e) Authority has been requested for the detail of 15 regular army officers, and 15 regular army sergeants, as instructors for Infantry, Cavalry, and Medical Units, and also in special arms of the Service.

(f) *Important:* The final Order designating *Camp Commander*, troops ordered to Camp, and dates of camp, will be issued by this department. *Orders covering Departure from Home Station; Transportation, Travel Orders, Uniform to be worn, equipment to be carried by officers and men enroute*, and all other necessary orders pertaining to the prompt and efficient handling and control of the troops of your command, will be issued from your headquarters.

Subject: Typhoid Inoculation and Vaccination for Smallpox.

1. You are directed to furnish this department at once, with the names of two (2) civilian doctors at your home station, who were in the Military Service during the World's War, and who in your judgment would be willing to give the Typhoid inoculation and vaccination for Smallpox, to the officers and men of your command. One of these doctors will be chosen upon the recommendation of the Chief Surgeon. *Please do not mention this to either of the men you recommend*, in order not to offend the one not chosen. *Be sure to recommend those whose standing in the community is good and one who will use tact and diplomacy with the men.*

2. It is desired that every man receive this treatment, but it is not desired that force be used in attaining the result, but it is believed it can be accomplished by the commanding officer and the doctor explaining fully to the men, the benefits of such treatment, and by getting your most reliable non-commissioned officers in the proper frame of mind beforehand. This treatment can be accomplished by having it given Saturday evening, or Sunday morning, and *you may count it a regular drill.*

3. Should there be a National Guard Medical Officer stationed at your home station, he will accomplish the treatments under the direction of the Chief Surgeon.

4. This department will furnish the necessary virus and serum, but the doctor will furnish the necessary needles, etc.

5. The Chief Surgeon has recommended that a fee of \$1.00 per man be allowed for complete treatment.

6. Attached hereto is a brief statement to be read to the men, which will disabuse their minds that any danger exists in taking the treatment, and also points out the benefits derived by taking advantage of the opportunity thus presented.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

TO BE READ TO THE COMMAND

It has been proven without any question of doubt that vaccination for smallpox and inoculation for typhoid fever will practically prevent these

two dread diseases, which have always taken such a heavy toll in all wars and all mobilization of troops previous to the World's War.

There were thousands of deaths from typhoid fever during the Spanish-American War, the plague stricken camp of Chickamauga and Jacksonville are still vivid in the minds of those of us who were in the Spanish-American War.

Then came improved camp sanitation and typhoid inoculation with the result that during the period of the mobilization of the Regular Army, and the National Guard on the Mexican Border, 1911-16, there was not a single death from typhoid fever.

During the World's War with four million American troops engaged, there were only a few cases and practically no deaths from typhoid fever; this was not an accident in either case but was due to the fact that the men were immune from typhoid fever.

Young men are more liable to contract typhoid fever than middle-aged or old men and for that reason, every young man should have a typhoid inoculation which will render him immune from contracting the said disease.

There is no danger nor any bad effects resulting from typhoid inoculation, sometimes there is a slight headache or pain in back and legs, but this lasts for only a few hours, however it is better that no active exercise be indulged in for from twelve to eighteen hours; therefore the giving of the inoculation on Saturday evening or Sunday morning is desirable so that there need be no loss of time from work.

Note: Encampment Letters 1-2-3-4-5-6-8-9-10-14-15-16-17 will not appear in files of Infantry or Cavalry organizations. Encampment Letter No. 10 appears in files of Artillery Organizations only. Encampment Letter No. 14 appears in file of Regimental and Separate Battalion Commanders only.

Encampment Letter No. 19.

May 12, 1922.

From: The Adjutant General of Iowa.

To: The Commanding General 7th Corps Area, Fort Crook, Nebraska.

Subject: Requisition for funds covering Field Training, Camps of Instruction, etc., Iowa N. G., 1922.

1. In reference to Encampment Letters No. 4 and 5, dated April 6, 1922, there is submitted herewith request from the Governor of Iowa, for funds, covering 15 days field training for:

State Staff Corps and Departments

Headquarters 67th Infantry Brigade

133rd Infantry

168th Infantry

113th Cavalry

at Camp Dodge, Iowa, August 14th to 28th inclusive.

185th Field Artillery

at Camp Knox, Kentucky, August 6th to 20th inclusive.

2. The estimate also includes the following:

Four day camp of instruction for selected officers and enlisted men, August 10th to 13th inclusive at Camp Dodge.

Advance and Retained Detachments of one Captain and 20 enlisted men each, two days before camp and two days immediately after close of camp at Camp Dodge.

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 20.

May 17, 1922.

Subject: Instructors and Sergeant Instructors.

To: All Organization and Unit Commanders, Iowa National Guard.

1. This department has been advised by Circular Letter No. 39, War Department, M. B., May 9, 1922, that in view of the limited amount of funds that will probably be appropriated for the fiscal year 1922, it is desired that Instructors and Sergeant-Instructors, ordered to attend National Guard encampments, should arrange to subsist with the officers and enlisted men's mess, of the National Guard organization to which assigned, and that they will be allowed only their pro rata cost of such mess accommodations while on duty at the encampment.

2. In view of the necessity as indicated, it is directed that all organizations, to which Instructors and Sergeant-Instructors are assigned, will make a special effort to provide mess and quarters for the officers and non-commissioned officers of the regular establishment detailed to duty with the troops of this state during the annual encampment this year.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

Subject: Typhoid Inoculation and Vaccination for Smallpox (2nd Letter).

To: All organization and unit commanders, Iowa N. G.

1. Right (8) organization commanders of the 132d Infantry have answered Encampment Letter No. 18.

Seven (7) organization commanders of the 168th Infantry have answered Encampment Letter No. 18.

Five (5) organization commanders of the 113th Cavalry have answered Encampment Letter No. 18.

All of the organization commanders of the Field Artillery have replied to Encampment Letter No. 18.

2. It should not be necessary to write a second time to any officer of the Iowa National Guard, when making a specific request. In this particular case, it is not understood why prompt reply has not been forthcoming, and no excuse will be considered.

3. Those organization commanders who have not complied with the provisions of *Encampment Letter No. 18*, are directed to do so immediately.

Encampment Letter No. 24.

July 3d, 1922.

Subject: Letter from Governor N. E. Kendall.

To: All Organization and Unit Commanders, Iowa N. G.

1. The following letter is published for the information of the National Guard of Iowa, and it is desired that this letter be read to the members thereof, and published broadcast:

"Executive Department
 State of Iowa,
 Des Moines

June 28, 1922.

General Louis G. Lasher,
 State House,

Des Moines, Iowa.

My dear General:

In view of the fact that the annual camp period, 1922 of the Iowa National Guard is rapidly approaching, I desire to show my appreciation of the interest in rifle range work demonstrated by the members of the Guard at last year's camp, and as an encouragement toward greater interest in this most important and essential part of the training of a soldier, I desire that you publish to the National Guard of this State, that I have posted \$100.00 to be used in the procurement of a suitable trophy to be awarded to the company or troop which makes the best record on the rifle range during the 1922 camp period.

The conditions under which this award will be made are to be under such rules and regulations as may be promulgated from your department.

N. E. KENDALL,
 Governor, and Commander in Chief."

2. The rules governing the award of this trophy are as follows:

The Company or Troop making the highest per cent over the record course, as prescribed in rifle marksmanship, based on the total commissioned and enlisted strength of the organization, as shown on the records at the commencement of the camp, will receive and hold the trophy for one year. This trophy will be shot for at each succeeding year's camp, and will be known as the "Governor N. E. KeKndall Trophy."

3. It is desired that each unit of the Guard of this state attending camp at Camp Dodge this year, make an effort to get into the game and win this trophy.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

HEADQUARTERS IOWA NATIONAL GUARD
ADJUTANT GENERAL'S DEPARTMENT, DES MOINES

Encampment Letter No. 25.

July 5, 1922.

Subject: Encampment Expense.

To: Brigade and Regimental Commanders.

1. The following letter from the Chief, Militia Bureau, is published for your information:

"WAR DEPARTMENT
MILITIA BUREAU,
Washington

MB-354.1—Iowa

July 1, 1922.

Subject: Encampment Expense.

To: The Adjutant General of Iowa.

1. Owing to the limited amount of funds appropriated for National Guard encampments as passed by Congress, and now pending approval by the President, I have to advise you that it will be necessary to eliminate all four day schools, state competitions or rifle camps of instruction, and items of horse hire included in 15 day camp estimates for the fiscal year, 1923.

2. It is requested that this Bureau be advised by indorsement hereon, at the earliest practicable date, if any amount of funds for such was included in estimates submitted and if so what amount can be cancelled from the reservations made on the books of this Bureau.

3. It is requested that steps be taken to cancel any orders issued in connection with 4 day schools or any other obligations that may have been incurred in connection with such items, and the report submitted should show the amount that can be cancelled by items as transportation, bills of lading, pay, subsistence, travel rations, horse hire and incidentals.

4. The original estimate of the Militia Bureau for the appropriation bill for 1923 so far as the particular item "Expenses, camps of instruction" (from which all the above classes of expenditure are paid) is concerned, was \$12,000,000. The item as contained in the Budget estimates of the War Department was \$8,000,000. During the months succeeding the submission of the estimates, the National Guard developed to the extent that its present strength is approximately 155,000. In defending the estimates before Congressional Committees, this Bureau strongly urged that the appropriation be not less than \$9,500,000 for expenses of camps, which, under present and prospective conditions, would have provided for the requirements of the National Guard in this matter. It is believed that growth will be accelerated during the summer months and that the average strength during the encampment periods will reach at least 160,000. It is further believed that about ninety per cent of this strength will attend the encampments, i. e., about 145,000. The average cost per individual (officers and enlisted men) for the 15 day encampments for the fiscal year 1922, was \$56.26, and this amount will be increased by the new Army Pay Law. Multiplying this past aver-

age cost by the anticipated attendance of about 145,000, makes a total cost of \$8,157,000. The appropriation provided by Congress is \$8,100,000. If the estimated attendance of ninety per cent of the actual strength is fairly correct, it will be seen that the appropriation provided will be consumed by the expenses of 15 day encampments and leave no funds to provide for the expenses of sending rifle teams to the National Matches of 1922, for the holding of State rifle competitions, and for rifle camps of instruction. The elimination of the item of horse hire is necessary in view of the possible excess of 15 day camp expenses over the appropriation and because of the closeness of the anticipated expenses to the amount of funds provided. If, however, the actual attendance should be appreciably less than the above estimate of ninety per cent of the strength, the resulting savings in funds may permit of application of the resulting savings to the rifle camps of instruction, etc., but this cannot be determined until after the 15 day encampments are over. The Militia Bureau desires that preference shall be given to the 15 day encampments and will apply the funds with that end in view, giving all the States opportunity to participate in such encampments on an equal basis, and will apply any resulting savings in the fund to the other purposes which, for the present, must be held in abeyance.

5. The prompt return of this communication with the report called for in paragraph 3 above is requested.

Geo. C. Rickards,
Major General,
Chief, Militia Bureau."

2. In view of the above letter, the Adjutant General immediately conferred with the Governor, and has obtained authority to contract for the hire of a limited number of animals for the camp at State Expense.

3. Pursuant to this authority, the following will be authorized:

1 Mount for Brigade Commander.

1 Mount for Brigade Adjutant.

1 Mount for Chief Surgeon.

1 Mount each for Regimental Commanders of 133rd and 168th Infantry.

1 Mount each for Regimental Adjutants of 133rd and 168th Infantry.

1 Mount each for Majors Commanding Battalions of 133rd and 168th Infantry.

1 Mount each for Battalion Adjutants of 133rd and 168th Infantry.

1 Mount each for 10 orderlies.

Subject: Transportation Requests.

To: United States Property and Disbursing Officer, Iowa.

1. You are advised that letters of inclosure for transportation re-

quests to be used by individuals and organizations of the National Guard of Iowa, for travel to annual encampment, will be prepared in advance by your office. These letters will be properly addressed to the officers concerned in order that the transportation requests may be attached immediately on receipt of authority to do so, and mailed sufficiently in advance of camp period to insure receipt by the addressee.

2. It is desired that transportation requests and ration allowance affecting the Artillery units ordered to Camp Knox be forwarded not later than August 3, 1922, and those affecting other units of the Guard ordered to Camp Dodge, be forwarded not later than August 10, 1922.

July 27, 1922.

Subject: Annual Camp, Iowa N. G., 1922.

To: Lt. Col. Wilbur S. Conkling, Chief Surgeon, Iowa N. G.

1. Letter "Encampment No. 7," dated April 19, 1922, indicates the dates of the Annual Encampment for the State Staff Corps and Dept., 67th Infantry Brigade and the 113th Cavalry.

2. In this connection, you are advised that the procedure followed at the 1921 camp, in reference to the establishment of a camp hospital, will be authorized this year, except that the newly organized Ambulance Company will provide the necessary commissioned and enlisted personnel to replace the doctors and assistances employed at state expense last year.

3. You will, however, employ the necessary female nurses which in your judgment will be required, at state expense. Pay rolls covering all civilian nurses will be prepared on state pay roll blanks and forwarded for payment by the state.

4. You will confer with the Adjutant General on any matter pertaining to this subject, whenever you are in doubt, otherwise you will proceed with full authority.

HEADQUARTERS IOWA NATIONAL GUARD
ADJUTANT GENERAL'S DEPARTMENT, DES MOINES

Encampment Letter No. 28.

July 28, 1922.

Subject: Annual Encampment 1922—Preparations to be made.

To: All organization Commanders, Iowa National Guard.

1. The same quarters occupied by the troops at Camp Dodge, last year, will be occupied this year, with the exception of the Cavalry units, which will occupy the buildings used by the Nebraska troops in

1921. All officers will be issued cots, but no other furniture for the rooms will be furnished. Officers will bring with them their bedding roll, and other furniture, such as camp chairs, mirrors, rugs, etc., for use in their rooms, as they desire, but keeping within the baggage allowance of 150 lbs.

2. Line officers will mess with their companies in the company barracks, and they will include as part of their baggage, such dishes, and table ware as will be necessary for their mess. In each regiment under the direction of the regimental commander, will be a regimental mess for the Field and Staff. This paragraph is subject to any change the regimental commander may order.

3. Companies will be assigned, one company to a barrack, except Battalion and Squadron headquarters companies and troops, and the regimental medical detachments. The organizations last mentioned will double up in barracks. Company barracks will be furnished with cots for each man. Don't neglect to bring your bed sacks, the cots are mighty uncomfortable without them. Each barrack contains a kitchen with coal cooking range, which eliminates the necessity for bringing your field ranges, unless the coal shortage forces the use of wood, in which event orders will be issued accordingly.

4. It will be necessary to disconnect every other row of bath houses, which will cause some little inconveniences, but in view of the other facilities provided it should be met cheerfully.

5. The huge swimming pool is completed, as is also the bathing pavilion, which will afford swimming as well as bathing facilities. This pool is 350 ft. long and 150 ft. wide, 9 ft. deep at one end and 2½ ft. deep at other end. Every man coming to camp should bring his bathing suit, otherwise he will not be permitted in the pool.

6. Cooks must bring plenty of dish cloths, scrubbing brushes, mops and brooms. No excuse will be considered for not keeping clean and orderly kitchens, and mess halls. Each organization will bring their own garbage cans, as none will be issued at Camp.

7. All garbage must be kept clean and free from tin cans, and glass, or any other material except purely kitchen leavings, otherwise the contractor who removes it will refuse to take it away, and the company commander will be required to dispose of it at his own expense.

8. Every effort is being made to make the camp a comfortable and pleasant place to live in, but the buildings have suffered considerable damage the past year from storms and other natural causes, and as they are to be wrecked immediately after camp, no attempt to improve them will be made. This is the last year you will occupy these buildings and it is hoped to have at least one regimental area completed by camp time next year.

August 3, 1922.

Subject: Instructors and Sergeant Instructors at Annual Camp.
To: All organization Commanders.

1. The following named officers and non-commissioned officers from the Regular Army have been detailed for duty with the Iowa National Guard, during the annual Field Training at Camp Dodge, August 14 to 28th inclusive.

OFFICERS

Name and Rank	Arm
Lt. Colonel William Cornell.....	Cavalry
Lt. Colonel William H. Patterson.....	Infantry
Lt. Colonel Ray R. Shook.....	Medical Corps
Captain Harry L. Branson.....	Cavalry
Captain Harold W. Galliett	Infantry
Captain Frank A. Keating.....	Infantry
Captain David Loring, Jr.	Infantry
Captain Nels E. Stadig.....	Infantry

NON COMMISSIONED OFFICERS

Name and Grade	Arm
Technical Sergeant Andrew G. Cumps.....	Infantry
Sergeant Walter W. Cooper	Infantry
Sergeant Frank Cervenka	Cavalry
Sergeant Harry F. Davidson	Cavalry
Sergeant Fred Fenner	Cavalry
Sergeant William Harvey	Infantry
Sergeant Perry J. Koffey	Infantry
Sergeant Jesse F. Rhodes	Infantry
Sergeant Irvan R. Tomes	Infantry

2. The above personnel is somewhat larger than last year, and it is hoped we will receive the benefits desired. The five Infantry Captains are recent graduates from Camp Benning, and are full of pep and enthusiasm, in addition they will come to the Iowa Camp, fresh from National Guard Camps of other states, which will give us a chance to profit, through them, by the errors of others.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

IMPORTANT

August 5, 1922.

Subject: Encampment Letter No. 14, dated May 2nd, 1922.
To: All Regimental Commanders, Iowa National Guard.

1. Your attention is directed to sub-paragraph (f), of the above mentioned letter (copy enclosed).

2. Judging from correspondence received by this department from unit commanders throughout the State, it would appear that no orders have been issued from Regimental Headquarters, covering the mobilization of your organization. The necessary orders should cover:

Departure from home station

Train orders

Uniform to be worn

Extra uniforms to be taken

Equipment to be carried by officers and men

Records to be taken

And such other orders as will insure prompt and efficient handling of your command to and from Camp Dodge.

3. Each Regimental Commander will be held responsible for the proper handling of their organization to and from Camp.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

ADJUTANT GENERAL'S DEPARTMENT, DES MOINES

ENCAMPMENT LETTER NO. 31

August 7, 1922.

Subject: Final Instructions covering Encampment.

To: All Regimental Commanders, Iowa National Guard.

1. No organization will be excused from attendance, without special authority from the Secretary of War.

2. All organizations will depart from their home stations at such time as will enable them to arrive at Camp Dodge before midnight, August 13, 1922.

3. Transportation requests will be furnished the Company and Troop Commanders, by this department. They will be exchanged by him for railroad tickets. Additional instructions relative to this subject, giving hour of leaving and arrival, will be attached to the transportation requests by this department.

Travel subsistence for enlisted men will not be allowed, but in lieu thereof, a full day ration will be issued on arrival at Camp. This will necessitate each man providing himself with a lunch when necessary. No allowance is authorized for expense incident to assembling men at Armory or their maintenance, other than from date of departure from home station to date of return thereto, both dates inclusive.

4. Each Regimental Commander will issue orders covering:

Travel Uniform for Officers and men

Equipment to be carried by Officers and men

Train orders

Records to be taken

And such other orders they desire, to bring their organizations into camp with the least possible confusion.

5. It is desired that the following records and office supplies be brought to Camp:

Two steel filing cases
Typewriter

Field Desks containing: Pencils, typewriter paper, carbon paper, service records of enlisted men, enlistment papers of enlisted men, morning reports, and all training manuals issued to Companies and Troops.

A list in duplicate of Officers and men attending Camp.

A list in duplicate of Officers and men absent from Camp, with a statement as to cause of such absence.

The Company or troop field desk and typewriter should be carried in the passenger coach. The morning report will show the number and grade of Officers and men, on the left side of the report, and will give the names of Officers and men under, remarks, on the right side of the report. On last page of the report under "Record of Events," will be shown the date and hour of departure from the home station and arrival at Camp.

6. Each organization is entitled to transport 150 pounds of baggage for each ticket purchased by the Government. It is desired that the full amount of this baggage allowance be utilized in shipping heavy equipment to camp. Such equipment should be packed in appropriate bundles or crates, and should include raincoats, overcoats, coats, field ranges, machine guns with accessories, ammunition and such other equipment as in your judgment might be useful.

7. Due to the coal shortage, it is possible that sufficient coal cannot be obtained to supply the entire camp period, it is therefore necessary that all organizations bring their field ranges.

8. To insure that the Company and Troop Commanders will be prepared to depart from home station at the appointed time, this department has sent *Encampment Letters* to all Organization Commanders, covering:

Records to be brought
Office supplies to be brought
Baggage allowance
Heavy equipment to be brought, etc.

9. Orders covering the other details will be issued by regimental commanders.

By Order of the Governor:

Louis G. Lasher, the Adjutant General.

Encampment Letter No. 32

August 7, 1922.

Subject: Final Mobilization Order for Encampment 1922.

To: All Organization Commanders Infantry and Cavalry, Iowa N. G.

1. Orders covering the following will be issued to the Commanding Officer of your organization by the Regimental Commander:

Train orders
Uniform to be worn

Extra uniforms to be taken to Camp

Equipment to be carried by officers and men

Such other orders as will insure prompt and efficient handling of your organization en route to and from camp.

2. This department directs that the following requests be complied with:

You will bring the following records and office supplies to camp:

Typewriter

Two steel filing cases

Field Desk containing: Pencils, typewriter paper, carbon paper, service records of enlisted men, enlistment papers of enlisted men, morning reports, and all training manuals issued to companies and troops.

A list in duplicate of officers and enlisted men attending camp.

A list in duplicate of officers and men absent from camp, with a statement as to cause of such absence.

The field desk, typewriter and filing cases will be carried in passenger coach.

3. The morning report will show the number and grade of officers and men, on the left side of the report, and will give the name of officers and men under numbers, on the right side of the report. On last page of the report under "Record of Events" will be shown the date and hour of departure from home station and arrival at Camp.

4. Each organization is entitled to 150 pounds of baggage for each ticket purchased by the Government, and will consist of wearing apparel, bed rolls, packs and personal effects. Any other equipment, such as machine guns with accessories, field ranges, saddles, and ammunitions, or any other equipment other than that listed as checkable baggage. Each organization commander will make a list of all equipment not listed as checkable, showing its weight and description, in triplicate, one list to be left with R. R. Agent at starting point, one list deliver to Q. M. on arrival, and retain one list, and bills of lading will be made to cover.

5. Each organization should bring enough overcoats to provide protection for guard details. Subject to Regimental order to the contrary, each organization will bring the wool uniform.

All organizations will bring their field ranges, as some doubt exists in reference to obtaining sufficient coal to last the camp period.

6. Strict attention:

(a) No officer is entitled to pay who has not received Federal Recognition.

(b) Enlisted men must be bona-fide members of the organization with which they are paid, or must be attached thereto by competent authority.

(c) Should any organization have less than the minimum strength prescribed, the entire organization will be disqualified for pay.

7. No organization will be excused from attendance, without special authority from the Secretary of War.

8. Transportation requests will be furnished each company commander by this department. Additional instructions relative to this subject, giving hour of departure and arrival, will be attached to the transportation requests.

9. Travel subsistence will not be allowed, but in lieu thereof a full day ration will be issued on arrival at Camp. This will necessitate each man providing himself with a lunch when necessary. No allowance is authorized for expense incident to assembling men at Armory or their maintenance other than from date of departure from home station to date of return thereto, both dates inclusive.

RECORD OF EVENTS OF CAMP DODGE, IOWA FOR THE MONTH OF AUGUST 13-29, 1922—INFANTRY

All troops who participated in the field training period departed for their home stations this day.

Camp Dodge, Iowa, August 29, 1922.

Mathew A. Tinley, Commanding.
 Brigadier General, Iowa N. G.

HEADQUARTERS CAMP DODGE

General Order No. 3 Camp Dodge, Iowa, Aug. 13, 1922.

1. Brigadier General Louis G. Lasher is hereby announced as Camp Executive.

2. The following instructions in regard to handling fires will govern for the period of this encampment.

Capt. Everett L. Pugsley, Inf., will act as Fire Marshal and the battalion and squadron adjutants as assistant fire marshals. In the absence of fire marshal and his assistants the officers of the day will act as fire marshals.

Fire guards will be maintained at all times in the fire stations overlooking the camp by the regimental commanders in whose area the stations are situated.

Every unit commander will provide suitable fire protection for buildings occupied by their command. Several receptacles containing water should always be in readiness. Owing to the inflammable character of the camp extra precautions must be taken to guard against fire.

Anyone discovering a fire will at once notify the guard in the quickest way possible. The alarm number on the telephone for a fire is 59. This number will be used at no time except in case of fire.

The sentinel on post who discovers the fire will:

- (1) Give the prescribed alarm, firing three shots.
- (2) At once proceed to the guard house and notify the commander of the guard.

The commander of the guard on learning of a fire will at once:

- (1) Telephone the alarm to the fire station.
- (2) Cause the bugler of the guard to sound fire-call repeatedly.
- (3) Notify promptly the fire station, fire marshal, assistant fire marshal and the Commanding General.

All buglers will repeat the call.

All officers will at once acquaint themselves with the location of the fire station in this camp.

3. Provost and interior guard will be under supervision of a field officer of the day. He will receive his orders from the brigade commander.

The field officers of the day will be appointed by the regimental commanders from the regiment for the following periods:

- 133rd Infantry: August 14 to 18, inclusive.
 168th Infantry: August 19 to 23, inclusive.
 113th Cavalry: August 24 to 28, inclusive.

Commanding officers of the regiments will furnish these headquarters with list of the field officers of the day and their period of duty.

4. The Commanding Officers of the 133rd Infantry, 168th Infantry and 113th Cavalry will furnish guard for brigade posts as follows:

133rd Infantry: Post at each entrance to camp from north; and guard at Inter-Urban station.

168th Infantry: Post at entrance to driveway to pool. Post at entrance to general's quarters. Post at juncture of road entering camp and Des Moines Avenue.

113th Cavalry: Mounted guard patrolling main highway east of camp and unoccupied areas adjacent to camp.

By command of Brigadier General Tinley:

John W. Ball, Major, Infantry, Adjutant.

HEADQUARTERS CAMP DODGE

Camp Dodge, Iowa, Aug. 14, 1922.

General Order No. 4.

1. The following rules and regulations recommended by the Chief Surgeon, for the use of the swimming pool will be observed by all members of this command:

(1) The pool will be open for the use of the troops during the following hours:

Daily—

- 10:00 to 11:30 a. m.
 3:00 to 5:00 p. m.
 6:30 to 9:30 p. m.

Sunday—

8:00 to 9:30 a. m.

11:00 to 12:00 a. m.

2:00 to 5:30 p. m.

6:30 to 9:30 p. m.

(2) No one suffering from contagious skin or venereal diseases will be permitted in the pool.

(3) No one will be permitted in the pool without first having a shower bath and whose body is clean.

(4) Men may either dress or undress in the bath house or in their quarters, but in either case must take a shower at the bath house.

(5) No one will be permitted in the pool until an hour has elapsed after eating.

(6) No one, except bathers, will be permitted inside of the fences, except officers and men on duty.

(7) Life guards will be on duty during the hours the pool is open and will be obeyed by swimmers at all times while in and around the pool.

(8) No smoking will be allowed inside of the fence or within fifteen feet of the same in region of the bath house.

(9) In case of accident no swimmer will interfere in any way with the rescue work of the life guard, and will only assist when instructed.

(10) In no circumstances will anyone push or shove anyone into the pool.

(11) The bathers will provide themselves with proper bathing suit before permitted to enter the pool.

(12) The Chaplains of the regiments will be responsible for the maintenance of order and discipline and general management of the pool, and one will be on duty each day in rotation as follows: 168th Inf., 133rd Inf., and 113th Cav.

(13) Mr. D. A. Armbruster will be in charge of the life guards and have general supervision of the bath house.

(14) Care will be taken not to damage shrubbery and men will not walk on the grass inside of the fence except with bare feet.

(15) Medical inspection of the men using the pool will be made by and under the direction of the Chief Surgeon.

(16) The Field Officer of the Day will be responsible to see that there is a post maintained at the pool at all hours of the day and night when life guards are not on duty and no one will be permitted in the pool without proper authority.

2. Par. 1, G. O. No. 3, these headquarters is rescinded.

3. Brigadier General G. Lasher is hereby assigned to duty as Camp Executive Officer.

By command of Brigadier General Tinley.

John W. Ball, Major, Infantry, Adjutant.

Des Moines, Iowa, November 2nd, 1922.

To: The Adjutant General of the State of Iowa.

Subject: Range Practice, Annual Encampment, 1922.

The Annual Encampment of the 67th Infantry Brigade, composed of the 133rd Infantry, 168th Infantry and the 113th Cavalry was held at Camp Dodge, Iowa, on August 14th to 28th inclusive. In accordance with G. O. No. 2, Hq. 67th Infantry Brigade, the 133rd Infantry and the 1st Squadron of the 113th Cavalry reported for range practice at the target range 1½ miles east of Camp Dodge on Tuesday, August 15th. On Wednesday, August 16th, the 168th Infantry and the 2nd Squadron of the 113th Cavalry reported for range practice. These organizations alternated range practice in this order throughout the encampment.

Troops moved out of camp at about 7:00 o'clock each morning, arriving at the target range about 7:20 A. M. All details were made in advance and the work of preparing the pit and organizing the firing line moved with precision. The most experienced officers and non-commissioned officers available were assigned to duty as instructors in sighting and aiming, position and trigger squeeze. With few exceptions, the men reported promptly, took the proper positions and used the correct sight.

The scores made were only fair, this is due to a combination of causes, first, inexperience of the man, second, faulty ammunition which reduces the scoring possibility by approximately six to fifteen per cent, third, worn or misused rifles. The foregoing present a negative scoring combination that tends to discourage even seasoned riflemen.

The noon meal was prepared in camp and delivered at the range by trucks. One hour's rest was taken at this time.

Sand bags, delivered at the 600 yard firing point by the Quartermaster Department were removed by some unknown party, this was not discovered in time to replenish the shortage prior to firing the record course. Fourteen targets were effected.

The pistol range was in constant operation, supervised by competent instructors. The majority of those armed with the pistol, Infantry and Cavalry, reported for this training.

The machine gun companies and the 37 m.m. organizations and automatic riflemen conducted firing in accordance with the schedule. The machine guns and automatic riflemen operated mostly on the 1000 inch range. At 4:00 P. M. on a number of days, the Infantry cleared the small arms range and the machine guns took up position 1000 yards, firing on target "C." The 37 m.m. guns took up position on the hill north of the old Fredrickson home and east of the Temple home, firing at targets placed on the machine gun butts. The firing was very accurate, the range was about 800 yards.

The extension of the camp water system to the target butts and the installation of two toilets adds greatly to the convenience, comfort and safety of those operating the targets.

The Brigade Commander and the Regimental Commanders were in constant touch with the progress of their respective organizations. The interest displayed by each is reflected by the keen rivalry that developed between the regiments.

The Commander-in-Chief and Staff and the Adjutant General were interested visitors.

On August 20th, a company team match between teams of four men each was held, this was won by Co. B, 133rd Infantry. On August 27th, a regimental team match was held between teams of 20 men each. This was won by the team from the 168th Infantry.

The Hon. N. E. Kendall Trophy Match brought out a field of enthusiastic entries. At the conclusion of the firing the interest was so intense it was necessary to refer the scores to a Board of Officers for decision. In my opinion there is no trophy or prize that has come into the hands of the Iowa National Guard or the Iowa Rifle Association that will furnish the stimulus to greater and sustained effort in rifle practice.

than will this trophy. The company commander who competes successfully for this trophy must develop his system of training with a view of interesting the recruit in rifle practice the moment he becomes a member of the organization.

This year's work showed marked improvement over last year's. It is believed that with another year's experience in this class of training, that sufficient instructors will have been developed, that it will be possible to give detailed instruction to each individual in every department of the work at all times. In my opinion the holding of rifle training in connection with the Annual Encampment is the most beneficial training policy inaugurated by the War Department in recent years, the latent possibilities being extremely valuable.

The interest at all times was markedly keen and the discipline was excellent.

Survey of the target range should be made with a view of increasing the capacity. Fifty targets, the present equipment, are not sufficient to meet the requirements at the annual encampment. Targets are now thirteen (13) feet on centers, conforming to the old 6x12 "C" target. It is believed that this spacing can be reduced to ten (10) perhaps (9) feet without interfering with operation. Target frames can be staggered, using alternate targets for long range firing. This spacing would provide ample room for firer and instructor, and add a fifteen (15) minute training period each day for 480 additional men at a nominal cost.

Fred S. Hird, Major, Ordnance Department.

REPORT OF THE CAMP OF INSTRUCTION—HELD DURING 1922

Headquarters 133rd Infantry, Iowa N. G.
September 22, 1922, Des Moines, Iowa.

The Adjutant General of Iowa,
Des Moines, Iowa.

1. Pursuant to provisions of S. O. No. 127 dated A. G. O., Des Moines, Iowa, August 5, 1922, and encampment letters of instruction No. 14 dated A. G. O., Iowa, May 2, 1922, and No. 31 dated August 7, 1922, this regiment assembled at Camp Dodge, Iowa, August 13th and 14th, 1922, for field training. G. O. No. 1 and Bulletin No. 1, these headquarters, copies of which are hereto attached were issued and together with Camp Order No. 2 were received by all officers before their departure from home stations.

2. The regiment has been completely organized since the last period of field training and all units functioned properly. Strength of the regiment as reported for duty on the opening day of the Camp was 55 officers and 1,002 enlisted men, attached one chaplain, attached Medical Branch—4 officers and 30 enlisted men, total present in Camp, 60 officers and 1,032 enlisted men. This attendance is considered satisfactory, notwithstanding the fact that the number of absentees reached 219 enlisted men. Three officers were absent but in two cases the causes for such absence were unavoidable. The resignation of the third one has already been accepted.

3. One officer and four enlisted men from the Service Company reported on August , 1922 and the Mess Sergeants and cooks of the

various organizations reported as provided in S. O. No. 128, dated A. G. O., August 7, 1922. Through a misunderstanding of orders and instructions in encampment letters those from Co. B, Co. D and Regimental Headquarters Company arrived on August 10th. These men were cared for at their own expense. The advance detachments as reported were not large enough so that much preliminary work remained to be done when the troops arrived. Regimental Headquarters was established on August 12, 1922, and were prepared to receive supplies but lack of enlisted personnel prevented the delivery of them until further troops arrived.

4. Organizations of the regiment begun to arrive at 1:30 P. M., August 13th, 1922, and at 5:00 P. M. all organizations had arrived except Co. E, Webster City, which due to their late schedule of departure from home station did not arrive until 3:00 A. M. August 14, 1922. This organization did not receive its baggage until morning of the second day so that the training schedule was delayed for this company.

5. The same conditions in regard to uniforms and equipment present at last year's field training were present again this year. Sizes are substituted in furnishing uniforms, with the result that there were a large number of enlisted men in misfit uniforms. No additional O D cotton uniforms have been furnished as recommended in my report of last year. The excessive heat during the period of the Camp of this year soaked the uniforms with perspiration, but nothing dry to change into was available except the heavy wool uniforms. The method of supplying shoes still remains unsatisfactory. An increasing number of enlisted men are forced to wear civilian shoes either because their size of shoe is not available or because those available have been worn by others until through wear and perspiration they have assumed such a shape that no one else can wear them. Repeated efforts have been made by the organization commanders of the regiment to secure the necessary clothing and equipment to completely outfit their organizations, but without success. Attached hereto are the articles short in each organization of the command based on allowances given in Circ. 169 W. D., June 23, 1921. The lack of special equipment for the Regimental Headquarters Company and the three Battalion Headquarters Companies interfered seriously with their training programme.

6. The training schedule was again satisfactory and it was carried out in full by all organizations of the regiment. The work of the Machine Gun Companies of the regiment was of a very high order and was considered to be the outstanding feature of the training period. This system of using schools and school troops was very profitable as the officers had the correct methods when the same exercises were worked out in their own commands the next drill day. The procedure of using alternate days for range practice was satisfactory to all of the command. Preliminary Training in rifle practice at home stations has not been thorough and greater effort must be made to prepare companies in this work before another period of field training.

7. The methods of purchasing and issuing the rations for the Camp were not satisfactory. It is not possible to subsid troops for such a short period on the ration savings or purchase plan. The delivery of

the essentials of the ration, bread, meat, and potatoes was so uncertain that it was almost impossible to carry out a pre-arranged meal menus as required by existing subsistence regulations. Bread was frequently issued with the oven heat still evident whereas bread should have been at least 24 hours old. The delivery of ice for the first week of Camp was inadequate, of poor quality and made too late in the day. These conditions improved during the second week.

8. The condition of Company records has shown further improvement. The preparation of drill pay rolls has improved so much that all organizations of the command are receiving their drill pay within a reasonable time.

9. The intense heat during the second week of the Camp was detrimental to the best training, but notwithstanding, the general health of the command was excellent. One case of diphtheria developed in Co. G and the first series of cultures taken from the throats of the entire company disclosed three carriers of diphtheria. Rigid quarantine regulations were immediately enforced and no further cases developed. The prompt service of the Camp Surgeon in this case is commended. A physical inspection of every man in the regiment was made the first day of Camp with the result set out in a communication attached hereto.

10. The schools called for under paragraph 2, B, pages 12 and 13 of Camp G. O. No. 2 were all organized on the first day of Camp and reports on the results obtained from the regimental school Security and Information, Headquarters Companies, Automatic Rifle and Machine Gun schools also Brigade Howitzer school are attached hereto.

11. I would recommend the following for your consideration in arranging for future Camps for field training:

a. That the day of travel to Camp be another day of the week than Sunday. Many railroads do not operate Sunday trains which necessitates later departure from home stations and move special trains.

b. That an officer's school for field training with competent instructors be held from 30 to 60 days before the Camp period. This is all the more necessary since the training of the various organizations has progressed from the recruit class and close order drill stage to the point where the troops will be ready another year for some simple maneuvers.

c. That next year's field training schedule be prepared along the same lines as the one used this year with a progression in the maneuvers to include the regiment.

d. That the effort to secure additional O D cotton clothing be renewed so that each enlisted man may have two such uniforms.

e. That some other method for the issuing of shoes be tried out instead of the one now in use. With the elimination of the hob-nailed shoe the men would not object to purchase their shoes at a salvage price from year to year or when leaving the command, provided they have been worn through a field training period.

f. That an effort be made toward having the Service Company less band to report at least two days before the opening of the Camp and that they be retained an additional day at the close of Camp to complete the collection and turning over of government property.

g. That the method of purchasing subsistence supplies as used this

year be discontinued and that the P. & D. O. purchase the component articles of the ration to the extent of 70% of the ration and that the same be delivered to him at Camp Dodge on or before the opening day of Camp. A refrigerator car to be set on the side track with the fresh meat, butter and luncheon meat specialties necessary for noon lunches at the range for the entire Camp period. That the purchases from the remaining 30% value of the ration be confined to staple articles in green vegetables and fruits. This will insure sufficient volume of rations to satisfy the men. Special meats, eggs, ice cream, etc., should be purchased by the companies from Company funds.

h. That animals be supplied future Camps for the Machine Gun Companies. Much good resulted from their use during this Camp.

A word must be said about the swimming pool which was open to the men for the first time this year. That it was a popular place and added much to the enjoyment of the Camp was proven without a doubt when it was estimated that fully two-thirds of the entire Camp visited it each day. The intense heat during the days only served to increase the appreciation of the diversion it offered for the evenings. That the construction of this pool is one of the best investments the state has ever made for its National Guard was evident.

Lloyd D. Ross, Colonel Infantry.

Sizes are substituted in furnishing uniforms, with the result that there are a large number of enlisted men in misfit uniforms. No additional O. D. Cotton uniforms have been furnished as recommended in my report of last year. The excessive heat during the period of Camp of this year soaked the uniforms with perspiration, but nothing dry to change into was available except the heavy woolen uniforms. The method of supplying shoes still remains unsatisfactory. An increasing number of enlisted men are forced to wear civilian shoes whether because their size of shoe is not available or because those available have been worn by others until through wear and perspiration they have assumed such a shape that no one else can wear them. Repeated efforts have been made by the organization commanders of the regiment to secure the necessary clothing and equipment to completely outfit their organizations, but without success. Attached hereto were the reports of the shortages as received from Company Commanders. The lack of special equipment for Regimental Hqs. Co. and the three Bn. Hqs. Cos. interfered seriously with their training program.

6. The training schedule was again satisfactory and it was carried out in full by all organizations of the regiment. The work of the Machine Gun Companies of the regiment was of a very high order and considered to be the outstanding feature of the training period. This system of using schools and school troops was very profitable as the officers had the correct methods when the same exercises were worked out in their own commands the next drill day. The procedure of using alternate days for range practice was satisfactory to all of the command. Preliminary training in rifle practice at home stations has not been thorough and greater effort must be made to prepare companies in this work before another period of field training.

7. The methods of purchasing and issuing the rations for the Camp were not satisfactory. It is not possible to subsist troops for such a short period on the ration savings or purchase plan. The delivery of the essentials of the ration bread, meat, and potatoes was so uncertain that it was almost impossible to carry out a pre-arranged meal menus as required by existing subsistence regulations. Bread was frequently issued with the oven heat still evident whereas bread should have been at least 24 hours old. The delivery of ice for the first week of Camp was

inadequate, of poor quality and made too late in the day. These conditions improved during the second week.

8. The condition of Company Records has shown further improvement. The preparation of Drill Pay Rolls has improved so much that all organizations of the command are receiving their Drill Pay within a reasonable time.

9. The intense heat during the second week of the Camp was detrimental to the best training, but notwithstanding the general health of the command was excellent. One case of diphtheria developed in Co. G and the first series of cultures taken from the throats of the entire company disclosed three carriers of diphtheria. Rigid quarantine regulations were immediately enforced and no further cases developed. The prompt service of the Camp Surgeon in this case is commended. A physical inspection of every man in the regiment was made the first day of Camp with the result set out in a communication attached hereto.

10. The schools called for under Par. 2, B. page 12 and 13 of Camp G. O. 2 were all organized on the first day of Camp and reports on the results obtained from the regimental school Security and Information, Hqs. Cos., Automatic Rifle and Machine Gun schools also Brigade Howitzer school were attached to this report.

11. I would recommend the following for your consideration in arranging for future Camps for Field Training:

a That the day of travel to Camp be another day of the week than Sunday. Many railroads do not operate on Sunday, which necessitates later departure from home stations and move special trains.

b That an Officer's school for Field Training with competent instructors be held from 30 to 60 days before the Camp period. This is all the more necessary since the training of the various organizations has progressed from the recruit class and close order drill stage to the point where the troops will be ready another year for some simple maneuvers.

c That next year's field training schedule be prepared along the same lines as the one used this year with a progression in the maneuvers to include the regiment.

d That the effort to secure additional O. D. Cotton Clothing be renewed, so that each enlisted man may have two such uniforms.

e That some other method for the issuing shoes be tried out instead of the one now in use. With the elimination of the hob-nailed shoe the men would not object to purchase their shoes at a salvage price from year to year or when leaving the command, provided they have been worn through a field training period.

f. That an effort be made toward having the Service Company, less band, to report at least two days before the opening of the Camp and that they be retained an additional day at the close of Camp to complete the collection and turning over of Government property.

g. That the method of purchasing subsistence supplies as used this year be discontinued and that the U. S. P. & D. O. purchase the component articles of the ration to the extent of 70% of the ration and that the same be delivered to him at Camp Dodge on or before the opening day of camp. A refrigerator car to be set on the side track with the fresh

meat, butter and luncheon meat specialties necessary for noon lunches at the range for the entire Camp period. That the purchases from the remaining 30% value of the ration be confined to staple articles in green vegetables and fruits. This will insure sufficient volume of rations to satisfy the men. Special meats, eggs, ice cream, etc., should be purchased by the companies from Company funds.

h. That animals be supplied future Camps for the Machine Gun Companies. Much good resulted from their use during this Camp.

A word must be said about the swimming pool which was open to the men for the first time this year. That it was a popular place and added much to the enjoyment of the Camp was proven without a doubt when it was estimated that fully two-thirds of the entire Camp visited it each day. The intense heat during the days only served to increase the appreciation of the diversion it offered for the evenings. That the construction of this pool is one of the best investments the State has ever made for its National Guard was evident.

The above is a copy of the Report that the Regimental Commander forwarded to the Adjutant General of the State and also to the Militia Bureau covering the last tour of Field Training at Camp Dodge, and this copy is forwarded to the command for your information.

By order of Colonel Ross.

HEADQUARTERS 133D INFANTRY, IOWA NATIONAL GUARD

Office of the Regimental Commander

General Order No. 1

Des Moines, Iowa, August 8, 1922.

1. In pursuance to S. O. 127 Par. 1 A. G. O., Iowa, dated August 5, 1922, and S. O. 126 Par. 4 A. G. O., Iowa, dated August 4, 1922, the officers and organizations of the 133d Infantry, I. N. G. will go into camp at Camp Dodge, Iowa, on August 13-29, 1922, inclusive.

2. Verbal instructions from the Adjutant General, Iowa, authorizes pay for the Field and Staff if they arrive in camp on August 13th. Field and Staff officers will therefore report to the Commanding Officer not later than midnight August 13th at Camp Dodge.

3. Various organizations of the regiment will leave their home stations and travel by the various routes designated in letter of instructions from the Q. M. General's Dept. W. D., and in letter of instructions from the A. G. O., Iowa. Troops which arrive over the Chicago, Northwestern R. R. will transfer from the Northwestern depot to the Inter-Urban R. R. station at Des Moines. Later instructions will be issued on handling baggage.

4. En route the senior officer on any train will be in command of all troops thereon, and such officer will be held strictly accountable for conduct of troops until they arrive and are reported to Regimental Commander at Camp Dodge. Guards will be maintained on all cars and enlisted men will not unnecessarily leave cars.

5. Company Commanders will not take to camp any man incapacitated for military duty.

6. Organization commanders will have baggage and commands at depot at least 30 minutes before scheduled departure of train. Train commanders will designate an officer who will have entire charge of the loading and unloading of baggage on their trains. Organization commanders will detail one Corporal and two Privates to report to the officer in charge of baggage on each train. None but baggage detail to travel in baggage cars.

7. Troops will travel in heavy marching equipment, rain coats strapped on outside of pack for easy removal in case of rain. Mosquito nets, bed sacks and a sufficient number of overcoats necessary for the guards, O. D. wool uniforms, extra clothing and athletic equipment will be carried in chests as baggage. Baggage to be limited to 150 pounds per officer and man. Records called for in Par. 7, circular letter Encampment No. 7, will be taken to camp.

8. Each company will be carefully inspected by the Company Commander before departure from home station, to see that there are no ball ammunition either in belts or on the men. Guard Cartridges will be brought to camp, and will be packed in the original containers. At the camp the ammunition needed for range practice will be issued at the firing point. A similar inspection will be made of all troops before leaving range. Company Commanders will be held strictly accountable for any accidents caused by the failure to comply with this order.

9. Upon arrival at Camp Dodge, organizations will detrain under the supervision of train commanders, and will be directed to quarters assigned them by guides. Company Commanders and Detachment Commanders will immediately thereafter report to regimental headquarters with Morning Reports, Ration Returns, Transportation requests and lists of those present and absent.

10. Lieut.-Col. Winfred H. Bailey is detailed as Instructor of the Guard and Summary Court Officer. Summary Court will convene as directed by Lieut. Colonel Bailey. Guard duty will be performed by Company detail. Co. G will furnish the guard August 13-14; Officer of the Day, Capt. Verne Myers; Commander of the Guard, Lieut. John Anderson.

11. Major Gordon C. Hollar will have full charge of Field Meet which will consist of military, athletic events. Programs have been forwarded for same.

12. Hours of service and training schedule have been designated in G. O. No. 2 Hqs. I. N. G. Encampment, which has been forwarded you direct from the A. G. O. Sanitary regulations will be published in subsequent orders.

13. A regimental exchange will be in operation on the arrival of troops in camp.

14. Your attention is directed to the instructions contained in Encampment letters No. 7, 28 and letter these headquarters under of June 20, 1922.

By order of Regimental Commander, Charles Tillotson, Jr.,
Captain 133d Inf.
Adjutant.

HEADQUARTERS 133D INFANTRY, IOWA N. G.

Des Moines, Iowa, August 8, 1922.

Bulletin No. 1.

1. It is not contemplated that officers traveling to and from annual encampment will travel in heavy marching order. Equipment usually carried in haversack can be carried in baggage. Officers in camp will mess as provided in Par. 2, Encampment letter No. 28, A. G. O., Iowa.

2. Regulations already published concerning troops en route are emphasized and particular care will be taken that there be no accidents. Canteens must be filled before troops entrain and care exercised in the use of water.

3. No provisions will be made in orders for travel rations for the entire day rations will be issued to Mess Sergt. on arrival at camp. It would be well for Company Commanders to provide a lunch for the noon hour the 13th.

4. Large ice boxes and two ranges, with hot water boilers are provided in each barrack, but no kitchen equipment of any description is available. Organization commanders will see that their entire kitchen equipment, including the field ranges, together with dish towels, suitable clothing for cooks to cook in, cleansing materials are brought to camp. Floors of the barracks are not in the best of condition and it will take considerable scrubbing material to put them in a sanitary condition.

5. Members of any organization who are proficient in band music will bring their instruments to camp and will be detailed to band for entire period.

6. A large barrack will be set aside for use of the Chaplain and Exchange. Evening entertainments with stunts by members of the regiment attending camp will be arranged and all who can entertain will come to camp prepared to do so. It is requested that each organization prepare a little playlet and vaudeville stunts for these entertainments. Chaplain Van Metre will have charge of the entertainments in the regiment.

7. Regiment will spend 5 full days on the range and noon day mess will be served on the range. Plans should be made by each organization for these meals. In connection with duty on rifle range organization commanders will include plenty of material for cleaning rifles. Attention is directed to the trophy presented by Governor N. E. Kendall, which will be awarded to the Company or troop making the highest per cent over the record course, as prescribed in Rifle Marksmanship, based on the total commissioned and enlisted strength of the organization, as shown on the records at the commencement of the camp will receive and hold the trophy for one year. Let's take it.

8. It will not be necessary for any soldier to have sixty days' service before being permitted to attend camp. Men may be enlisted day previous to camp and be permitted to attend and draw pay for his services. Those organizations having a strength of 65 must bring 70 per cent of that strength in enlisted men; organizations with a strength of more than 65, must bring 70 per cent of their actual strength. Organizations whose

strength, as provided in "Tables of Organization" is less than 65, must bring to camp 70 per cent of their strength authorized in "Tables of Organization."

9. All officers entitled to additional pay as longevity service as an officer must file the certificate necessary from the A. G. O. as prescribed in July 28th Encampment Letter, A. G. O., Iowa.

10. Organization commanders will each bring with them one roll of roofing paper and also enough wire screen to make the barracks fly tight. This can be taken care of from funds of Miscellaneous allowance. Roofs will have to be repaired and no funds are available for same.

11. Forward immediately upon receipt of this Bulletin RATION RETURN made out for 5 days August 13-17th TO THE ADJUTANT. DON'T DELAY.

By order of Colonel Ross.

Charles Tillotson, Jr.,
Captain 133d Inf.,
Adjutant.

HEADQUARTERS L 133D INFANTRY, I. N. G.

Des Moines, Iowa, June 20, 1922.

To: Organization Commanders 133d Infantry.

The date having been set for the annual encampment this year at Camp Dodge, Iowa, the following helps are published for the information of the Command:

1. Officers must provide themselves with all arms, equipment and clothing as prescribed in Uniform Regulations, (A. R. 600-40 Sept. 27, 1921.)

2. The following records must be in Camp with your organization: Typewriter and typewriter paper, steel filing cabinets, carbon sheets, field desks (properly packed), letter heads, pencils, pen, ink, envelopes; Service Records for all enlisted men; enlistment papers for all enlisted men; Duty Roster, Sick Book, Morning Report Book, all Training Manuals that have been issued your organization; Pay Roll Sheets. In fact all your records that are used at your home station.

3. A list in triplicate (and to save your Company Clerk additional work make it six copies) of all officers and enlisted men present in camp must be made up and turned into the Adjutant's Office at the same time you report in your organization. Also a list in triplicate of all officers and enlisted men who are absent from Camp, with a statement as to cause of absence.

4. MORNING REPORTS shall be made up and turned into the Adjutant's Office at the time you report in your organization, and must be absolutely correct. Make them up on the train and not at your Armory before you leave home; check your men and then recheck them and then recheck your Morning Report. Give all present and absent on the report. On Remarks: Give every officer and enlisted man by name and state whether A. W. L. or A. W. O. L. or sick. On Record of Events: "Left (give your home station town) at 6 P. M., C. R. I. & P. R. R. for Camp Dodge, Iowa, arrived Camp Dodge, Iowa, 8 P. M. Weather, cloudy-clear-rain; Day, hot-cool.

5. All organization Commanders are familiar with the conditions at Camp Dodge in regard to barracks, latrines, kitchens, etc. So start now and get your material ready for Camp, and prepare to keep everything in a first-class sanitary condition. Have brooms, mops, plenty of dish towels, fly paper. Mosquito netting so the cooks can eliminate the flies from the food; swatters. You all know the conditions of G. I. Cans last year as to covers, etc. Eliminate that trouble by having the covers tight. Let your mechanic get busy and make about three fly traps (easy to make).

6. First day in Camp, police your barracks and latrine thoroughly and have the men make up their bunks and be ready for inspection by the Brigade Commander at 6 P. M. sharp. No organization will be overlooked even though you arrive in camp at 5 p. m., you have one hour to do it in. Instruct your men to call attention for all officers who pass through your barracks or company street and instruct them to stand at attention when it is called. Last year the Brigade Commander was compelled to go around the end of a line who were washing their mess kits in order to inspect their barracks. No one called attention. Same barrack while Colonel Ross was ascending the stairs, one private yelled at him "Get out of the way!" and the private rushed by him and on out of doors. "Can you beat that for an Inspection?" Let's do it correct this year and get off on the right foot.

7. The swimming pool will be open. Everybody with a swimming suit.

8. The Canteen will be run as usual this year.

9. BIG FIELD MEET also. Programs later for this.

The Adjutant,
133d Inf.

HEADQUARTERS 133RD INFANTRY, IOWA N. G.

Camp Dodge, Iowa, August 14, 1922.

General Order No. 2.

SANITARY ORDER

1. The Regimental Surgeon, Senior Medical Officer on duty with this regiment is the Sanitary Officer of the organization.

He will inspect the camp area of this command at least once daily, paying special attention to the cleanliness and sanitation of the barracks, sanitary condition of kitchens, dining room, protection of kitchen food from flies, cleanliness of the utensils used in the preparation, cooking and serving of food, personal cleanliness of cooks and kitchen police, condition of ice-box which will be cleaned daily and kept well iced. Prompt and efficient disposal of refuse.

When practicable, Battalion and Company Commanders will be present at inspection of their area.

All sanitary defects with proper recommendations for remedy of same will be reported to the Commanders who will take the necessary means within their authority to correct the defects, if such action is not possible or is impracticable they will report the condition to these headquarters.

2. GENERAL POLICE.

Battalion Commanders and Company Commanders are responsible for the general police and cleanliness within the area occupied by their command. They will see that their respective areas are ready for sanitary inspection by 7:00 A. M. and will personally inspect all parts of such area once daily. They will take such measures as are necessary to insure effective sanitation within the company area. At the inspection special attention will be given to the condition of grounds, barracks, kitchens, food and latrines.

Bedding and clothing will be aired and sunned every Tuesday and Friday, being exposed to the sun for a least two hours.

Company Commanders will assure themselves by frequent inspections, that the sleeping quarters are kept well ventilated at night, cots will be placed so that there will be as great a distance as possible between them but never less than three feet.

3. WATER SUPPLY.

The water supply is clean and wholesome, in case of receptacles for ice-water care must be taken to prevent contamination by keeping all such containers scrupulously clean and covered in such a manner as to prevent dripping. Such containers will be provided with spigots and individual cups will be used at all times. As long as ice is used from present sources, none will be placed in the drinking water.

4. FOODS AND DRINK.

No food, drink or like articles will be sold in this camp area except at the authorized exchange, or by persons authorized by the Camp Commander to carry on such instructions.

Attention is called to the use of the following foods, the elimination of which will serve to prevent a variety of intestinal disorders.

A. Canned milk and fish opened the day before (milk and fish poisoning).

B. Hash of meats and vegetables prepared the night previous (ptomaine poisoning).

C. Excessive drinking of soft drinks (diarrhoea).

5. KITCHENS.

Kitchens and dining rooms will be kept clean and free from flies, food will be protected from flies and any other contamination.

Cooking and eating utensils will be thoroughly cleaned daily after mess, using hot water and soap followed by rinsing in clean, boiling water.

Cooks and kitchen police will keep themselves scrupulously clean at all times. Grease traps will be provided.

6. GARBAGE DISPOSAL.

Garbage cans will be kept inside the kitchen and after being emptied will be thoroughly scrubbed out with hot water, soap or lye. No food will be thrown on the ground.

Garbage will be disposed of as follows: All liquid garbage to run into sewer, the residue and other solid material resulting from the mess

will be placed in garbage cans and hauled away daily. No bones of any description will be placed in garbage but will be burned in the kitchen fires.

Tin cans, glass and other garbage as cannot be burned in the kitchen range will be separated from other garbage and hauled away daily. All tin cans placed in garbage must be opened at both ends.

Any company failing to comply with the above instructions will be refused the privilege of having garbage removed and will be required to remove and bury their own garbage. General waste including ashes and refuse accumulated by the police of grounds and barracks will be collected by the Service Company and removed. Under no circumstances will any such refuse be burned within the Regimental Area.

7. LATRINES.

Latrines and bath houses will be kept clean and orderly at all times. Stools and urinals will be cleaned morning and evening and at other times when needed.

Under no circumstances will newspaper or other paper except toilet paper be used in the toilets or stools.

Care will be taken to prevent the excessive use and waste of water.

8. PERSONAL HYGIENE.

Men will bathe frequently and wash their hands thoroughly before each meal and after using latrines.

The swimming pool will be open at hours as specified by orders.

NO MEN with VENEREAL DISEASE, skin disease or open places on the skin will be permitted to use the Swimming Pool.

COMMANDERS OF COMPANIES WILL NOTIFY VENEREAL CASES IN THEIR COMMAND IN PERSON AGAINST THE USE OF THE SWIMMING POOL.

The feet of every man should be inspected each evening.

9. PHYSICAL INSPECTION.

Physical inspection will be made of every man in the company within 48 hours after arrival in camp by medical officers of the Regiment for the purpose of examination of feet, personal cleanliness, presence of vermin and detection of infectious or contagious diseases, at which time all men in the command must be examined in the presence of the Company Commander.

The dates and results of these examinations will be reported to the Camp Surgeon.

A careful record of venereal disease, if any, will be made and a report of same will be made to the Company Commander.

10. Prophylaxis stations is established at the Regimental Infirmary and all men who expose themselves to the danger of contracting venereal disease by sexual intercourse will, immediately upon return to camp, report to the Regimental Infirmary of their organization for preventative treatment.

This order will be read once to each organization at retreat and a copy will be posted on the bulletin board of each company.

By order of Colonel Ross:

Charles Tillotson, Jr.,
Captain 133rd Infantry.
Adjutant.

ADJUTANT GENERAL'S OFFICE—STATE CAPITOL

Des Moines, Iowa, August 30th, 1922.

To: Colonel Lloyd D. Ross, 133rd Infantry.

Subject: Report on School of Security and Information.

1. Pursuant to verbal instructions given on the 29th inst., the following is a report of instruction given at the Regimental School for Security and Information:

Date: August 14th, 1922.

Place: Grove east of Officers Quarters, 133rd Inf.

Time: 9:30-11:30 a. m. and 2:00-4:00 p. m.

Attendance: Morning, All 1st Lts. and 1st Sgts. Rifle Companies.

Afternoon, All Captains and 2nd Lts. Rifle Companies.

The following subjects were discussed and instruction given with a view of preparing the students as instructors for their respective companies:

SCOUTING AND PATROLLING.

1. The Scout; his functions and training.

2. Scouting in the daytime.

(a) The use of cover.

(b) Individual movement.

(c) Moving from cover to cover.

(d) Choosing a route from a map.

(e) Searching ground.

(f) Messages.

3. Platoon Scouts.

(a) The scout in advance of the platoon.

(b) Mission of scouts covering the assault platoons.

(c) The use of scouts by supports and reserves.

(d) Selection of good firing positions by scouts.

4. Patrolling in the daytime.

(a) Signals.

(b) Formations.

(c) Duties of patrol leader and members of a patrol.

(c) Duties of patrol leader and members of a patrol.

(d) Movement of patrols.

5. Scouts as observers and snipers.

ADVANCE GUARDS: FLANK GUARDS: REAR GUARDS.

The subject of Advance Guards was discussed in detail while those of Rear and Flank guards were touched on lightly.

OUTPOSTS.

1. Size and composition.

2. Dispositions.

3. Establishing the outpost.

Practical work was done on the foregoing subjects on the 16th, 18th, 21st, 23rd, and 25th insts.

2. I found the students had little knowledge of the methods of teaching Scouting and Patrolling, while their knowledge of the other subjects was fairly accurate and of good quantity. They were all attentive; interested and willing to learn, and although they did not abide by, and apply the principals taught in detail to the practical work, the results as a whole were very satisfactory.

Sioux City, Iowa, August 31, 1922.

Subject: Report of Instruction at Annual Encampment.

To: Colonel Lloyd D. Ross, Old Colony Building, Des Moines, Iowa.

1. The instruction given to Regimental and Battalion Headquarters Companies comprised Map Reading, use of Magnetic Compass, Scouting and Patrolling, Visual Signaling, Field Fortifications and Practical Demonstrations of the duties of members of a war strength Command Post in actual operation with an assumed enemy.

2. The Intelligence Platoon received instruction in Scouting and Patrolling and were later taken out on Terrain Exercises where each member of the Platoon was obliged to imagine himself as a member of a Patrol out to gain information of an assumed enemy. This instruction was well received.

3. The Communication Platoon was set in operation as a Command Post and the members of the Visual Section, Courier Section, Wire Section, Radio and Panel Section, and Message Center functioned in their respective duties.

4. The Pioneer Platoon of the Regimental Headquarters Company were instructed in the different types of Field Fortifications, Trench Drainage, and Use of Camouflage.

5. On Wednesday August 23, 1922, a Demonstration of an Infantry Contact Plane in Communication with Infantry was given to the entire Personnel of all Headquarters Companies. This demonstration was valuable as it gave the men and officers an idea of the methods employed when communicating between ground and plane.

6. Both Officers and men of all Headquarters companies seemed very pleased with the instruction given. The men were interested and asked many questions, which is always a good sign that the instruction is sinking in. Some effort should be made to get this instruction in print and pass same out to the officers of these companies. At the present time they are hampered for lack of material and without this material they have no inspiration to carry the work already begun forward. The writer is more than willing to prepare instruction as mentioned above and send it to Des Moines to be mimeographed and sent to the different Commanding Officers. The work of Lt. Donovan deserves special credit. His grasp of each situation was clear and the work performed by his company in setting up a Command post could not have been better done by regular troops.

ARMORY

Sioux City, Iowa, September 30, 1922.

Subject: Report on Regimental Machine Gun School Annual Encampment Iowa National Guard.

To: Commanding Officer 133rd Infantry.

1. In compliance with Par. (b) Page 12, G. O. No. 2, Hqs. Iowa National Guard Encampment, 1922, the Regimental Machine Gun School was organized as ordered, and functioned on the dates specified, viz.: August 16-August 18-August 21 and August 23.

2. Organization:

Owing to the fact that the animals furnished were unbroken, it was necessary to spend a longer time than was otherwise necessary, to accustom these animals to harness. Therefore the first day was spent almost entirely in this work, and in instructing the personnel concerning the organization of the company at war strength. However this training was in a sense invaluable to the men, as they were given an opportunity to actually perform work that some of them had never seen before, and to gain an idea as to what the actual handling of animals meant.

3. Program:

The school periods, other than the first day, August 16th, were spent in actual drill of the company with animals, and a practice march. In addition to the time allotted, it was the privilege of the Machine Gun Companies to utilize the animals on three different days in marching to the machine gun range, and to appear as a war strength organization with animals in the Governor's Review.

4. Benefits:

It is the opinion of this officer that the school as organized was of great benefit to the men and officers, inasmuch as it gave them a chance

to actually see a war strength company, and gave both officers and men alike valuable training in things it is not possible to give in Armories. The interest taken in the work exceeded all expectations, and both officers and men are to be commended for the excellent showing made.

Camp Dodge, Iowa, August 28, 1922.

Subject: Report.

To: Commanding Officer, 133rd Inf., Iowa N. G.

1. The instruction at the Brigade schools covered the movements of war strength platoons and companies, both in close and extended order.

2. By the use of school companies, the lessons were demonstrated in a very satisfactory manner. Not only making them interesting both to the officers and men but also giving it to them in such a way that it will be easy to remember.

3. The officers were more or less familiar with the table of organization and movements, and the privates showed a great willingness to learn, but the non-commissioned officers were not as well informed as to their duties nor did they have the proper control of their men.

4. In my opinion the system of using schools and school troops is very satisfactory especially when the work at the school is worked out with the companies on the following drill day.

Subject: Assistant Instructor's Report.

1. The officers and enlisted men of this Regiment are fairly proficient in Close Order Drill. The Bayonet Training indicates that most of the Organizations have had the rudiments of this instruction. The Field problems, however, indicate that while the men are interested, there has been less instruction along this line than along the other branches of training. This is due, no doubt, to the fact that the Organization Commanders find it difficult to carry on this instruction at their home stations. The entire period of instruction indicates that the non-commissioned officers should endeavor to improve themselves as instructors. The period of training indicated that what is most needed is better preparation by both officers and non-commissioned officers to fit themselves as instructors. The men showed themselves to be interested in whatever work was undertaken and the general result was successful. All the organizations in this Regiment have improved greatly during the encampment period.

Subject: Report of my observation as instructor.

To: The Commanding Officer 133rd Inf., Iowa N. G., Camp Dodge, Iowa.

1. Being assigned to the Second Battalion, 133rd Infantry, Iowa National Guard, I find the general run of lieutenants throughout this battalion to be officers above the average, who have taken a hold of their work in a very efficient manner.

2. The general run of the sergeants throughout this battalion is far below the average, they being as I understand, sergeants who have been appointed within the last few months, and who have not had very much experience in their respective lines. There is plenty of room for improvement.

3. I find in my observation in each and every company of the second battalion a good many new recruits among the privates, of which I was surprised to see how they have taken a hold of the work. They are hard, willing workers and go about their work with a will.

4. I find that the lessons in security and information as taught in the various schools held during this tour of encampment has been very helpful to the officers and men of this battalion, they being lessons for good study to work on for Armory instruction this winter.

5. The general morale of the men of this battalion is good.

Subject: Report on Rifle Companies, 1st Battalion, 133rd Inf., Iowa N. G.

To: The Commanding Officer, 133rd Inf., Iowa N. G.

1. "A" Company. Strongest features, school of soldier, military courtesy, platoon drill. Weakest features, non-commissioned officers do not understand drill regulations, so consequently cannot instruct the men

as to the proper movements in squad drill. Extended order by company very good for the amount of training the men have had. At first when on duty with this company there was a tendency of the men to lag on formations but after once being cautioned, by the instructor the company was never late for formation.

2. "B" Company. Strongest features, school of soldier, military courtesy, platoon drill, bayonet combat. Weakest features, non-commissioned officers with the exception of a few are not familiar enough with infantry drill regulations to instruct their men properly, on a problem conducted by this company they were fired upon and instead of deploying they merely squatted in the road, the men had no conception of extended order whatsoever.

3. "C" Company. Strongest features, school of soldier, military courtesy, platoon drill, bayonet combat. Weakest features, non-commissioned officers with the exception of one sergeant, this man stands head and shoulders over any non-commissioned officer in the battalion. The NCO do not have the knowledge of drill regulations that they should have and therefor could not instruct their men properly. The men of this company do not have any knowledge of extended order, in one problem the company was acting as a support the advance party was fired upon, the support instead of deploying squatted in the road.

4. Summing all up, these companies once they made a mistake and were corrected did not commit the same error twice, the non-commissioned officers were always ready to assist in any way that was possible. The officers are all hard workers and do the best that they are capable of. At first there was a tendency in all organizations to be late for formation but after the first day all outfits moved out on schedule.

Gen. Louis G. Lasher,
State House, Des Moines, Iowa.

My Dear General:

I am herewith enclosing report on our recent tour duty. I have endeavored to cover all the various phases of our camp experience.

I do not know whether this report is in just the form you wanted, but it is the form which has been used for many years and should be satisfactory, if it is not, I will put it in any form that you desire.

I want you to know that I appreciate fully all that you did for us in this camp, and I also appreciate the most excellent service rendered my organization by the employees of your department. It certainly was a pleasure to work with you.

With kind regards, I remain,

Very respectfully,

R. P. Howell.

Iowa City, Iowa, September 1, 1922.

Subject: Report on tour of field training.

To: The Adjutant General of Iowa.

1. In compliance with orders and encampment letters from the Adjutant General of Iowa, the 113th Cav., Iowa N. G. went into camp at Camp Dodge, Iowa, on August 13, 1922, all troops arriving before 6 p. m. on that date. Mess sergeants and cooks had preceded the organizations into camp, and Captain Lambert, supply officer, made arrangements to draw provisions and forage so that all organizations had meals ready upon their arrival, and forage was available for the animals.

2. On Monday, August 14, the regular schedule was commenced and followed out practically as outlined during the entire tour of duty. The squadrons alternated upon the range as provided in the schedule, and only a very small number of cooks and mess sergeants were all out of the entire regiment, that did not complete the prescribed course of rifle and pistol firing. The regiment did very good shooting, and placed 5 teams in the first 13 teams on the range. The range work was in charge of Capt. H. W. Sellers, 113th Cav., and the work was done in a satisfactory manner to the Regimental Commander, considering the fact that the organization is a new one, the records made by different organizations are considered to be most excellent.

3. Much valuable assistance was given in the training of the regiment by Lt. Col. Martin of the regular service, who is a most excellent instructor, and a valuable man for duty with N. G. troops. All organizations were given instruction in equitation and showed very marked improvement after a few days of work. Various problems were worked out by squadron, and one night problem was worked out by 1st Squadron, under command of Major Yenter. Instruction was given in advance guard duty in patrolling and various other things, and the school of the trooper, squad, platoon, and troop were taken up.

4. Practice march with full equipment was provided for each squadron. The 1st Squadron, leaving Camp Dodge on August 24, marched to the state fair ground, and the men were required to do individual cooking. The day was extremely warm, and many of the horses and men were feeling badly on their arrival into camp. No work was done the morning of August 25, as the men and animals were given an opportunity to rest. On the evening of August 25, a mounted pro-

gram was put on at the state fair, after which the squadron, under the command of Major Yenter, made a night march into camp.

On August 26 the 2nd Squadron, under command of Major Merriek, made a practice march to the state fair grounds, going into camp on the ground occupied by 1st Squadron. The day being cool the trip was made in very good time, and without injury to any horses or men. A mounted program was put on in the evening of August 26, and on the morning of August 27 the squadron returned to Camp Dodge. The men on this march were required to do individual cooking. A warning order was issued in regard to the march the day before the 1st Squadron left camp, then a march order was issued and each squadron was required to do advance guard work, and to put out outposts on arriving at camp, and the squadron commanders were required to issue orders covering these matters. A copy of these were furnished to the senior instructor on duty with this organization.

5. Field officers of the regiment were required to solve certain problems submitted by our regular army officers, and the solutions in all cases were most satisfactory.

6. The band was mounted upon horses belonging to various troops, and made a very creditable showing whenever they turned out. The Regimental Commander has waited for seven years to see a mounted band at the head of the cavalry, and was more than pleased with the success obtained this year.

7. The officers, as a whole, while mostly inexperienced, gave close attention to duty, and performed their duties in a most satisfactory manner. There are a very few officers in the regiment whom it will be necessary to eliminate within a short time, and recommendations will be made later in regard to them.

The field officers are all men of experience, and performed excellent service during the entire camp.

8. The supply department, as conducted by Major Coe and his assistants, functioned in excellent shape. We had the best service that I have ever had at Camp Dodge, and you are to be congratulated upon this service.

The program did not work out to the entire satisfaction of my organization. It is recommended that next year a program for cavalry be prepared, which will only provide for drills in the morning, and the afternoon be devoted to schools, stables, incidentals and ceremonies. It is my opinion that more can be done for the benefit of the organization in this way.

9. I wish to take this opportunity of thanking Lt. Col. Cornell for the many valuable suggestions made during the tour of duty, and his willingness at all times to fix the program to suit the existing conditions.

10. I feel that this tour of duty was most valuable to the organization, and believe that with sixty days' training the regiment could take the field and give a most excellent account of itself.

11. I wish to thank the Commander-in-Chief through you for the many courtesies extended by him and for his great personal interest in

the N. G., and his willingness at all times to aid us in every way possible. You showed a great interest in the guard and the welfare of the various organizations which helped us wonderfully in making the camp a success. It was a pleasure to serve with and under you in this tour of duty, and I can assure you that your efforts in our behalf were appreciated by all the officers and men, and I wish to congratulate you upon the success of the tour of duty.

R. P. Howell,

Colonel 113th Cavalry, Iowa N. G., Commanding.

OFFICE SENIOR INSTRUCTOR, CAMP OF INSTRUCTION

State Capitol, Des Moines, Iowa, September 8, 1922.

Subject: Field Training, Iowa National Guard.

To: The Commanding Officer, 7th Corps Area, Omaha, Nebraska.

The following report on the Field Training, August 13 to 29, 1922, inclusive, of the Iowa National Guard is submitted:

1. The Camp:

Camp was held at Camp Dodge, Iowa. The troops occupied the temporary buildings still remaining from the former National Army Cantonment. A detachment of one officer and twenty (20) enlisted men were

sent to camp some days previous to the arrival of troops to prepare the quarters. One (1) Mess Sergeant and two (2) Cooks from each organization preceded their organization one (1) day to draw rations and prepare a meal before the arrival of the organization.

2. Commanding General:

The Camp was commanded by Brigadier General Mathew A. Tinley, Iowa N. G.

3. Overhead Organization:

(a) Supply:

All activities pertaining to supply, finance and transportation were under Major Howard D. Coe, Q. M. C., Iowa N. G., U. S. P. & D. O., who was assisted by one (1) captain and one (1) 1st Lieutenant, Q. M. C., Iowa N. G. The efficient manner in which this was handled reflects credit on Major Coe and his assistants.

(b) Medical:

A Field Hospital was established by Lt. Col. Wilbur S. Conkling, M. C., Iowa N. G., which was of great value to the Camp. Col. Conkling also had charge of the sanitation of the camp, and is entitled to special mention on account of the efficient manner in which he performed his duties. The newly organized Ambulance Co., functioned efficiently.

4. Transportation:

(a) Motor Vehicles:

The following motor vehicles issued to the State by the Government were used:

29 Trucks.

9 Ambulances.

6 Dodge Touring Cars.

(b) Animal drawn vehicles:

6 escort wagons were in use, teams for these were hired by the State.

(c) Saddle Horses:

35 saddle horses were hired by the State for use of officers.

17 mules were hired for use by Machine Gun Units.

5. Troops:

The following Troops were in Camp:

State Administrative Staff.

Detachment Q. M. C.

Headquarters and Headquarters Co., 67th Infantry, Brigade.

133rd Infantry, Iowa N. G.

168th Infantry, Iowa N. G.

113th Cavalry, Iowa N. G.

186th Ambulance Co., Iowa N. G.

6. Target Range:

Target Practice was held for all Troops including Machine Gun and Machine Rifle. Infantry Regiments alternated on their portion of the range, while the Cavalry alternated Squadrons on their section.

7. Instruction:

There was a shortage of Instructors in both the Infantry and Cavalry Regiments, the Officers and Non-Commissioned Officers on duty with the Iowa N. G., not being sufficient to obtain the best results in Camp.

Lt. Col. I. S. Martin, Cavalry, detailed with the Cavalry Regiment, rendered very efficient service.

The detail that gave instruction in Chemical Warfare service were of great value to those organizations.

The Terrain Team (Lt. Colonels George W. Harris and Charles W. Tillotson) from Fort Leavenworth did excellent work and were of material benefit to the Officers of the Camp.

8. Training Program:

With the exception of a few minor changes the Training Program was closely followed.

9. General Police and Sanitation:

The general police and sanitation throughout the camp was "Very Good," due to the special efforts of the regimental Commanders and the Chief Surgeon.

10. Discipline and Morale:

The discipline throughout the camp was "Excellent" and the Morale was high.

W. A. Cornell,

Lt. Col., Cav., D. O. L.

113TH CAVALRY, IOWA NATIONAL GUARD

Camp Dodge, August 28, 1922.

Memorandum:

Pursuant to Memorandum issued from Brigade Headquarters, Camp Dodge, Iowa, August 16, 1922—Captain Maxwell A. O'Brien, Troop "F" 113th Cavalry, Iowa National Guard, and 1st Lieut. Philip J. Crail, Troop "D" 113th Cavalry, Iowa National Guard, submit the following report:

The above named officers spent most of the time allotted to observations of the methods used by the officers and the actions of the men, and the condition and training of the horses, and taking into consideration the fact that the regiment is only one year old, the men practically all recruits, it is believed that the officers and organizations have a good basic understanding of what is expected of them, as officers and men.

We found the morale of the regiment, particularly that of the second squadron, to be excellent and the spirit of co-operation existing between the officers and men was of the best.

In a spirit of constructive criticism; your observers would suggest that the officers use more hand signals, especially for the minor commands, thereby doing away with considerable noise and confusion, that was noticeable at various times.

We further suggest that more of the fundamental principles of equitation be taught both officers and men.

A number of the farriers and stable sergeants did not know their prescribed duties and required the assistance of the veterinarian for minor injuries and ailments that they should have been able to care for.

That on marches participated in by this regiment the head of the

column did not observe the regulation gaits prescribed, thereby causing confusion and unnecessary fatigue on the end of the column.

Respectfully submitted,

Capt. Maxwell A. O'Brien,
1st Lieut. Philip J. Crail.

HEADQUARTERS 1ST BATTALION, 185TH FIELD ARTILLERY, IOWA NATIONAL GUARD

Davenport, Iowa, August 26, 1922.

To: The Adjutant General of Iowa, Des Moines, Iowa.

Subject: Annual Encampment, 1922.

1. The following report concerns the Federal Encampment, held at Camp Knox, Ky., from August 6 to 20, 1922.

2. The trip was made in Standard Pullman Sleepers, leaving Davenport at one o'clock, p. m., August 4th over the C., B. & Q. R. R., from Chicago to Louisville over the Monon, and from Louisville to Camp Knox over the I. C.

3. The fifteen days at Camp Knox were very successful, considering the amount of wheeled and motor equipment available. The Iowa Artillery were supplied with 18—5-ton Holt tractors. After the second day of driving instruction it was found necessary to discard six of the tractors, as they were badly run down and it was not deemed advisable to use the tractor drivers for repairing the tractors. It was thought that the time should be devoted to the more important work of instruction, therefore, on days of firing, we were only using one platoon of each Battery in our firing work as the tractors, when taken out, would cause considerable confusion and unnecessary work for the mechanics and drivers, thereby delaying the organization in getting into position.

4. The Headquarters Detachment and Combat Train was not given the proper instruction, as no motor trucks or motor cycles were available for instruction purposes.

5. The return trip was made over the I. C.—Big Four—and C., M. & St. P. R. R., passing through Louisville and Chicago. The service of all lines on which we travelled was good, but wish to mention especially the courtesy and service of the Big Four, which was excellent, and it is recommended that, if the Iowa Artillery is ordered to Camp Knox next year, they be routed from Davenport to Chicago over the C., B. & Q. R. R.—from Chicago to Louisville over the Big Four, and from Louisville to Camp Knox over the I. C. The above named roads gave the best service on this year's and last year's trips.

HEADQUARTERS SEVENTH CORPS AREA

Office of National Guard Affairs

Omaha, Nebraska, March 7, 1923.

Subject: Field Training, 1923.

To: The Adjutant General of Iowa, Des Moines, Iowa.

1. It is desired that you submit estimate covering the field training of the Ambulance Co. No. 186, and the Infantry and Cavalry organizations, Iowa National Guard, at Camp Dodge, Iowa, in accordance with letter from this office dated January 27, 1923, subject: "Field Training." The Army Appropriation Bill has been passed by Congress and the Chief of the Militia Bureau must have information as to the immediate needs of the several States in order that the appropriated funds may be allotted to them in accordance with their requirements.

2. The place of field training of your Field Artillery with reference to Fort Sill, Camp Custer and Camp Knox is still problematical. Conditions as to firing are congested in the 5th Corps Area at Camp Knox, and the availability of the range at Camp Custer is still undetermined.

3. While it is necessary to hold your estimate with reference to your Artillery in abeyance, it is desired that you be prepared to make an immediate supplementary estimate when the location for the summer training of your Field Artillery has been selected.

4. For your use, an additional copy of instructions for the preparation of estimates is inclosed, in accordance with which you will please prepare your estimates.

For the Corps Area Commander:

Frank Halstead,

Officer in Charge of National Guard Affairs.

In submitting estimates of encampments which it is contemplated to hold during the calendar year, 1923, care should be taken to submit such estimates in detail showing amounts required in the following form:

(a) Proposed dates and places at which encampments are to be held.

(b) The organizations which will attend should be listed separately.

(c) Amount required for rental of camp grounds, if necessary.

(d) Items of temporary construction or repair of camp sites should be explained in detail.

(e) Officers and enlisted men should be listed by rank or grade respectively.

(f) The amount estimated for pay of officers and enlisted men should be shown separately stating the number of days upon which pay is based and additional amount for subsistence allowance.

No allowance of longevity or rental of quarters should be included.

(g) Number of garrison rations required and the rate per ration. Computation of ration for enlisted men, while traveling, should state the rate per diem and the number of hours of travel necessary.

(h) Transportation for officers and enlisted men for the necessary travel by rail including sleeper, if required, together with the number of days travel to and from the encampment.

(i) Freight transportation for material and animals which will be necessary for instruction purposes only.

(j) The forage for the federal animals which will be required.

(k) Hire of animals for instruction purposes.

(l) Forage for hired animals.

(m) Gasoline and oils for use at camps, if necessary, showing number and kind of trucks or motorized equipment.

MISCELLANEOUS

(1) The items under this heading must be shown in detail. No supplies other than those required during the period of the encampment should be included as all organizations will go to camp fully equipped.

(2) A recapitulation of expense should be shown at the end of estimate.

(3) Any other items not covered by this form, but authorized, must be shown in detail including all pertinent facts pertaining thereto.

IMMEDIATE ACTION LETTER

Encampment Letter No. 1.

Subject: Mobilization Plan.

To: All Organization Commanders, Iowa National Guard.

1. In order that thorough and systematic preparation may be made for the mobilization of the National Guard of this State in connection with any emergency, either National or State, or for Annual Camps, the following plan will be followed.

2. It has been found more satisfactory to issue mobilization instructions by letter than by orders. Letters touch on one subject at a time and lead in progressive detail up to the date of departure of troops to the mobilization point.

3. The procedure followed the past two years in mobilizing for annual camp, has proven satisfactory in every respect, and will constitute the plan for mobilization in all emergencies, with such changes as to title of letters and the use of telegrams, and telephones, as time and seriousness of the emergency demands.

4. All organizations and units will therefore keep a file of all Encampment Letters beginning this year, (1923) as a permanent office file, and it will constitute the State plan for mobilization.

Encampment Letter No. 2.

Subject: Annual Encampment 1923—Iowa National Guard.

To: The U. S. P. & D. Officer—State Headquarters, Des Moines.

1. The annual encampment of the Iowa National Guard will be held, subject to authority from the War Department and the desires of the Governor of Iowa, as follows:

(a) Camp Dodge, Iowa—August 7th to 21st inclusive.

Troops will leave home station August 6th and return August 22nd, the additional two days covering travel is authorized.

State Staff Corps and Departments.

67th Infantry Brigade Headquarters and Headquarters Company.

133rd Infantry Regiment.

168th Infantry Regiment.

113th Cavalry Regiment.

186th Ambulance Company.

(b) Camp Knox, Kentucky—August 12th to 26th inclusive.

Troops will leave home station August 10th and return, arriving August 28th. The additional four days or fraction thereof, covering travel is authorized.

Battalion Headquarters 185th Field Artillery.

Battalion Hq. Det. and Combat Train 185th F. A.

Battalion Medical Det. 185th F. A.

Battery "A," 185th Field Artillery.

Battery "B," 185th Field Artillery.

Battery "C," 185th Field Artillery.

2. It is contemplated that officers and enlisted men of State Staff Corps and Departments; officers and enlisted men of the 67th Infantry Brigade Headquarters, and Headquarters Company; all Regimental and Field officers Infantry and Cavalry; Commanding Officers and mess sergeants of all Infantry and Cavalry medical units; all officers and enlisted men 186th Ambulance Company; mess sergeants and cooks of all other Infantry and Cavalry units, except Service Companies and Troops, will mobilize at Camp Dodge four days immediately preceding the date for camp.

Service Companies and Troops, less bands, will mobilize four (4) days immediately preceding the date for camp.

3. Under the provisions of Paragraph 629 N. G. R. as amended by Circular Letter M. B. 103, 1922, Bulletin 53, A. G. O. Iowa, dated December 12, 1922, you will prepare for the Governor's signature, requisition for funds necessary to defray the expense of the camps.

In this connection, you will bear in mind that the troops mobilized at Camp Dodge will be quartered under canvas, and in consequence, immediate survey will be taken by you relative to the supply of canvas available in warehouse at Camp Dodge. This survey will cover the following in sufficient number:

Field Officers—Wall Tents with fly (Reg. Hq. & Field Officers)

Large Wall Tents with fly (Reg. Office)

9x9 Tents with fly (Co. Officers)

For each Regiment:

Hospital Tent—Ward—for recreation Bldg. and church

Pyramidal Tents for enlisted men

Storage Tents for Regimental Supply

Tents for Hospital Units

with all necessary poles, pins, and guy ropes. Any shortage found will be requisitioned for at once.

4. The troops mobilized at Camp Knox will be quartered in cantonment buildings, and guns, tractors and ammunition will be supplied at that point. They will however, bring with them, the following:

Cots and bedding.

Signal Equipment.

Personal Equipment.

Subsistence and other Q. M. supplies cannot be furnished at Camp Knox. They can be purchased in Louisville.

5. Meals in kind will be furnished the troops while en route to mobilization point at Camp Dodge, and return to home station. It being impracticable to furnish meals in kind for the Artillery units, while en route to Camp Knox, you will anticipate the maximum computed allowance of \$1.20 in lieu of the necessary travel ration.

6. In preparing your estimates, great care will be taken to submit such estimates in detail, showing amounts required in the following forms:

(a) Proposed dates and places at which encampments are to be held.

(b) The organizations which will attend, will be listed separately.

(c) Amount required for preparation of Camp Grounds. Items of temporary construction or repair should be explained in detail.

(d) Officers and enlisted men will be listed by rank or grade respectively.

(e) The amount estimated for pay of officers and enlisted men will be shown separately, stating number of days upon which pay is based and additional amount for subsistence and quarters.

(f) No allowance for longevity or rental of quarters will be included.

(g) Number of garrison rations required and rate per ration. Computation of ration for enlisted men, while traveling, should state rate per diem, and the number of hours of travel necessary.

(h) Transportation for officers and enlisted men for the necessary travel by rail including sleeper, if required, together with the number of days travel to and from encampment.

(i) Freight transportation for material and animals which will be necessary for instruction purposes only.

j) Forage for the Federal Animals which will be required.

(k) Hire of animals for instruction purposes, as follows:

Mounts for officers and certain enlisted men.

Draft animals for wagons, machine guns, howitzers, and mounted band for cavalry.

(l) Forage for hired animals.

(m) Veterinary supplies.

(n) Preparation of motor transportation.

(o) Gasoline and oil for motor transportation.

(p) Kerosene for truck lights.

(q) Coal and wood for cooking.

(r) Ice.

(s) Water and light.

(t) Telephone service.

(u) Garbage Disposal.

(v) Straw for bedding.

(w) Preparation of Rifle Range for firing.

(x) Bedding for animals.

7. The items under this schedule must be shown in detail. No supplies other than those required during the period of encampment should be included, as all organizations will go to camp fully equipped.

A recapitulation of expenses will be shown at the end of estimate.

Any other items not included herein, but which are authorized, must be shown in detail, including all pertinent facts pertaining thereto.

8. An early accomplishment of the details indicated herein is desired, and immediately on completion thereof, the estimate will be submitted to the Governor, through this office.

Encampment Letter No. 3

Subject: Training Schedule for Annual Encampment, Iowa N. G.

To: The Commanding General, 7th Corps Area, Omaha, Neb.

1. In view of M. B. Circular Letter No. 4, dated January 5, 1923, and letter Headquarters 7th Corps Area, dated January 20, 1923, on same subject, it is the desire of the state officials to be advised relative to the training schedule for the National Guard troops of this state covering the annual encampment 1923.

(a) What officer will prepare the schedule for the Infantry units?

(b) What officer will prepare the schedule for the Cavalry units?

(c) What officer will prepare the schedule for the Artillery units?

2. The Instructor at state headquarters is a Cavalry Officer.

The Infantry regiments of this state have two instructors each.

The Artillery units of this state have no Regular Army Instructor on duty.

The Medical units of this state have no Regular Army Instructor on duty.

The Cavalry units of the state have two instructors.

3. Preparation for the annual camps is now under way, and this information is required as soon as practicable.

Encampment Letter No. 4

Des Moines, Iowa, March 30, 1923.

Subject: Annual Camp of Instruction, Iowa N. G. 1923.

To: The Hon. N. E. Kendall, Governor of Iowa, State House.

1. This department is preparing the estimates covering Camp of the Iowa National Guard for this (1923) year, and it is important that the dates of the Camp be indicated to the War Department.

It is recommended that the following troops go into camp at Camp Dodge, August 7th to 21st, inclusive:

State Staff Corps and Departments.

Headquarters and Headquarters Company, 67th Infantry Brigade.

133rd Regiment of Infantry.

168th Regiment of Infantry.

113th Regiment of Cavalry.

186th Ambulance Company.

It is recommended that the following troops go into Camp at Camp Knox, Kentucky, August 12th to 26th, inclusive:

Battalion Headquarters 185th Field Artillery.

Battalion Hq. Det. and Combat Train, 185th F. A.

Battalion Medical Det. 185th Field Artillery.

Battery "A", 185th Field Artillery.

Battery "B", 185th Field Artillery.

Battery "C", 185th Field Artillery.

2. Your reply will govern my recommendation to the War Department, and I would appreciate your indicating in your letter, the date you desire to have set aside as "Governor's Day", at Camp Dodge, as the advance preparation of the training schedule should provide that that day be left free from other duties.

In this connection, I desire to suggest that the Governor arrange for a visit to the troops at Camp Knox, Kentucky. These troops have held their annual field training at that point for the past two years, and have been rather neglected by State Headquarters, insofar as personal visit and inspection is concerned.

I would also appreciate any suggestions the Governor may see fit to make relative to the subject.

Subject: Annual Encampment 1923—Troops to Camp Dodge, Iowa.
To: The Commanding General, 7th Corps Area, Omaha, Neb.

1. Under the provisions of Par. 460, N. G. R. 1922, authority is requested to hold a fifteen day encampment at Camp Dodge, Iowa, for the following organizations of the Iowa National Guard:

State Staff Corps and Departments
Hq. and Hq. Co. 67th Infantry Brigade
133rd Regiment of Infantry
168th Regiment of Infantry
113th Regiment of Cavalry
186th Ambulance Company

2. The dates to be August 7th to 21st, inclusive. All units to be allowed one day additional to cover travel from home station to Camp Dodge, and one day from Camp Dodge to home station.

3. Authority is requested to mobilize the following officers and enlisted men for a four-day school of instruction immediately preceding the camp date:

Officers and enlisted men State Staff Corps and Departments.
Officers and enlisted men Brigade and Brig. Hq. Co.
All Regimental Field and Staff Officers.
Commanding Officers and Mess Sergeants of all Regimental Medical Detachments.
Mess Sergeants and Cooks all units.
Officers and enlisted men 186th Ambulance Co.
Officers and enlisted men, less Band section, of Service Companies and Troops.

4. Requisitions for funds covering the encampment will be prepared for the signature of the Governor, and will be forwarded immediately on receipt of authority for the camp.

5. The training schedules will be prepared immediately on receipt of your reply to our Encampment Letter No. 3, dated March 29, 1923, and as soon as completed will be forwarded to your headquarters for approval.

Encampment Letter No. 6

Subject: Annual Encampment, 1923—Troops to Camp Knox, Ky.
To: The Commanding General, 7th Corps Area, Omaha, Neb.

1. Under the provisions of Par. 460, N. G. R. 1922, authority is requested to hold a fifteen day encampment at Camp Knox, Kentucky, for the following organizations of the Iowa National Guard:

Battalion Headquarters—1st Bn. 185th F. A.
Battalion Hq. Det. & Combat Train, 1st Bn. 185 F. A.
Battalion Med. Det. 1st Bn. 185th F. A.
Battery "A", 185th F. A.
Battery "B", 185th F. A.
Battery "C", 185th F. A.

2. The dates to be August 12th to 26th inclusive. All units to be allowed two days additional to cover travel from home station to Camp Knox, and two days from Camp Knox to home station.

3. Requisitions for funds covering the encampment will be prepared for the signature of the Governor and will be forwarded immediately on receipt of authority for the Camp.

4. The training schedule will be prepared according to instructions you may include in your reply to our Encampment Letter No. 3, dated March 29, 1923, and as soon as completed, will be forwarded to your Headquarters for approval.
By Order of the Governor.

Encampment Letter No. 7

Subject: Regular Army Personnel to attend Annual Encampment, Iowa N. G. August 7th to 21st inclusive—Camp Dodge, Iowa.
To: Commanding General 7th Corps Area, Omaha, Neb.

1. In view of the fact that authority has been requested to hold annual encampment for certain organizations, Iowa National Guard at Camp Dodge, August 7th to 21st, inclusive, it is requested that the following commissioned and enlisted personnel of the Regular Army be detailed to attend, under the provisions of 461, 462, and 463, National Guard Regulations, 1922:

1—Major or Captain, as instructor for Brigade and Regimental Adjutants and Sergeants Major.

1—Medical Officer (Lt. Colonel) for Camp Headquarters.

1—Q. M. C. Officer, Supply, (Major or Captain) for Camp Headquarters.

1—Captain (Graduate Cooks and Bakers School) as instructor camp mess officers.

6—Infantry Officers (Captains and Lieutenants) one for each of the six Infantry Battalions.

2—Machine Gun and Howitzer Officers, one for each regiment of Infantry.

3—Cavalry Officers (Captains and Lieutenants) for Cavalry Regiment.

3—Sergeants Major, Infantry, one for camp, and one for each Infantry Regiment.

1—Sergeant Major, Cavalry, for Cavalry Regiment.

1—Hospital Sergeant for Camp Hospital and Ambulance Company.

1—Quartermaster Sergeant, Q. M. C.

2—Machine Gun Sergeants (Camp Benning Graduates if possible)

Encampment Letter No. 8

Subject: Authority for travel days for Annual Camp.

To: The Chief, Militia Bureau, Washington, D. C.

1. Attached hereto is correspondence relative to estimate for funds for annual camp of Iowa Field Artillery, and your attention is invited to the first indorsement of the O. I. C. N. G. A., 7th Corps Area, sub paragraph (a).

2. The National Defense Act provides that organizations of the National Guard shall participate in encampments, maneuvers, etc., at least 15 days in training each year. A period of 15 days actual training is none too long, and if the Chief, M. B. rules that the days of travel from home station and return be deducted from the training period, it will eliminate at least three days from actual training time. This deduction as follows:

- (1) one day from home station to camp
- (1) one day setting up camp
- (1) one day breaking camp and entraining

This would apply to troops going into camp at Camp Dodge. The Artillery troops going into camp at Camp Knox, would require at least two days each way for travel.

3. Authority was granted last year for the additional travel days. It is therefore, requested that similar authority be granted for the F. Y. 1924 encampment, as follows:

Troops to Camp Dodge, Iowa

2 days travel from and to home station

15 days actual training in camp

Troops to Camp Knox, Ky.

4 days travel from home station and return

15 days actual training in camp

4. In order to expedite estimate for funds for transmittal to Headquarters 7th Corps Area, it is requested that authority for the extra travel days in addition to the 15 days' actual training, be telegraphed, collect.

The Adjutant General.

Encampment Letter No. 9

Subject: Bill of Fare for 100 men for one week, at annual camps

To: All Organization Commanders, Iowa National Guard

1. The menu submitted here below has been carefully prepared with a view of furnishing Mess Officers and Mess Sergeants with a guide to what should constitute a balanced ration for men under training conditions.

2. An examination will show that the food provided for each day contains not only the necessary number of "calories" for the work involved, but also a sufficient quantity of the three necessary food factors which may be necessary to maintain good health under training conditions.

3. In figuring out the cost of the ration on this menu, it is taken that the Army Ration would cost about thirty cents. But with an allowance of fresh fruit, and cereal for breakfast—a salad of some raw vegetable like tomatoes, cucumbers, onions, lettuce or cabbage—a pint of fresh milk or buttermilk for each person per day, added will bring the cost of the ration to approximately 45c per day in any training camp within the continental limits of the United States.

4. It is not intended that the bill of fare should be blindly followed for the articles of each meal. It will be found that quantities will vary according to the appetites of the members of the mess and the local markets. In some instances a liberal allowance of milk and sugar has been provided over and above what would be used for the particular meal, but as a rule a pint of milk per day has been provided for each person, which is to be used in some form. The same thing may be said of fruits, cereals and fresh vegetables. It will be found there is a liberal allowance of money to provide for seasonings, condiments, and spices used, although these articles have not been estimated in each case.

Encampment Letter No. 10

Subject: Approval of the Governor for Camp Dates

To: All Organization Commanders, Iowa National Guard

1. The following letter from the Governor and Commander in Chief, is published for the information of the National Guard of the State:

"Executive Department

State of Iowa

Des Moines, Iowa, April 5, 1923.

Gen. Louis G. Lasher,

Adjutant General,

State House

My dear General:

I am in receipt of your letter of the 30th ultimo, and I approve the date you recommend for the camp, namely, August 7th to 21st, inclusive at Camp Dodge, and August 12th to 26th, inclusive at Camp Knox. Any day you may determine upon as "Governor's Day" will be satisfactory to me.

The duties of this position are so engrossing that I doubt if it will be possible for me to be absent to visit the Camp in Kentucky, especially since this date is practically concurrent with that of the encampment at Camp Dodge. Nothing would please me more than to visit the boys at Camp Knox, and it may be possible that it can be arranged.

Always with personal regard, I am,

Very truly yours,

By Order of the Governor:

N. E. KENDALL

Encampment Letter No. 13

Subject: Training Schedule for Annual Encampment, Iowa N. G.

To: Lt. Colonel W. A. Cornell, Cavalry D. O. L.

1. Your attention is invited to the following first indorsement to Encampment Letter No. 3, addressed to Commanding General 7th Corps Area:

"354.1—Iowa

1st Ind.

Hq. Seventh Corps Area, Office of National Guard Affairs, Omaha, Neb., April 5, 1923.—To the Adjutant General of Iowa, Des Moines, Iowa.

1. Training Memorandum No. 1, these headquarters, will be issued in a few days and will answer part of the questions above.

2. Questions asked in paragraph 1 of basic letter are answered as follows:

(a) Lieutenant Colonel W. A. Cornell, Cavalry, will, after consulting with you and the higher commanders interested, assume the responsibility for preparing the programs of instruction covering the encampment period. In this work he will be at liberty to call upon the Infantry officers to prepare the Infantry part of the program. He and Captain Branson should prepare the Cavalry part. There being no Artillery officer on duty, Colonel Cornell will probably call upon the Major of the Artillery battalion to submit a program.

Lieutenant Colonel Jay R. Shook, Medical Corps, Kansas City, Missouri, being detailed as Instructor for all Medical units, in the Corps Area, should be called upon to prepare the Medical program.

These programs will then be submitted to these headquarters for approval.

When programs have been approved detailed schedules should be made out by responsible commanders. See the distinction made between a

program and a schedule in paragraph 55, Training Regulations, 10-5, War Department, 1921.

If you prefer to do it, you may submit your schedules of instruction for approval without previously submitting a program. The program will be evident from the schedule.

3. It is expected that the officers who will come from Fort Leavenworth to conduct terrain exercises in the Organized Reserve Camps, July 16 to 30, will be available to prepare and conduct terrain exercises for National Guard camps in August.

Your camp will be provided for as fully as possible under the circumstances.

For the Corps Area Commander:

Frank Halstead,

Officer in Charge of National Guard Affairs."

2. In this connection you are advised that letter from Hq. 7th Corps Area, dated Mar. 30, 1923, informs that the Militia Bureau has ruled that the 15 day camp shall include the time necessary for travel to and from Camp, about 24 hours of travel being involved.

3. In view of the ruling quoted, you will, in preparing the training schedules, take into consideration the following facts, so as to permit the program being started the second day after mobilization at camp, and ending next to last day of camp. The first day of the training period will be consumed by travel to camp. The last day of the training period will be consumed by travel to home station. The second day of the training period will be consumed in making camp, and coordinating the camp activities.

This will leave but 12 days for actual training from which one day will be devoted to Governor's Day. Actually 11 days only can be devoted to training, five of which will be on the rifle range.

It is further desired that the schedule and program be so arranged that the first few days provide a minimum of exertion, as the personnel are not in physical condition to receive the maximum. The work should be progressive in its relation to the physical strain on the men.

In the case of the Artillery units to Camp Knox, Kentucky,—two days to Camp Knox and two days returning to home station should be allowed, and the schedule and program be confined to 11 days' training.

4. It is a self evident fact that the National Guard of this and possibly other states, will go into camp this year, under very serious difficulties, and it is desired that every effort be made by all concerned, to meet these difficulties and give the troops every benefit possible.

5. A copy of Training Memorandum No. 1, Hq. 7th Corps Area, is attached for your information.

Louis G. Lasher,
The Adjutant General.

530-531;

682-695.

Training Circular No. 1, Militia Bureau, January 29, 1923.

Training Regulations, 10-5, W. D., 1921.

1. Training Circular No. 1, Militia Bureau January 29, 1923, states the objects in view and the policy to be followed in field training of the National Guard.

2. The Chief of the Militia Bureau has stated, in acting on estimates, that for the fiscal year 1924 no schools of instruction will be authorized other than those made a part of the regular encampment periods; also that the period of training will be limited to fifteen days, which must include necessary time consumed in travel.

3. The available instructional period will be divided so that the proper proportions will be allotted for:

- (a) Individual training
- (b) Tactical training of small units
- (c) Target practice, for those units which do not have facilities for target practice at home stations
- (d) Tactical training of field officers by means of terrain exercises and tactical walks or rides
- (e) Tactical training of units larger than a company.

In the division of time the state of armory instruction and the instructional needs of organizations and individuals must govern.

4. Programs for battalions and higher units should provide for such tests and inspections as will permit the commander to judge the proficiency attained.

Individuals whose instruction is less advanced than others of their organization should be given separate and intensive instruction in order that progress of the organization may not be delayed.

5. Under the authority contained in Par. 459, National Guard Regulations, 1922, the senior Regular Army Instructor on duty with the National Guard in the several states, will, in consultation with the state authorities and the higher commanders, prepare the necessary programs of instruction for the encampment. In this he will be assisted by the other Regular Army officers on duty in the state.

Detailed schedules of instruction will be prepared by the responsible commanders in accordance with the approved program of instruction.

6. Standards of proficiency will be as set forth:

- (a) For Infantry: War Department Doc. 844.
- (b) For Cavalry: Cavalry Memo. No. 3, March 3, 1921.
- (c) For Field Artillery: Field Artillery Memo. No. 7, W. D., March 11, 1921.

7. The senior Regular Army officer on duty in each camp will make the necessary assignments of officers for the field inspection required by Par. 462, National Guard Regulations, 1922.

8. Such Regular Army officers and non-commissioned officers as are or may be placed at the disposal of the Corps Area Commander for the purpose will be ordered to duty at National Guard encampments.

9. Organizations proceeding to camp other than their own state camp, will be informed of the facilities and equipment available to them at such camp. They will take with them the additional equipment required for efficiently carrying out the prescribed programs of instruction.

Requisitions for artillery ammunition should request delivery at the point where practice is to be held.

10. When a National Guard organization proceeds to a camp other than its own, if possible, a small advance detachment, including a supply officer, should precede the organization, for the purpose of locating the assigned camp area, drawing available equipment, etc. Upon termination of the encampment, the camp area should be thoroughly policed and, if possible, a small detail should be left behind to turn in the property.

To: The Adjutant General of Iowa, Des Moines, Iowa.

1. Reference Encampment Letter No. 7, the Citizens' Military Training Camps to be held August 1st to 30th will constitute a heavy tax on the officers available to the War Department and the Corps Area Commander.

An effort will be made to supply such commissioned and non-commissioned assistants as is required in addition to the officers and enlisted men now on duty with the Iowa National Guard.

2. The reduction in number of officers made by Congress last year has considerably reduced the number available for details this year.

Also due to the demotion of noncommissioned officers carried into effect March 31 by failure of Congress to provide necessary legislation, the allotment of non-commissioned officers will be reduced.

Encampment Letter No. 16

Subject: Camp Hospital

To: Lt. Col. Wilbur S. Conkling, Chief Surgeon, Iowa N. G.

1. Under the provisions of Encampment Letter No. 11, the annual encampment 1923 for the following troops, Iowa N. G. will be held at Camp Dodge, August 7 to 21, inclusive:

State Staff Corps and Departments
Headquarters and Hq. Co. 67th Inf. Brigade
133rd Regiment of Infantry
168th Regiment of Infantry
113th Regiment of Cavalry
186th Ambulance Company

2. You are authorized to establish a Camp Hospital such as has been authorized for the past two years.

3. The 186th Ambulance Company will function under your command, and such commissioned and enlisted personnel necessary to efficiently maintain the Camp Hospital will be drawn from that unit.

4. You are also authorized to employ the necessary female nurses which in your judgment will be required, at such compensation as will permit the employment of a competent and efficient staff. They will be paid by the state on state pay rolls provided.

5. It is desired that you confer with the Adjutant General at your earliest convenience relative to any essential repairs or alterations to the building set aside for Hospital purposes, and also the question of proper housing for the female nurses. Any matters which may come up on this subject on which you are in doubt, will be met in conference with the Adjutant General, otherwise you will proceed with full authority.

Encampment Letter No. 17

Subject: Annual Camp 1923—Command

To: Brig. General M. A. Tinley, Comdg. 67th Infantry Brigade, Iowa N. G.

The first indorsement from Hq. 7th Corps Area, to Encampment Letter No. 5, published in Encampment Letter No. 11, authorizes a fifteen day encampment at Camp Dodge, Iowa, August 7th to 21st, inclusive, for the following organizations Iowa National Guard:

State Staff Corps and Departments
Hq. and Hq. Co., 67th Infantry Brigade
133rd Regiment of Infantry
168th Regiment of Infantry
113th Regiment of Cavalry
186th Ambulance Company

You will note by reference to Encampment Letter No. 11, that the 15 days allowed must include the time required for travel to and from camp, and that no funds will be available for schools of instruction. Later authority via telegram as quoted in Encampment Letter No. 12,

adds one day additional for travel when the time consumed exceeds eighteen hours. This last authority would not affect the troops ordered to Camp Dodge.

2. On the morning of August 7th, you will assume command of Camp Dodge, and all troops ordered to duty at that point will be under your jurisdiction.

3. This department has accomplished the preliminary arrangements, insofar as Encampment Letters Nos. I to 16 indicate, and it is desired that you prepare such orders, letters or memorandums in connection with the encampment as will insure the successful mobilization and training of the troops, for and during the short period allowed. Your desires will be communicated to the responsible officers by this department, through the medium of Encampment Letters, if you so desire.

4.—(a) The final order designating Camp Commander, troops ordered to Camp, dates of Camp, and hour of departure, will be issued by this department.

(b) Orders governing conduct of troops on and from date of departure for camp, travel orders, uniform to be worn and equipment to be carried by officers and men while enroute, and all other necessary orders pertaining to the prompt and efficient handling and control of the troops, will be issued from Brigade Headquarters, or from each regimental headquarters. Orders governing State Staff Corps and Departments, and the 186th Ambulance Company will issue from the Adjutant General, up to arrival at Camp.

Adjutant General's Department

Des Moines, Iowa, April 24, 1923.

Encampment Letter No. 18.

Subject: Loss of property at encampments, armories, etc.

To: All Officers, Iowa National Guard.

1. The following is extracted from Militia Bureau Circular Letter No. 38, now in the hands of the printer.

2. These extracts are for the purpose of giving advance notice of certain provisions of C. L. 38, which will govern surveys of property lost or stolen at Camp. The surveying officer has no choice in the matter, and must make his report on the evidence submitted.

3. The fact that a pistol was left in a tent while the soldier to whom it was charged, left the tent, and who upon his return found the pistol missing, is not sufficient to relieve the state from responsibility

or—a soldier placed his revolver, belt and holster in the tent while shaving, he saw an arm reach under the tent and remove the articles. An alarm was given at once and a search made, without result. This evidence is not sufficient to relieve the state from responsibility.

4. In order to prevent future losses of pistols and revolvers, under circumstances such as has been quoted, or for any other like reason, it is directed that hereafter during encampments, revolvers, pistols, field glasses and other similar articles, must be kept securely locked in chests or boxes, at all times when not actually in use on guard duty, at drill, or other authorized military duty; that the number of pistols and revolvers taken to camp be limited to the minimum actually required, and that each organization take to camp a suitable container, provided with proper locks, for the storage of these articles when not in use. This box or chest will be kept where it will be at all times under guard.

5. All small arms and field glasses, etc., at the armory, when not in use, will be securely locked up in a safe place.

6. Reports of survey covering pistols, revolvers, or other articles of similar value, lost or stolen from future encampments, or from armories, will definitely indicate whether or not the precautions mentioned have been complied with.

7. Failure to comply, will throw the responsibility and accountability on the shoulders of the organization commander, and he will be held under his bond.

By Order of the Governor:

Louis G. Lasher,
The Adjutant General.

Encampment Letter No. 19

Subject: Pay for Specialists Ratings

To: All Organization Commanders, Iowa N. G.

1. The Militia Bureau has ruled that the pay for specialists ratings does not accrue for duty at annual camps.

2. In view of the additional duties performed by cooks at camp, this department feels justified in announcing that cooks will be paid their specialist rating, from state funds. This will entitle each cook and second cook to the following additional pay:

Camp Dodge

Cooks, Spec. 4th Class—15 days.....	\$6.00
Cooks, Spec. 5th Class—15 days.....	3.00

Camp Knox

Cooks, Spec. 4th Class—17 days.....	\$6.80
Cooks, Spec. 5th Class—17 days.....	3.40

3. Company, Troop, Battery and other units having duly authorized cooks will submit state pay rolls covering their cooks at the above schedule.

Encampment Letter No. 20

Subject: Pay:—Maximum to each officer and enlisted man

To: All Officers, Iowa National Guard

1. For the information and guidance of all concerned, there is attached hereto a schedule of pay which can be received by all officers and enlisted men of the National Guard, if they meet all the requirements of the National Defense Act, and the regulations and orders issued by the War Department.

2. You will note column one (1) gives the number of drills for which pay can be claimed in any one year.

Column two (2) shows the monthly base pay.

Columns three (3), four (4), and five (5), show pay for one (1) drill: for one (1) year, and the total pay a commanding officer will draw by adding the \$240.00 per year.

Columns six (6), seven (7), eight (8) and nine (9), show the maximum commutation for quarters and subsistence, with and without dependents per month, and columns ten (10) and eleven (11) the amount per day.

Columns twelve (12), and thirteen (13), show the total amount possible to receive for camp period, and columns fourteen (14), fifteen (15), sixteen (16) and seventeen (17), show the total amount possible to receive in one year.

3. This schedule should be given wide publicity in your local community, and should be of great help in recruiting, in holding the interest of the men in your organization, and make a strong talking point before your business and professional men.

By Order of the Governor:

Louis G. Lasher,
The Adjutant General.

Encampment Letter No. 21

Subject: Personal property of patients in Camp Hospital.

To: Lt. Col. W. S. Conkling, Chief Surgeon, Iowa N. G.

1. The experiences of the past two years have emphasized the necessity for a more definite method of protecting the property of soldiers sent to the Camp Hospital for treatment during annual camp period.

2. Hereafter when a patient is received at the Camp Hospital, the officer in charged will cause a check to be made of all property belonging to the patient, this property will be put in a bundle or in a barrack bag, with the patient's name, organization, and contents on a tag, and the bundle or bag, held for him until his discharge, when it will be delivered to him and his receipt taken, or receipt from the responsible officer of the patient's organization.

3. In the past, when a patient was delivered to the hospital, his blankets, etc., were given to the driver of the ambulance, to be returned to his organization, with the result that surveys are being asked for property, which it is claimed was not returned.

4. It is desired that you bear this in mind when preparing your orders for the administration of the Camp Hospital.

Vital

Subject: Changes in National Guard Regulations: Affecting Pay of Officers

To: All Officers, Iowa National Guard

1. Your careful study of Change No. 3, N. G. R. 1922, is directed. These changes seriously affect the pay of all officers and the requirements indicated, must be met by all officers, to protect their pay status.

2. Your particular attention is directed to page 2 paragraphs (a) and (1), and particularly to page 3 under heading "Failure to Maintain Strength," which reads:

(a) "The officers belonging to a unit of the National Guard, are not entitled to Federal pay for Armory Drills or for Field duty, unless that unit complies with the requirements as to minimum strength laid down in paragraph 110 of these regulations."

This means that no officer will be entitled to Federal Pay, unless his unit is maintained at Minimum Strength. Furthermore the Finance Officer will govern himself strictly by the provisions of these changes,

and he will make payment on all rolls submitted for the period since March 22, 1923, under these regulations.

3. Every Officer must protect himself, and the only possible way to do it, is to get behind his organization and boost it up to the required strength, and keep it there.

Subject: Preparation of Train Schedules.

To: All Organization Commanders, Iowa National Guard.

1. The train schedules for the coming encampment are now under course of preparation. In order that arrangements can be made for railroad equipment, you are instructed to notify this office at once the approximate, maximum number of men you expect to bring to camp this year. This does not mean your present or authorized strength, but the strength you expect to bring to camp.

2. With reference to impedimenta to be brought, only articles of clothing and bedding are checkable at the rate of 150 lb. per man, therefore all other equipment, such as ammunition, rifles, pistols or any other equipment which may be in boxes or bales, other than bedding or clothing, G. I. cans, brooms, shovels, rakes, ranges, machine guns and their parts, machine gun carts and harness or horse equipment, etc., are not checkable, and must be covered by government B/L. Bearing this in mind, you will give an estimated rate of impedimenta, so that space in baggage car can be arranged for.

3. In previous years, some organizations have brought pianos and other articles not required for camp use, which cannot be covered by government B/L, and must not be brought into camp. Any unauthorized articles will be charged back to the organization at the prevailing freight rate.

4. You will reply immediately by filling out the questionnaire, cut off sign and return at once.

Encampment Letter No. 24

Subject: Rifle and Pistol Practice during Annual Camps

To: All Officers, Iowa National Guard

1. To avoid delay, while on the range, during the practice period at Camp, the following suggestions have been made, and are published for the information and guidance of all concerned.

(a) The details have been in the habit of reporting on the range, late. In view of the limited number of hours we have to spend on the range, lateness is inexcusable.

(b) The past two years' experiences have demonstrated that too much detail work has been left to the last minute. To correct this condition, a detail should be despatched to the range immediately after the day's firing is over, or after supper, if necessary, to prepare the range for the next day's firing.

The pit detail, telephone men, and all officers and men connected with the operation of the range, should report for duty, early enough to have the machinery in readiness by the time the troops report for firing, this should include a supply of ammunition being dumped at firing line.

(c) It must be made mandatory that the range, butts and pits and pit line be thoroughly policed after each day's firing, by the organization using the range that day.

(d) Rifles should be inspected at retreat each day, to insure that they are properly cleaned.

(e) Targets should be allocated to each organization the night before they begin firing. Every organization commander knows, (within a man or two), the number of men he will have available to fire the next day.

(f) Iced drinks should not be allowed sold on the range by the exchange. This is not to be construed as prohibiting iced lemonade, tea, etc., at the regular lunch hour, but the promiscuous use of iced drinks on the range was undoubtedly the cause of much of the heat prostrations in 1922.

2. Consideration of the suggestions contained herein will insure a smoothly working program, and save much valuable time.

3. These suggestions come from close students of range work, and are the result of years of observation and practice.

Louis G. Lasher,
The Adjutant General.

June 6, 1923.
"354.1

Subject: Chemical Warfare instruction for National Guard Camps.

To: The Adjutants General of all States in the Seventh Corps Area.

1. Training programs for all branches of the National Guard for the 15-day camps will include the following program for Chemical Warfare protection:

- 1st period of one half hour. This period will include practical instruction in the use of the gas mask.
- 2nd period of one half hour. This period will include a short explanation of the use of smoke and tear gas.
- 3rd period of one hour. This period will include a demonstration of the actual use of smoke and tear gas by a practical exercise with troops.

2. This instruction will be given by the Corps Area Chemical Warfare Officer, if practicable, or by a qualified instructor on duty at the camp. Chemical Warfare officers for regiments and battalions, and one

noncommissioned officer for each regiment, battalion and company should be appointed before the opening of camp. These men should be capable of giving Chemical Warfare instruction.

3. Shipments of chemical ammunition have been made to the various organizations. This ammunition should be available for use in the demonstration of the use of smoke and tear gas.

4. Where training programs have been approved it will not be necessary to submit revised programs to these headquarters.

Encampment Letter No. 27

Subject: Governor N. E. Kendall Trophy.

To: All Officers, Iowa National Guard.

1. The Board of Officers assembled under S. O. 86 A. G. O. Iowa, made the following recommendations covering the award of the Governor Kendall Trophy. These recommendations are approved, and will govern this year and each succeeding year, unless otherwise ordered by competent authority.

"Pursuant to S. O. 86, A. G. O., the Kendall Trophy Board met at the office of the Adjutant General, June 7th, 1923—

Present: Lt. Col. H. G. Geiger, President. Absent: None.

Major Fred R. Frost, Member.

Capt. Harry W. Sellers, Secretary.

1. The Board recommends that the following rules shall govern the awarding of the Governor N. E. Kendall Trophy.

2. The Trophy shall be known as the Governor N. E. Kendall Trophy, and shall be competed for annually.

3. Who shall compete:—All organizations of the Iowa National Guard armed or partially armed with the service rifle.

4. Where fired:—This competition shall be held during the annual encampment, and on such days as provided in orders for the firing of the record course as prescribed by rifle marksmanship for record (Special Course "C").

5. Computation of Scores:—All scores made in firing the record course shall be computed, by organization commanders, at the end of the prescribed firing period, as follows:

All scores fired for record in each organization, whether or not the entire course has been completed by each individual, shall be added and

the total shall be divided by the strength of the organization commissioned and enlisted present on first day of encampment, as shown by the morning report. The organization having the highest average so computed, shall be declared the winner and shall hold the Trophy for a period of one year. Bands of Service Companies or Troops shall not be included in computing the strength of the organization.

Promptly upon completion of firing, organization commanders will compute scores as above described and turn over to their respective regimental range officer.

6. Awarding of Trophy:—The respective regimental range officers after receiving reports of their organizations, shall convene at the call of the senior officer and they shall after checking reports, refer their report to the Kendall Board, who will make final announcement.

Encampment Letter No. 28.

Subject: Changes in National Guard Regulations, Enlisted Strength.

To: All Organization Commanders, Iowa National Guard.

1. Particular attention of all organization commanders is called to paragraphs 110, 111, and 932 National Guard Regulations. Paragraphs 110 and 111 were amended by change No. 3, N. G. R. Militia Bureau, March 22, 1923, paragraph 932 by change No. 4, Militia Bureau, June 13, 1923. These changes should be studied carefully as they affect the federal pay of organization officers.

2. Par. 110, as amended shows the minimum strength to be maintained by organizations in order that the officers will be entitled to pay, i. e. a rifle company organized and federally recognized with enlisted strength of fifty, must at the end of six months have 65 men, after that has been accomplished, a variation of ten per cent is allowed, therefore, as interpreted by this office, officers of a rifle company will be entitled to pay if there is 59 enlisted men in the organization. The same rule applies to other units in proportion to their authorized minimum strength.

3. Par. 932, sub-par. a-2 reads "National Guard units which cannot comply with the requirements laid down in sub-paragraphs (1), (a) and (b) above will not be sent to field training camps."

4. Organization Commanders whose units are under strength, or in danger of becoming so, before camp, should institute a vigorous recruiting campaign and keep it up until the last day before the date set for camp in order to bring their enlisted strength at least up to the required minimum.

5. The minimum strength for a rifle company to be eligible for camp is, 2 officers and 60% of 59 (minimum strength) 36 enlisted men, if however, the strength of the organization is over the minimum say 71 men, 60% of 71 or 43 enlisted men must be taken to Camp.

6. Make an active assistant to your recruiting officer of every man in your organization.

Encampment Letter No. 29

Subject: Ice Boxes.

To: All Organization Commanders, Iowa National Guard.

1. Each organization ordered to Camp Dodge for Annual Encampment, will provide itself with a box, approximately 36x28x30, made of not less than 1 in. lumber, well braced on sides and bottom, with hinged cover, to be used as an ice box. On arrival in camp a pit will be dug of sufficient depth to sink the box to within two inches of its top. The box may be used as a packing box for miscellaneous articles, while en route to Camp and return to home station.

2. The construction of the permanent latrines, kitchens and mess halls is well under way, but lack of time and funds will not permit all the kitchens and mess halls being completed, in consequence some of the companies and troops will necessarily be obliged to use this type of cold storage for their perishable supplies. It is, however, contemplated that all the concrete floors will be completed, with sewer and water connections, and an effort will be made to provide regular cooking ranges, sinks and tables on the floor but covered with kitchen fly and paulin which you will bring with you.

3. The detail covering the ice or mess box must be attended to at once.

2. The above letters, if followed closely, will insure a minimum of effort by all concerned, to accomplish efficient results.

3. It is desired to supplement the above letters with the following advice.

- (a) No Organization will be excused from camp without special authority from the Secretary of War.

Note: (An organization coming to camp under strength, will do so with the understanding that the officers will not receive pay for the camp period. For an organization to be excused from camp, sufficient notice must be given this Department to obtain the necessary authority from the Secretary of War, this notice must be submitted through channels.)

- (b) Transportation Requests will be furnished the Company and Troop Commanders by this department. They will be exchanged by him for railroad tickets. Additional instructions relative to this subject will be attached to the requests when forwarded to you.

- (c) Travel Subsistence for enlisted men will not be allowed, but in lieu thereof, a full day's ration will be issued on arrival at camp. This will necessitate each man providing himself with a lunch for the period of travel. No allowance is authorized for expense incident to assembling men at Armory or for their maintenance, other than from date of departure from home station to date of return thereto; both dates inclusive.
- (d) The following records and office supplies will be brought to camp:

Two steel filing cases.
1 Typewriter.

Field Desk, containing

Pencils.
Typewriter paper.
Carbon paper.

Service Records of enlisted men.

Enlistment papers of enlisted men.

Morning Reports.

All training manuals.

A list in duplicate, of officers and men attending camp.

A list in duplicate, of officers and men absent from camp, with statement as to cause of such absence.

- (e) The Company or Troop field desk, typewriter and filing cases, will be carried in the passenger coach.
- (f) The morning reports will show the number and grade of officers and men, on the left side of the report, and will give the name of each officer and man under "remarks" on the right side of the report. On last page of the report under "Record of Events," will be shown the date and hour of departure from home station, and arrival at camp.

- (g) Each organization is entitled to transport 150 lbs. of baggage for each man, and will consist of wearing apparel, bed rolls, packs, and personal effects. All other equipment such as, machine guns with accessories, field ranges, saddles and ammunition, and any other equipment other than listed as checkable, will be listed in triplicate, showing each article, its weight and description; one list will be left with the Railroad Agent, at home station, one list will be given the Camp Q. M. on arrival at camp, and one list will be retained in your files.

- (h) Each organization will bring their field range, and equipment, also the following:

Garbage cans,

Brooms, rakes, mops, scythes, etc.

Enough overcoats to protect their guard details.

Dish towels and all other kitchen supplies to properly care for their kitchens.

By Order of the Governor:

Louis G. Lasher,
The Adjutant General.

HEADQUARTERS IOWA NATIONAL GUARD

Adjutant General's Department

Des Moines, Iowa, July 17th, 1923.

Encampment Letter No. 37.

Subject: Authority for placing Q. M. Det. on duty July 24th.

To: Major H. D. Coe, Q. M., Iowa National Guard.

1. You are authorized to order the Q. M. Det. State Staff Corps & Detachments for duty at Camp Dodge, beginning July 24, 1923, pay and subsistence for same at state expense. This organization will report to you on the morning of Tuesday, July 24, and you will utilize them to make the final preparations for the reception of the advance details arriving Aug. 3, and the main body of troops on Aug. 7.

2. These preparations will consist of the following:

- (a) Fix warehouse so as to provide exclusive storage space for each regiment. These rooms will be divided by heavy wire partitions, and each will have a door independent of the others.
- (b) Detail an officer and sufficient enlisted men, to lay out the camp site.

(c) Provide sufficient canvas for each regiment, as follows:

- 1—9x9 Tent for Regimental Commanders (Sleeping quarters).
- 1—Storage Tent for assembly purpose.
- 1—Storage Tent for Regimental Offices.
- 1—9x9 Tent for Regimental Adjutant and each of the Field Officers.
- 1—Pyramidal Tent for each line officers' latrine, 13 in number for entire camp.
- 1—Storage Tent for Reg. Medical Hq.
- 1—Large Hospital Tent for Regimental Mess.
- 1—Pyramidal Tent for 1st Sgt. quarters & orderly room.

Inasmuch as steel cots will be used, you will figure only 6 men to a tent.

You will arrange to furnish tables for regimental mess, and mosquito bar to screen the mess tent and kitchen.

3. All company kitchen floors which are completed with water connections and brick chimneys, will be provided with one of the new ranges, and you will arrange to set up same. Those floors not completed, will not have ranges furnished, consequently the organization in that particular area will use their field ranges. It will be necessary to provide both coal and stove wood.

4. You will arrange immediately for the purchase at State expense, the necessary subsistence for the number of men you will have. This

subsistence to be figured at the same rate as allowed by the Government at the annual camp.

By Order of the Governor:

Louis G. Lasher,
The Adjutant General.

HEADQUARTERS IOWA NATIONAL GUARD

Adjutant General's Department

Des Moines, Iowa, July 24, 1923.

Encampment Letter No. 38.

Subject: Supplies, Service and Equipment.

To: All Organization Commanders.

1. There has been a number of inquiries to the U. S. Property and Disbursing Officer for permission to bring unserviceable and surplus equipment to camp with the organizations this year for disposition. In some cases the excuse has been given that the equipment is rapidly deteriorating and that the articles may be needed by other units within the state.

2. The point has also been brought out that the organizations could bring this equipment to camp with them without any extra cost. In this connection your attention is invited to the fact that all equipment brought into camp, other than articles actually used by the soldier, must be brought in on government bill of lading and paid for by weight and classification.

3. It is not understood why the instruction, verbally given to all officers while in attendance at the School of Instruction last February, has not been taken advantage of as you were told at that time that any unserviceable property should be listed and disposition asked for as soon as possible as well as any surplus property that you might have on hand, both of these to be done prior to camp, so that your organizations would come into camp completely outfitted insofar as it was possible to do so and eliminate the extra work of exchange and taking in of worn out and unserviceable property during the camp, and every minute of time could be used for other purposes.

4. In view of the fact that these instructions have not been followed, every organization is directed to bring with them to camp this year all unserviceable property and all surplus property. The unserviceable property must be invoiced on shipping tickets and the certificate "I certify that the property listed hereon has been worn out by fair wear and tear in the public service, that same was received about and has been used during annual encampments, days range practice and armory drills." Any other legitimate use should be shown. This certificate should be signed by the responsible officer.

5. All surplus property that is serviceable must be invoiced on separate shipping ticket.

6. This property will be taken in by the Quartermaster when he can do so without interfering with the regular routine of camp duty.

7. As soon after the arrival in camp as possible, you will report to

the Quartermaster the articles of unserviceable and surplus property that you wish to turn in and receive his instructions as to date and time of turn in.

Louis G. Lasher,
The Adjutant General.

You will, before surrendering this transportation request to the agent, enter under the column "Number of Persons" the total number of men and officers travelling on this request, that is, if you should have sixty men and three officers you should enter under the column "Number of Persons" 63. On the reverse side of the request at the bottom of the page under "Special Departmental Instructions," you will enter the number of officers and number of enlisted men; that is in this case just after the word "Officers" you will show three and after the words "Enlisted men" 60.

2. Immediately upon arrival at Camp Dodge you will fill out the blank form below and surrender to the Quartermaster at his office in the brick arsenal.

3. This report must be surrendered at once as it is necessary that the Quartermaster check the number of men travelling on each transportation request immediately upon their arrival.

4. After the word "Station" you should enter the home station of your organization. For example, "Des Moines, Iowa." After the word

"Organization" show the unit and the regiment; for example "Co. A. 168th Inf." After the words "Transportation Request No." show the number of your request which is printed in red in the upper right hand corner of the request; for example "WQ3782920." This information must be secured before you surrender the transportation request to the agent. Under the words "Number of Officers and Men" enter the number of officers and number of enlisted men travelling on the request. After the words "Total number of persons transported" enter the total, including officers and enlisted men.

Memorandum No. 2.

HEADQUARTERS IOWA NATIONAL GUARD

Office of Quartermaster

Camp Dodge, Iowa, July 28, 1923.

Subject: Construction of tent camp for the housing of National Guard at Annual Encampment.

To: Commanding Officers of Service Companies and Service Troops, Separate Companies and Detachments.

1. In order to facilitate the erection of the tentage, by the Service Companies and Service Troops, the following work has already been done by the Quartermaster and instructions are herein given which will govern the subject.

2. Beginning on the North the 133d Infantry will occupy the 1st area, the central or 2d area south will be occupied by the 186th Ambulance Company and the 168th Infantry, the 3d or south area will be occupied by the 113th Cavalry.

3. Company and Troop streets have been designated by three (3) stakes driven from east to west, the first stake being driven seventy-six (76) feet west of each kitchen foundation and this first stake designates the northeast corner of each tent proper (not line of guy ropes) each succeeding stake will designate the north side of the row of tents proper.

4. All tents erected in Company or Troop streets will be 16'x16' Pyramidal with the front facing the north. The first tent will be occupied as Company or Troop Office and as quarters for the 1st Sergeant and Clerk, the second as Supply and as quarters for the Supply and Mess Sergeants, the remainder will be occupied as quarters for the remainder of the Company or Troop.

5. All tentage erected in Company or Troop Streets will be so erected as to provide an eighteen (18) inch pathway between the tents, measuring between the guy rope pins.

6. The first row of stakes east of Des Moines Avenue and opposite Company or Troop Streets will designate the line of tents to be occupied

the Line officers, each state marking the front and center of each tent. All tentage erected on this line will be 9'x9' wall with flies placed over them, and with the fronts facing the west.

7. The second row of stakes east, as before described, will designate the line of tents to be occupied by the Field Officers and for assembly purposes, each stake marking the front and center of each tent. (Attached Regular Army Instructors will occupy tents on the left of this line.)

The tents on this line will be 9'x9' and storage tents with flies placed over them and with fronts facing west.

Class of tents to be erected on this line will be given on stake designating location of same.

8. The third row of stakes east as before described will designate the line of tents to be occupied by the Regimental Messes, the tents on this line will be occupied as Dining Tent and Kitchens and as quarters for the cooks and the Regimental Messes. Tentage will be 9'x9' and Storage tents and erected with fronts facing west. Kitchens will be erected directly in rear of the Dining Tent.

9. The fourth row of stakes east as before described will designate the line of tents to be occupied as Latrines for the Field and Line Officers, these tents will be 16'x16' Pyramidal with the fronts facing north for the 133d Infantry, and south for the 186 Ambulance Company, 168th Infantry and the 113th Cavalry.

10. Kitchen flies will be erected by each organization of line troops and will be erected over foundations already constructed, said flies erected with ridge pole running north and south.

11. Large pins will be used for all guy ropes and will be driven in such manner as will cause them to lean toward the tent, small pins will be used for all walls and will be driven perpendicular.

12. As soon as erection of tentage is completed in each Regiment, all designating stakes will be collected and turned in to the Quartermaster for future uses.

Office of Quartermaster

Camp Dodge, Herrold, Iowa, July 30, 1923.

MEMORANDUM NO. 3

Subject: Instructions for handling impedimenta.

To: All organizations.

1. All organizations which bring impedimenta with them to Camp Dodge this year will be required by the Railroad Company to list all boxes, bundles, bales or packages, showing the weights and contents of each.

2. You will, therefore, arrange to make three copies of such a list, enumerating the articles, for example:

1 bundle rakes, 10 lbs.

1 bundle brooms and showels, 15 lbs.

1 box ammunition, 90 lbs.

1 box rifles, 150 lbs.

1 G. I. Can with contents, 60 lbs.

1 field range complete, 200 lbs.

and any other articles or boxes that you may have must be listed and the weights shown in this manner, bearing in mind that clothing, such as your wool clothing which you may bring into camp with you, your bedding, etc. is checkable property and should not be listed. These three lists should be signed by you and the agent, one list to be kept on file by the agent, one list to be kept by you and the original list to be delivered to the Quartermaster at Camp Dodge immediately upon arrival.

3. As soon as you arrive in camp, government bills of lading to cover the articles brought in with you will be prepared and forwarded to your agent for his signature and record, to cover all non-checkable articles that are transported by the carrier.

4. If desired you may deliver one copy of this memorandum to the agent for his authority, to be retained by him until such time as he receives back his bill of lading for signature and file.

5. This is essential and must be adhered to.

HEADQUARTERS 67TH INFANTRY BRIGADE

Iowa National Guard

Camp Dodge, Iowa, Aug. 20, 1923

Subject: Report on Iowa National Guard Encampment, 1923.

To: Hon. N. E. Kendall, Governor of the State of Iowa, Des Moines, Iowa.

1. Advance parties arriving August 3, 1923, had tents up and camp in readiness for arrival of troops on August 7, 1923. Command of camp was assumed by the undersigned on August 7, 1923; and provost and interior guard established under supervision of Field Officer of the Day selected by regimental commanders as follows:

133rd Infantry: Post at entrance to camp from north and guard at Inter-Urban station. Guard of three men at arsenal.

168th Infantry: Post at entrance to driveway to pool and covering entrance to General's quarters. Post at juncture of road entering camp and Des Moines avenue. And post at entrance to camp on Merle Hay road.

113th Cavalry: Mounted guard patrolling main highway east of camp and unoccupied areas adjacent to camp.

2. Schedule of training was promptly and faithfully carried out, and delayed one day by the observation of August 8, 1923, official day of mourning for the death of Warren G. Harding, President of the United States; which was fitly observed by a complete halt in training activities with exception of camp memorial formation at 3:00 p. m., with proper program and one minute of silent meditation.

3. In addition to regimental schools in communications, infantry, automatic rifle, machine gun, bugling, mess sergeants, supply sergeants, mechanics, administration, pioneer, intelligence, gas, etc.; the following instruction was given under or consolidated for the entire camp:

Howitzer school under supervision of Capt. Earl Downing, 168th Infantry, covering a period of over 30 hours, and two days on the range; with instruction from organization of a howitzer company, nomenclature of the 37 m/m gun and stokes mortar, selection of placements, use of instruments for direct fire, drill of company in attack, use of howitzer company as protection on march, and instruction on the range.

Signal and communication school in charge of Lt. Herbert E. Duquette, 168th Inf., in conformity with visits of regular army communication platoons for a period of 15 hours and 30 minutes on August 9, 11 and 13, were held for the benefit of the entire command. Equipment of all organizations was used and set up making complete organization of communications from battalion, regimental and with brigade headquarters. In this work, complete telephone communications was permanently during the camp established with camp headquarters and the various units of the command.

Intelligence platoons of each regiment and headquarters company, 67th Infantry Brigade, was assembled under supervision of Lt. Donald F. Huntoon, Brigade Intelligence Officer; and in addition to a series of lectures, a plan of study and work was outlined for these sections in their home stations. And a plan for maps to be made of the town at the various home stations was formulated, to be furnished all headquarters and the Adjutant General's office.

Instruction in chemical warfare under Captain Joseph Yuditsky, 14th Cav., with assistance of one company from the 168th Inf., was given a detail of 1 officer, 2 non-commissioned officers and 2 privates from each company and troop, consisting of following instruction:

- One-half hour, practical instruction in use of gas mask.
- One-half hour, short explanation of use of smoke and tear gas.
- One-half hour demonstration of actual use of smoke and tear gas by a practical exercise with troops.

4. Sanitation of camp was very good; considerable pride prevailed as to company's streets; garbage was well handled; kitchens in every instance were in excellent conditions. Latrines, although attention of unsanitary condition being called numerous times to regimental and even organizations commanders, were not properly cared for.

5. Despite strict regulations of use of automobiles, two accidents occurred during the encampment. Ambulance No. 75323, Med. Detch., 113th Cav., collided August 15, 1923, in the camp with car driven by Mrs. Jean McCarmon of Perry, Iowa; and FWD truck, QMC, damaged Ford belonging to Reuben A. Anderson on August 11, 1923, at the entrance to camp on the Merle Hay road.

6. Excellent training on the range was participated in by all organizations; and some excellent records were made.

7. Governor's Review on August 18, 1923, was held at 1:30 p. m., according to schedule of training. The Governor and staff arrived in camp at 10:00 a. m. All organizations of camp (except motorized transportation, condition of ground not permitting it on the field) passed Governor N. E. Kendall in review with excellent lines. State legislative and congressional members were especially invited to attend camp this day; and the camp was honored with the presence of Senator A. B. Cummins, Congressman Ramseyer, Congressman Dowell, Mayor Carl M. Garver, and many other visitors from home of the different organizations who messed with the officers and various units from their homes. Much interest on the part of the citizens of the state was shown in the camp.

8. Every effort for the welfare and comfort of the members of the camp was provided. Instruction in swimming and diving at the camp pool was given all who desired to attend each evening at 6:30 to 7:30. Mail service from Des Moines was established and deliveries to each regiment and separate organization was made twice daily. Calls for city telephone and telegraph service were attentively cared for through camp headquarters and the Y. M. C. A. Each regiment had entertainment platform equipped with electric lights, and each evening wrestling, athletic events, music and other entertainment was furnished the members in camp. In the afternoon on Sunday, August 12 and 19 a horse show and program was given by the 113th Cavalry. The "Camp Dodger" was established, and received hearty support of all organizations making it a permanent institution.

9. Military Visitors:

Maj. Gen. Duncan, C. G., 7th Corps Area, accompanied by Col. Harry A. Eaton, General Staff, arrived at 9:00 a. m., August 14, 1923, and made inspection of camp, at his request without any ceremonies or formations, working at its normal schedule.

Col. Frank Halstead, officer in charge National Guard Affairs, 7th Corps Area, visited camp August 16, 1923.

Maj. Rolland W. Case, Ordnance Officer and Armament Foreman Herman E. Aulmann visited camp August 15, 1923, for inspection of ordnance material.

OFFICE INSTRUCTOR, 113th CAVALRY, IOWA N. G.

Subject: Reports of Summer Training Camps.

Camp Dodge, Iowa, August 21, 1923.

To: The Commanding Officer, 7th Corps Area, Omaha, Nebraska.

In compliance with paragraph 6, Training Memo., No. 2, Headquarters 7th Corps Area, 1923:

(a) 1.	Tentage on hand.	Number	Condition
	Tents, wall, large	30	New
	Tents, wall, small	257	New

Tank trailers	15	3	Good
Escort wagons	26	6	New
Reel cart	1	0	Good

All artillery material reported from Camp Knox, Kentucky.

All motor vehicles kept in storage at Camp Dodge, and issued to troops from pool when in camp.

(b) Six (6) more trucks than enumerated as in use in (a) were needed to obtain the best results in training. Sufficient gasoline to use these extra trucks was not supplied.

(c) Animals.

Horses, riding, U. S.	250
Horses, riding, hired by U. S.	110
Horses, riding, hired by State	30
Horses, draft	0
Mules, light draft	16

A large number of animals would have aided in efficient training.

7. It is recommended that terrain exercises for Field and Staff Officers be held at some other time than during the fifteen day period, training camp, as these exercises take the officers away from their commands at the only time during the year that the Field Officers have their units mobilized for training.

It is recommended that more instructors be detailed for the training camps or that officers other than instructors be detailed to make the inspections and reports required, as the securing of data and making reports take the time of the instructors that should be given to the instruction of units.

(c) GENERAL ACCOMPLISHMENTS OF TRAINING:

General results were satisfactory, considering the limited time available. Decided progress was made in rifle firing, equitation, close and extended order drill, tactical exercises, and training of specialists in Headquarters units.

(d) FEATURES OF TRAINING NOT SATISFACTORY:

Not sufficient training in the use of the saber, pistol and automatic rifle, due to lack of time.

(e) It is recommended that the terrain exercises for Field and Staff Officers be held at some other time than the fifteen day Training Camp as these take the officers away from the training of their commands at a time when their presence with their organizations is very important. These exercises could be held just prior to or just following the camp of instruction.

REPORT ON THE HEADQUARTERS AND HEADQUARTERS COMPANY, 67TH INFANTRY BRIGADE, IOWA N. G.

In compliance with paragraph 2-b (3), Training Memorandum No. 2, Headquarters Seventh Corps Area, 1923, the following report is submitted on the Hq. & Hq. Co., 67th Inf. Brig., Iowa National Guard.

(a) REPORT OF FIELD TRAINING required by paragraph 462, National Guard Regulations, 1922, was prepared and forwarded, under separate cover, by Captain David Loring, Jr., Inf. (D. O. L.).

(b) REPORT OF FIRING:

The heavy demand for details essential to the proper function of the Hq. and Hq. Co., upon the small personnel of this unit present in camp, did not admit the conduct of instruction in rifle or pistol marksmanship and no firing was conducted by this organization.

(c) GENERAL ACCOMPLISHMENTS OF TRAINING:

The general accomplishments of the training, as a whole, were satisfactory. The enlisted personnel actually available for drills and period of instruction was entirely too limited to attain the desired results. The progress made by the communication platoon of this unit was, however, especially satisfactory.

(d) FEATURES OF TRAINING WHICH WERE NOT SATISFACTORY:

Not sufficient practical training in intelligence work. No pioneer

platoon organized and no instruction in their technical specialties. No instruction in rifle or pistol marksmanship and no target practice.

(e) CHANGE IN POLICY OF INSTRUCTION:

It is recommended that for future encampment the number of instructors be increased in order to enable the assignment of at least one (1) commissioned instructor with this organization.

(f) STRENGTH IN CAMP:

	At the Beginning of the Camp	At the Close of the Camp
Officers	7	7
Enlisted men	32	32
Animals	8	8

(g) PROGRAM OF INSTRUCTION:

Subjects:	Hours allotted
1. School of the soldier and squad, close order	2 hours
2. Drill, close order	4 hours
3. Drill, extended order	2 hours
4. Care and adjustment of field equipment, shelter tent pitching and display of equipment	2 hours
5. Headquarters Company instruction	28 hours

This instruction consisted of communications; intelligence; methods by which the Headquarters Company functions on the march, in the attack, advance, and in defense; use of codes and ciphers; elementary communication problems; field problems; coordination of communications between all signal units.

August 21 Breaking camp and departure for home station.

(i) RESULTS OF TACTICAL EXERCISES:

All officers participated in the four (4) terrain exercises conducted by the General Service School Graduates. It was impossible to test the value derived from these exercises by application of the knowledge gained for the reason that no field exercises or maneuvers were held involving the use of the brigade headquarters and headquarters company.

(j) LOCATION AND DATES OF NEXT ENCAMPMENT:

In view of the permanent facilities available at Camp Dodge, Iowa, and the one in process of construction no recommendations are made as to change of location for next year's camp.

It is recommended that, if practicable, the dates of the next year's camp be changed so as to cause the arrival and departure of the troops on Sunday.

REPORT ON THE 168TH INFANTRY, IOWA NATIONAL GUARD

In compliance with paragraph 2-b (3), Training Memorandum No. 2, Headquarters Seventh Corps Area, 1923, the following report is submitted on the 168th Infantry, Iowa National Guard:

(a) REPORT OF FIELD INSPECTION required by paragraph 462, National Guard Regulations, 1922, is attached hereto.

(b) REPORT OF FIRING:

Rifle—Record Course "A":

Co. "D"	38	11
Co. "H"	24	*0
Co. "M"	41	14
Total	*180	55

*Insufficiency of time to complete record course.

* Includes 34 men who did not fire the entire course for various reasons.

AUTOMATIC RIFLE—

Instruction practice only—Insufficiency of time to fire record course.

37 m/m GUN—

Instruction practice only.

LIGHT MORTAR—

Instruction practice only.

MACHINE GUN—

The time available permitted only the completion of the 1000⁰ range work of the record practice.

(c) GENERAL ACCOMPLISHMENTS OF TRAINING:

In view of the fact that only seven (7) days were available for actual instruction and range practice the general accomplishments did not attain what might be desired. The results obtained are as a whole encouraging, and there is no doubt that all who attended have been considerably advanced in most of the subjects covered during the camp. Sound progress was made by the communication units of the Headquarters companies. The progress made by all machine gun companies, in machine gun training including range firing, was especially satisfactory. It is believed that a great deal of benefit was derived from the tactical instruction and demonstration in basis combat principles.

(d) FEATURES OF TRAINING WHICH WERE NOT SATISFACTORY:

The lack of competent instructors greatly handicapped the training of the pioneer units of the Headquarters companies in their specialties. Approximately 20% of the enlisted men who fired the record course both with the rifle and pistol received practically no preparatory instruction. Inclement weather and limitation of time were instrumental for this deficiency. The condition of small arms and auxiliary weapons, insofar as care and preservation are concerned, were not what could be reasonably expected. Responsible officers did not cause the metal fouling to be removed in due time from all fire arms under their charge nor did they properly supervise the use of the correct process for removal of same.

(e) CHANGE IN POLICY OF INSTRUCTION:

It is recommended that for future encampment at least four (4) regular army officers per regiment and one (1) competent sergeant per company be detailed and, if practicable, that such force be assembled four (4) days prior to the encampment for a course of instruction and co-ordination under charge of the senior officer permanently assigned to each regiment.

(f) STRENGTH IN CAMP:

	At the Beginning of the Camp	At the Close of the Camp
Officers	63	63
Enlisted men	988	982
Animals	18	18

(g) PROGRAM OF INSTRUCTION:

Attached hereto.

(h) SCHEDULE OF INSTRUCTION:

Attached hereto.

(i) RESULTS OF TACTICAL EXERCISES:

The Field and Staff officers of the regiment participated in the four (4) terrain exercises conducted by the General Service School Graduates. Although it was impossible to test the value derived from these exer-

cises by application of the knowledge gained, for the reason that the terrain and time available did not admit the conduct of more than three exercises involving units greater than a war strength company, these exercises were of great value to most of the officers who heretofore were practically inexperienced in this phase of training. In view of the fact that terrain exercises during the actual camp period are conducted at the expense of the only time when field officers have an opportunity to properly function over all their units it is recommended that these exercises be conducted, if practicable, during a school period prior to the encampment.

(j) LOCATION AND DATES OF NEXT ENCAMPMENT:

In view of the permanent facilities available at Camp Dodge, Iowa, and the one in process of construction no recommendations are made as to change of location for next year's camp.

It is recommended that, if practicable, the dates of the next year's camp be changed so as to cause the arrival and departure of the troops on Sunday.

PROGRAM OF INSTRUCTION**Inclosure to (g)**

The following deviations were made from the program herein contained for the reasons indicated:

Deviation:	Reason:
One (1) entire day.....	Police of Camp.
One (1) entire day.....	Memorial service for the late President Harding. The entire regiment participated in the memorial service.
Infantry demonstrations	It was intended that these demonstrations be staged on the target range, the only suitable terrain in Camp Dodge, the range not being available for the time set, these demonstrations were limited to such as could be staged without the use of live ammunition.
One (1) entire day.....	Inspection and muster for pay.

REPORT FOR 133D INFANTRY IOWA NATIONAL GUARD

In compliance with paragraph 2-b (3), Training Memorandum No. 2, Headquarters Seventh Corps Area, 1923.

(a) Reports of field inspection required by Par. 462 National Guard Regulations, 1922, inclosed herewith.

(b) Report of Firing:

With Rifle—Record Course A—

Unit	Number firing com- plete course	Number firing partial course only*	No. qualified

Company I	17	30	5
Company K	31	21	10
Company L	13	25	2
Totals.	220	391	56

*Note—Rain prevented completion of course by these men.

With Pistol—Instruction practice only, by: Howitzer Co.—41; Co. M.—44; total—85 men firing.

With Machine Gun—Record, through 1000 in. stage only, by Co. H—50; Co. M—55. Instruction practice, only, by Co. D—49. Total—154 men firing.

With 37mm. and Mortar—Instruction practice only by 41 men, Howitzer Co.

With Automatic Rifle—No firing conducted.

(c) General Accomplishments of Training:

In general, accomplishments were not what might be desired due to the reduced number of training days, only a total of 9 days being available for range practice and actual instruction. As an instance, the benefits of the camp from a disciplinary standpoint were not specially marked when compared with past camps which afforded more training days.

In tactical instruction decided progress was made, at least as to elucidating and impressing basic combat principles. Demonstrations and simple combat exercises were employed in this connection, involved and extensive maneuvers being impracticable by reason of limited time and terrain.

More satisfactory results would have been evident from rifle practice had not rain prevented completion of record course by some 60 per cent of the men. Firing done was productive of excellent results considering limited time available and inadequate preparatory instruction.

Progress was most marked in the specialist training of the headquarters companies.

It may be asserted that at least satisfactory progress was made in

the principal features of training, and this without suppressing the interest and desire of the men for National Guard service.

(d) Features of Training Not Satisfactory—Importance of thorough police of tents and company areas in general, neatness and uniformity in arrangement of equipment in tents, not fully realized by a large number of company officers. Similar comment may be applied in respect to care and cleaning of small arms.

(e) Changes in Instruction Policies—No changes in announced policies of Militia Bureau and Corps Area Headquarters, in regard to armory and field training, are recommended.

(f) Strength in Camp—	Aug. 7	Aug. 20
Officers	60	59
Enlisted Men	972	957
Animals*	0	29

*Animals not drawn until 4th day in camp.

(g) Program of Instruction—Attached hereto.

(h) Schedules of Daily Instruction—Attached hereto.

(i) Terrain Exercises by Graduates of General Service Schools—Field and staff officers participated in 4 terrain exercises conducted by general service school graduates. Judging from the keen interest in tactics, the study and discussion, which these exercises gave rise to among the students, this work was of very high value. It was impracticable to measure satisfactorily the degree of success of this form of instruction by application of the knowledge gained to exercises for junior officers, and with troops. This for the reason that only two short exercises involving units greater than a war strength company were engaged in by the regiment.

Recommend the continuance of this form of instruction along present lines, but that, if funds will permit, they be held immediately before the field training period prescribed for the troops. This would leave officers available to direct and closely supervise the work of their organizations.

(j) Location and Date of Next Year's Camp—Recommend no change in location, and no material change in dates of camp for next year. It is believed that the permanent camp facilities being installed at Camp Dodge will prove more of an attraction to present and prospective members of the National Guard than a camp not so favorably equipped. Further, if the advance preparation of camp be extended to company streets and drill grounds, it should mean relatively little loss from instruction periods.

Captain Infantry, D. O. L.
Instructor, 133d Infantry, Iowa N. G.

PROGRAM OF INSTRUCTION:

Inclosure to (g).

The program herein was adhered to, with following exceptions:

(1) One drill day deducted on account of President Harding Memorial Day.

- (2) Schools conducted for 1½ hour periods only.
 (3) Infantry Demonstrations (page 6) were limited to such as could be staged without use of live ammunition, on account of lack of suitable ground.

General Orders

No. 2.

(Corrected Copy)

1. Friday, August 10, having been designated by President Coolidge as the day of mourning for the death of Warren G. Harding, president of the United States and Commander-in-Chief of the Armies and Navies of the United States, this command will observe the day with a complete halt in the regular activities prescribed.

The death in San Francisco last Thursday of our beloved Commander-in-Chief removes from us a man whose life may well be taken as an example by all Americans. A boy, born in a simple home, he rose to the highest office in the world, leaving behind him a life story, in which, written in rubrics, is a lesson in plain Americanism, honor, integrity, fair dealing and love of Country. In gathering Friday to pay honor to his memory we gather to pay honor to that that is best in Americanism.

In response to the President's proclamation, all work will be dispensed with on the official day of mourning, with the exception of the necessary guard and fatigue and the camp memorial formation hereinafter provided for. No one will be excused from this formation with the bare exception of the most necessary details.

Following is the program for the formation:

(a) ASSEMBLY: Time: 1st Call 2:30 p. m.; Assembly, 2:40 p. m.
PLACE: Main drill grounds west of camp.

UNIFORM: Service uniform with blouses and side-arms.

(b) FORMATION: The command will be formed in hollow square, with the 133rd Inf. on the right, facing north; the 113th Cav. in the center facing east; the 168th Inf. on the left, facing south. Q. M. Detach. will form with Brig. Hq. Co., 186th Amb. Co., will form on left of 113th Cav., with Brig. Hq. and Q. M. Detach. on its left. All troops and officers will be dismounted. The troops will not be under arms.

The units will be marched to the drill field, so that they may take their place in the formation and be in position exactly at 3:00 p. m. The 168th Inf. band will be in position at 2:55 p. m., and play the units on the field.

3:00 p. m. Organization will take positions.

Prayer—Chaplain O'Donnell, 113th Cav.

Quartet—"Lead Kindly Light." Selection, 133rd Inf. Band.

Brief Sketch of Life of Warren G. Harding—Chap. Robb, 168th Inf.

BULLETIN:

Camp Dodge, Iowa, Aug. 9, 1923.

Regulations governing swimming pool.

The pool will be open from 10:30 to 11:30 a. m., from 2:00 to 5:00 p. m., and from 7:00 to 9:00 p. m.

To minimize danger of contamination of the pool water and consequent infections, upon the recommendation of Lt. Col. Wilbur S. Conkling, C. S., the following rules will govern the use of the pool during the period of this encampment:

All persons shall take a thorough shower bath, preferably with warm water and soap, before being permitted to use the pool. Anyone who neglects to take proper shower bath shall be sent back to the shower bath room and required to take such bath before being admitted to the pool. If the body is soiled subsequent to taking of bath as by walking or lying in the gravel about the pool, another shower bath shall be required.

The use of the pool shall be forbidden to all persons who are suffering from colds, sore throat, skin infections, or who show evidence of old sores, inflamed eyes or other conditions which may be caused by bacterial infection which could be transmitted to other persons.

A properly instructed person shall be stationed in the shower bath room and shall inspect all bathers, requiring each person to display so much of his body as may be necessary to enable the inspector to determine the presence or absence of skin infections.

Spitting and blowing the nose into the pool water shall not be permitted.

Roughness, ducking of other swimmers, or other objectionable conduct shall not be permitted.

All rescue work shall be left entirely to the life guard personnel. Swimmers shall not interfere with the life guards in the performance of their duty by making an effort to reach the person in danger. The military guard shall assist the life guards in keeping order at such times.

These regulations shall be enforced by the life guards on duty, assisted if necessary by the military personnel on duty. Violation of the rules shall be punished by exclusion from the pool for the remainder of the bathing period in which the violation occurs, and in such as merits it the exclusion shall be for a longer period.

IOWA NATIONAL GUARD HEADQUARTERS

Iowa City, Iowa, August 24, 1923.

From: Col. R. P. Howell.

To: The Adjutant General of Iowa, Des Moines, Iowa.

Subject: Tour of Camp Duty.

1. The following report on the Tour of Camp Duty of this regiment from August 7 to 21, 1923, inclusive is hereby submitted for your information, the report being submitted by Squadron.

2. The full program outlined by the Senior Instructor was fully completed and a number of other matters taken up.

3. All Field Officers spent four afternoons on terrain exercise as submitted by the regular officers detailed for that work.

4. The grounds on which Camp was made were found to be extremely dirty and it required a large amount of work to clean the same up.

5. The camp was very successful and good work was done by all of the organizations, and while the men were compelled to work a great deal, yet they enjoyed the camp, and both men and officers are well pleased with this tour of duty.

6. I desire to thank you and through you the officers and men of the State Quartermaster Corps for the many courtesies extended to my organization while in camp. The service was fully up to that of last year and was satisfactory in every way. You are to be complimented upon the efficiency of your Department and also that of the State Quartermaster Corps.

I also wish to convey through you to Lt. Col. W. A. Cornell my appreciation of his work and of the many suggestions made.

I wish to thank General Tinley for the courtesies extended to this organization, and in appreciation of the same I am furnishing him a copy of this report.

R. P. Howell,

Colonel 113th Cavalry Iowa N. G.

OFFICE OF THE INSTRUCTOR 185TH FIELD ARTILLERY IOWA
NATIONAL GUARD

Boone, Iowa, Sept. 5th, 1923

Subject: Report.

To: Headquarters Seventh Corps Area, Omaha, Neb.

1. In compliance with paragraph 3, Training Memorandum No. 2, Headquarters Seventh Corps Area, 1923, following report is hereby submitted:

- (3) a. Report of field inspection required by par. 462, National Guard Regulations, 1922. Submitted by First Lieut. John J. Turner, F. A. (DOL), Aberdeen, South Dakota.
- b. Owing to insufficient time preliminary course only was fired with revolver, each man being given sufficient personal instruction to insure successful completion of course on home target ranges. Instruction was given in use of machine gun and each man fired few rounds for practice only, time too limited to permit of further instruction.

- c. Service Practice: Total rounds fired 646.
 Divided as follows: 374 Shrapnel 155 mm
 272 Shell, Mk.-155 mm
- Problems fired 31
 Solved 13
 Unsolved 18

Firing consisted of Percussion Precision, Percussion Bracket, open warfare, map firing, and airplane problems. The last night on the range the battalion occupied a new position, laid pieces topographically and fired two concentrations after computing data from map after dark. Successful airplane problem was fired on last day with aid of radio set SCR 109 loaned to unit by 3rd Field Artillery, Lt. Col. Hopkins, commanding.

- d. More actual firing could have been accomplished by camping at gun positions, saving time lost by going to and from barrack area.
- e. Recommend more stress on tactical employment of Artillery with outdoor work wherever possible during home training and a more complete equipment issued at camps in way of authorized motor vehicles to enable proper functioning of details.

f. Strength report.

1. (3) g. Program of Instruction attached as Appendix A.
- h. Same as (g).
- i. No graduates of General Service schools present.
- j. Recommend return to Camp Knox, Ky., for encampment of 1924 for following reasons:
1. Varied terrain affording excellent possibilities for tactical exercises.
 2. Opportunities for observing fire for instruction purposes excellent.
 3. Splendid co-operation accorded by permanent staff, especially the 3rd Field Artillery.
- Dates of Aug. 15th to 29th, 1924, or thereabouts.
- k. Physical efficiency tests prescribed by Bul. No. 3, W. D., March 17th, 1923. Not given, insufficient time.

PART XII

REPORT ON IOWA STATE RIFLE TEAM

at

NATIONAL MATCHES

CAMP PERRY, OHIO

Des Moines, Iowa, November 3rd, 1922.

To: The Adjutant General of Iowa.

Subject: Iowa State Rifle Team, Selection and National Match Tour of Duty, 1922.

On August 29th, the last day of the annual encampment, a detail of eighteen men who had shown special proficiency with the rifle during the encampment, were assembled at the target range for further training. The course was fired three times. Partial elimination was made on August 30th and final elimination on August 31st. After selection of team and publication of the order, it was necessary to excuse Pvt. Geo. R. Scott, Co. "I," 133rd Inf., and fill the vacancy with Pvt. William F. Coultas, Troop "A," 113th Cav.

Pursuant to S. O. No. 136, A. G. O., August 31, 1922, the team left Des Moines at 9:30 p. m. via the C. R. I. & P., arriving at Camp Perry, Ohio, at 7:00 p. m., Sept. 1st, 1922. The following composed the team.

Team Captain Major Fred S. Hird, Ord. Dept. Des Moines, Iowa.
 Team Coach Capt. Allen Gregory, Co. H, 168th Inf., Harlan, Iowa.
 Team Members Walter C. Strohman, 1st Lt. Tr. "E," 113th Cav., Sigourney Iowa; Raymond L. Charles, 2nd Lt. Co. A, 168th Inf., Des Moines, Iowa; Howard G. Hays, Sgt. Tr. D, 113th Cav., Washington, Iowa; Leighton W. Cummings, Sgt. Co. K, 168th Inf., Corning, Iowa; Wallace P. Geiger, Sgt., Co. "I," 133rd Inf., Sheldon, Iowa; Fred J. Brunow, Corp., Co. L, 168th Inf., Council Bluffs, Iowa; Albert M. Cours, Corp. Co. L, 133rd Inf., Sioux City, Iowa; Willis C. Hemmerling, Corp., Co. B, 133rd Inf., Waterloo, Iowa; Harry H. Weaver, Corp. Hq. Co. 168th Inf., Council Bluffs, Iowa; Rodney M. Keoppel, Corp. Tr. F, 113th Cav., Oskaloosa, Iowa; William F. Coultas, Pvt. Tr. A, 113th Cav., Iowa City, Iowa.

Upon arrival at Camp Perry, the team drew thirteen new rifles with which to continue training and compete in the matches. Special National Match Ammunition with 172 gr. bullets was used. Bullets were coated with gilding metal which eliminated all metal fouling.

The entire team participated in the training and instruction afforded in the small arms firing school which was a decided success. At the completion of this training, certificate of proficiency as marksmen and small arms instructors was issued to the entire team.

During the period Sept. 12th to Sept. 20th, the team competed in the numerous matches of the National Rifle Association. A number of prizes were won in these matches, the most outstanding being Gregory's 99x100 in the Wimbledon Match, 20 shots at 1000 yards, service sights, this netted forth place and later Gregory and Cummings' 50x50 in the 300 yard rapid fire contest.

A team was entered in the A. E. F. Roumanian Match, the scores which netted 9th place, follow:

Name	200	600	Total
Brunow	70	71	141
Weaver	66	74	140
Gregory	64	72	136
Hays	65	70	135
Geiger	65	68	133
Keoppel	59	68	127
			<hr/> 812

The courses were 15 shots slow fire at each range. The 600 yard total is greater than that made by the U. S. Infantry team in this match.

I had the honor of being selected Team Captain of the National Guard, United Service Team by a committee of team Captains. The National Guard Team won third place. Gregory was a shooting member of the team.

At the conclusion of the N. R. A. matches, the team was entered in the National Individual Match and the National Team Match. The scores follow:

NATIONAL INDIVIDUAL MATCH

Name	200	300	500	600	200	300	500	Total
Cummings	42	41	48	42	49	49	45	316
Coultas	42	37	48	49	46	50	44	316
Hird	42	47	46	45	44	44	48	316
Hays	40	43	48	45	50	41	48	315
Keoppel	37	42	49	41	50	47	48	314
Gregory	43	44	36	48	50	49	44	314
Brunow	38	46	48	45	50	49	38	314
Weaver	43	42	48	48	48	44	41	314
Cours	33	43	47	49	49	43	43	307
Strohman	42	44	47	44	36	47	44	304
Charles	39	39	47	47	47	46	36	301
Geiger	41	45	46	42	47	41	39	301
Hemmerling	33	40	41	48	48	43	41	294

It is interesting to note the uniformity in the shooting of the first eight men, also to note that the entire team qualified as expert riflemen. Firing shots on the wrong target and clip trouble in rapid fire contributed to the slump of a number of tail enders.

NATIONAL TEAM MATCH

Name	Rapid		Slow Fire			Total
	200	300	200	600	1000	
Gregory	49	50	44	47	92	282
Charles	50	46	45	48	92	279
Brunow	45	50	45	47	92	279
Hays	49	46	43	46	91	276
Coultas	50	48	40	45	89	272
Weaver	50	46	42	44	88	270
Cummings	49	49	40	49	83	270
Keoppel	47	47	45	47	83	269
Geiger	49	50	40	42	84	265
Strohman	50	46	37	37	87	257
	488	478	419	452	881	2718

The team finished in fifteenth place. This entitles each man to the National Match Class B medal. At one stage of the contest the team occupied ninth place. It is believed that this showing is satisfactory to all when consideration is taken of the fact that this is every man's first National Match experience, with one exception, Gregory.

In all my experience with military rifle teams I have never had the honor of serving with a group of men who were more interested in their work or more painstaking and persevering in their efforts than was this team. They were at all times a credit to the state they represented. The discipline was excellent.

The team left Camp Perry at 9:00 p. m., Sept. 28th, arriving at their home stations the following day.

Special mention is due Col. M. C. Mumma, Executive Officer, and his efficient and courteous corps of assistants, for the excellent manner in which the matches were conducted. It is generally believed the 1922 National Matches mark the peak of National Match progress.

Recommendation is made that each member of the team be presented with the distinctive Iowa State Team Medal.

Fred S. Hird,

Major, Ordnance Department, Team Captain.

WAR DEPARTMENT—MILITIA BUREAU

Washington, D. C., October 11, 1923

MB 353.3 (National)

Subject: National Guard at the National Matches, 1923.

To: The Adjutant General of Iowa.

1. The excellent general results accomplished by National Guard competitors at the National Rifle Matches this year, are indeed gratifying to the Militia Bureau and should arouse greater interest in this work and incite other members of the National Guard to excel in rifle practice.

2. The following comments from the report of the Militia Bureau

representative at the National Rifle Matches are quoted for your information and for such action as you may deem necessary:

FAVORABLE

"In the N. R. A. Matches the following first places were won by National Guardsmen:

Leech Cup Match:

William E. Hayes, 1st Sergeant, Oregon National Guard.

Individual Civilian Club Members' Match:

J. P. Becker, Sergeant, Minnesota National Guard.

The Small Bore Wimbledon Match:

F. C. Payne, Sergeant, California.

Camp Perry Instructors' Match:

M. D. Snyder, Lieut. Colonel, Indiana National Guard.

Rapid Fire Championship Match:

C. Corbin, Sergeant, Illinois National Guard.

"In the National Rifle Team Match, the following National Guard teams won places in the classes as indicated:

CLASS A

Oregon	(7)	Hilton Trophy
Dist. of Col.	(8)	
New York	(9)	
Massachusetts	(10)	

CLASS B

Minnesota	(11)	
Washington	(12)	
Iowa	(14)	
Indiana	(15)	
Texas	(17)	

CLASS C

Ohio	(21)	
Pennsylvania	(24)	
Illinois	(25)	
Vermont	(26)	
Florida	(27)	
California	(28)	
Arizona	(29)	
New Jersey	(30)	

Total—65 teams competing (43 National Guard Teams)

"A number of the National Guard team members were new men with probably less instruction than any of the other competitors, some never having fired at a thousand yards. Those members taking the systematic course of instruction given by the Small Arms Firing School were, undoubtedly, greatly benefited thereby. The excellent general results obtained by the National Guard at this year's matches will, no doubt, increase interest in target practice in the different states."

"The enthusiastic interest displayed by and the excellent co-operation of the National Guard team captains during the matches are to be commended. All National Guard competitors seemed to take a proper interest in the work at hand and to apply themselves conscientiously. The knowledge gained and interest aroused by this year's matches will, undoubtedly, do much to make the National Guard a bigger factor at future matches."

UNFAVORABLE

Several teams had no agents appointed for their United States Property and Disbursing Officers are suggested in Militia Bureau Circular Letter No. 54, current series, and, in several cases, those appointed had not familiarized themselves regarding pay and transportation. Several team captains were not familiar with the provisions of the Militia Bureau Circular Letter governing the attendance of the National Guard at the matches and several states sent teams without notifying the Militia Bureau or without submitting estimates covering authorized expenses as indicated in the above-cited circular letter. This would appear to indicate neglect on the part of some of the state authorities regarding the provisions of Militia Bureau Circular Letters and regarding the distribution of the necessary information to the proper persons."

For the Chief, Militia Bureau:

E. J. Williams, Executive.

GENERAL ORDERS

No. 30

HEADQUARTERS IOWA NATIONAL GUARD
 ADJUTANT GENERAL'S OFFICE
 Des Moines, Iowa, October 30, 1922.

The following is published for the information of the entire command, and your attention is directed to:

Copy of Encampment Letter No. 24, dated July 3, 1922.

Copy of Bulletin issued on the subject at Camp Dodge.

Copy of 1st Ind. from General Tinley.

Copy of Letter from Adjutant General appointing Board.

Copy of Proceedings of the Board.

In view of the recommendation of the Board, there will be no award of the Governor N. E. Kendall Trophy this year.

The Commanding General will follow the recommendation of the Board, and appoint a Board of Officers of three members, to draft specific rules and regulations for the future conduct of this particular match.

"HEADQUARTERS IOWA NATIONAL GUARD
 ADJUTANT GENERAL'S DEPARTMENT
 DES MOINES.

July 3rd, 1922.

Encampment Letter No. 24.

Subject: Letter from Governor N. E. Kendall.

To: All Organization and Unit Commanders, Iowa N. G.

1. The following letter is published for the information of the National Guard of Iowa, and it is desired that this letter be read to the members thereof, and published broadcast:

"EXECUTIVE DEPARTMENT
 STATE OF IOWA
 DES MOINES.

June 28th, 1922.

General Louis G. Lasher,

State House,

Des Moines, Iowa.

My dear General:

In view of the fact that the annual camp period, 1922, of the Iowa National Guard is rapidly approaching, I desire to show my appreciation of the interest in rifle range work demonstrated by the members of the Guard at last year's camp, and as an encouragement toward greater interest in this most important and essential part of the training of a soldier, I desire that you publish to the National Guard of this State, that I have posted \$100.00 to be used in the procurement of a suitable trophy to be awarded to the company or troop which makes the best record on the rifle range during the 1922 camp period.

The conditions under which this award will be made are to be under such rules and regulations as may be promulgated from your department.

(Sgd) N. E. KENDALL,

Governor, and Commander in Chief."

2. The rules governing the award of this trophy are as follows:

The Company or Troop making the highest per cent over the record course, as prescribed in rifle marksmanship, based on the total commissioned and enlisted strength of the organization, as shown on the records at the commencement of the camp, will receive and hold the trophy for one year. This trophy will be shot for at each succeeding year's camp, and will be known as the "Governor N. E. Kendall Trophy."

3. It is desired that each unit of the Guard of this state attending camp at Camp Dodge this year, make an effort to get into the game and win this trophy.

By Order of the Governor:

(Sgd) LOUIS G. LASHER,

The Adjutant General.

Copy of Bulletin

Issued to all Commanding Officers at Camp Dodge

Competition between companies and troops of the Iowa National Guard for the Governor N. E. Kendall trophy will be held on the State Rifle Range commencing Monday, August 21, and ending Saturday, August 26, 1922.

Course "A" will be fired and regulations as set forth in Rifle Marksmanship will govern. Each contestant will fire a range but once.

At the completion of each day's firing each competing organization will submit to his regimental commander a report in duplicate setting forth the following information:

Strength of company or troop, commissioned and enlisted as of August 21, 1922.

Ranges fired.

Number firing.

Total score.

Average score.

Your total score divided by the total strength of your command as of August 21, 1922, will determine your average score. Trophy will be awarded company or troop having the highest average score.

One copy of each competing organization's report will be filed with this office by the regimental commander.

Each regimental commander will appoint a statistical officer and the necessary corps of assistants to handle this work, who will meet at the Brigade Adjutant's office, Saturday, August 26th, at 7:00 P. M. This office is desirous of handling this compilation with dispatch with a view of determining the winner and making the presentation of the trophy on Sunday, August 27th.

Effort will be made to select an appropriate hour for the presentation ceremony; it is hoped that arrangements can be made whereby the presentation will be made by our Commander-in-Chief.

This trophy will be competed for annually.

of Instruction and Field Training, Camp Dodge, Iowa, you are requested to serve as a member of a Board of Officers, to decide the controversy over the award of the Governor N. E. Kendall Trophy, offered during the rifle firing at the above mentioned camp.

Members of the Board

Lt. Col. W. A. Cornell, Cavalry, D. O. L.

Major Fred S. Hird, O. D., Iowa N. G.

Capt. Frank A. Keating, Infantry, D. O. L.

2. The Board will convene in the office of the Adjutant General, Saturday, October 21st, 1922, at 10 o'clock in the morning.

3. The decision of the Board will be final, and the award will be made as recommended by them.

(Sgd) LOUIS G. LASHER,
The Adjutant General.

The Board convened in the Office of the Adjutant General on Saturday, October 21, 1922. Major Hird being absent, the Board adjourned to meet at a later date.

The Board convened again in the Office of the Adjutant General on Friday, October 27, 1922. All members being present, the Board proceeded to decide the winner of the Governor N. E. Kendall Trophy.

FINDINGS:

The Board finds that pursuant to a letter from the Governor of Iowa, (N. E. Kendall), to General Louis G. Lasher dated June 28, 1922, that a sum of One Hundred Dollars, (\$100.00), was posted by the Governor to be used in the procurement of a suitable trophy to be awarded to the company or troop which would make the highest record on the rifle range during the 1922 encampment period. That in compliance with the Governor's desire, General Lasher published to the National Guard of the State, in Encampment Letter No. 24, dated July 3, 1922, the information contained in the Governor's letter, and also, in the same encampment letter, the rules governing the award of the trophy, to-wit: "The Company or Troop making the highest per cent over the record course, as prescribed in Rifle Marksmanship, based on the total commissioned and enlisted strength of the organization as shown on the records at the commencement of the camp, will receive and hold the trophy for one year—". The Board further finds that, due to the failure of all contestants to comply with the rules governing record firing as prescribed in both Encampment Letter No. 24, July 3, 1922, and in Chapter 3, Rifle Marksmanship, War Department Document No. 1021, and unavoidable circumstances such as the failure of the 133rd Infantry to complete its record firing on account of the terrific heat experienced, and the number of prostrations, on the rifle range on August 24, 1922, and also due to minor discrepancies and irregularities, that it is impossible to decide who should be awarded the trophy and at the same time feel that the award was made in absolute fairness to all and that the winner won it without a shade of doubt.

RECOMMENDATIONS:

The Board recommends that the trophy be not awarded for this year. The Board further recommends that a Board of Officers, consisting of not less than three members, be appointed to draft specific rules and regulations for the future conduct of the Governor N. E. Kendall Trophy Match. These rules not to be at variance with those prescribed in Rifleman Marksmanship, (War Department Document No. 1021).

GENERAL ORDERS } HEADQUARTERS IOWA NATIONAL GUARD
No. 32 } ADJUTANT GENERAL'S OFFICE
Des Moines, November 29, 1922.

Pursuant to the recommendation of the Trophy Award Board, appointed by the Adjutant General of Iowa by letter dated October 17, 1922, the Commanding General, 67th Infantry Brigade, has submitted the names of the following officers to draft rules governing award of Kendall Trophy.

Lt. Col. Henry G. Geiger, 168th Inf., Iowa N. G.

Major Fred R. Frost, 133rd Inf., Iowa N. G.

Capt. Harry W. Sellers, 113th Cav., Iowa N. G.

The officers above named will constitute the board, and will draft specific rules and regulations for the conduct of the Governor N. E. Kendall Trophy Match. These rules not to be in variance with those prescribed in Rifle Marksmanship. (W. D. Document No. 1021).

By Order of the Governor:

LOUIS G. LASHER,
Brig. Gen. A. G. D. Iowa N. G.
The Adjutant General.

GENERAL ORDERS } HEADQUARTERS IOWA NATIONAL GUARD
No. 33 } ADJUTANT GENERAL'S OFFICE
Des Moines, December 13, 1922.

1. The following is published for the information of all concerned.

The Iowa National Guard team selected to represent the State, at the National Matches 1922, Camp Perry, consisted of:

Team Captain—Major Fred S. Hird—Chief Ord. Officer, Iowa N. G.

Team Coach—Captain Allen Gregory—Co. "H", 168th Inf., Harlan, Iowa.

Team Members—Walter C. Strohman, 1st Lt. Tr. "E", 113th Cav., Sigourney, Iowa.

Raymond L. Charles, 2nd Lt. Co. "A", 168th Inf., Des Moines, Iowa.

Howard G. Hays, Sgt. Tr. "D", 113th Cav., Washington, Iowa.

Leighton W. Cummings, Sgt. Co. "K", 168th Inf., Corning, Iowa.

Wallace P. Geiger, Sgt. Co. "I", 133rd Inf., Sheldon, Iowa.

Fred J. Brunow, Corp. Co. "L", 168th Inf., Council Bluffs, Iowa.

Albert M. Cours, Corp. Co. "L", 133rd Inf., Sioux City, Iowa.

Willis C. Hemmerling, Corp. Co. "B", 133rd Inf., Waterloo, Iowa.

Harry H. Weaver, Corp. Hq. Co., 168th Inf., Council Bluffs, Iowa.

Rodney M. Keoppel, Corp. Tr. "F", 113th Cav., Oskaloosa, Iowa.

Wm. F. Coultas, Pvt. Tr. "A", 113th Cav., Iowa City, Iowa.

Due to sudden illness of the father of Pvt. Geo. R. Scott, Co. "I", 133rd Inf., it became necessary to excuse him.

2. The entire team participated in the training and instruction afforded in the small arms firing school, and its success and benefit was

demonstrated by the fact that the Iowa team was issued a certificate of proficiency as marksman and small arms instructors.

3. Our team entered the numerous competitive matches of the National Rifle Association, and a number of prizes were won, the most outstanding being Captain Gregory, who stood fourth in the Wimbledon Match. Major Hird was honored by being selected Team Captain of the National Guard United States Team, which was third place.

4. The following numbers were entered in the A. E. F. Roumanian Match, and their scores are set opposite each name.

	200 Yards	600 Yards	Total
Brunow	70	71	141
Weaver	66	74	140
Gregory	64	72	136
Hays	65	70	135
Geiger	65	68	133
Keoppel	59	68	127
Team Total.....			812

The course was 15 shots slow fire at each range. The 600 yd. total is greater than that made by the U. S. Infantry entered in this same match.

5. At the conclusion of the N. R. A. Matches, the Iowa Team was entered in the National Individual Match, and the National Team Match, the results as follows:

NATIONAL INDIVIDUAL MATCHES

Name	200	300	500	600	200	300	500	Total
Cummings	42	41	48	42	49	49	45	316
Coultas	42	37	48	49	46	50	44	316
Hird	42	47	46	45	44	44	48	316
Hays	40	43	48	45	50	41	48	315
Keoppel	37	42	49	41	50	47	48	314
Gregory	43	44	36	48	50	49	44	314
Brunow	38	46	48	45	50	49	38	314
Weaver	43	42	48	48	48	44	41	314
Cours	33	43	47	49	49	43	43	307
Strohman	42	44	47	44	36	47	44	304
Charles	39	39	47	47	47	46	36	301
Geiger	41	45	46	42	47	41	39	301
Hemmerling	33	40	41	48	48	43	41	294

It is interesting to note the uniformity in shooting of the first eight men, also to note that the entire team qualified as expert riflemen.

It is reported that firing shots in the wrong target and clip trouble in rapid fire contributed to the slump of a number of the tail enders.

NATIONAL TEAM MATCH

Name	200	300	400	500	600	1000 Yds.	Total
Gregory	49	50	44	47	92	282	
Charles	50	46	45	48	92	279

Strohman	50	46	37	37	87	257	
	488	478	419	452	881	2718	

The team finished in fifteenth place, which entitles each man to the National Match Class B medal.

6. The report of the team Captain shows:

- (a) Very satisfactory results.
- (b) Excellent interest and painstaking efforts by team members.
- (c) Excellent discipline.

7. The National Guard of Iowa is to be congratulated on the work of this team, especially when consideration is taken of the fact that every man, except one, was on his first National Match experience.

By Order of the Governor:

LOUIS G. LASHER,

The Adjutant General.

Official:

Knud Boberg,
Assistant Adjutant General.

General review. Tests. Instruction in subjects where deficiencies are found to exist. All at option of the company commander.

Notes.

1. See notes at bottom of rifle company training. Where any of these are applicable it is recommended that they be used.
2. The following texts cover practically all of the subject matter in this schedule: Engineer Field Manual; Platoon Training, Waldron; Military Sketching and Map Reading, Grieves; Infantry Drill Regulations. A valuable supplement to these texts may be found in the following publications of the Infantry School, Fort Benning, Ga. Scouting and Patrolling; Map Reading; Panoramic Sketching. These may be purchased at a very small cost.
3. It is recommended that a small set for field fortifications and table work be procured. Also a military map with co-ordinates. These may be purchased at small cost from the Book Department, Army Service Schools, Fort Leavenworth, Kan.
4. See Bulletin No. 69, April 22, 1921, Adjutant General's Office, Iowa, for additional texts.
5. Dummy devices should be used in the armory for exercises in saddling and bridling.

Notes:

1. It is recommended that Volume 1, "Manual of Military Training, Moss and Lang," George Banta Publishing Co., Menasha, Wis., be used for instruction in the following subjects: Object and Advantages of Military Training; Saluting; Discipline; Military Courtesy; When, Whom and How to Salute; Usual mistakes in Saluting; Respect to be paid the National Anthem, the Colors and Standards; Military Deportment and Appearance; Forms of Speech; Obedience; Delivery of Messages; and Customs of the Service. In lieu of this publication War Department Document No. 864 should be used.

2. For close order drill it is recommended that the publication, "The Cadence System of Close Order Drill," by Lt. Col. Bernard Lentz, G. S., be used. This pamphlet is published by the George Banta Publishing Co., Menasha, Wis.

3. For instruction in the nomenclature of the rifle and pistol, large illustrated charts should be made or obtained. One such for the rifle is for gratuitous distribution by the U. S. Cartridge Company.

4. For instruction in musketry it is recommended that landscapes be painted on rolls of wrapping paper and the paper pasted on cheese cloth as a backing and, when needed, unrolled and placed against a wall of the armory. When not needed it can be rolled up and stored.

5. If sufficient interest can be stimulated, it is recommended that gallery practice be held on one night a month, or more frequently, this to be in addition to the regular drill night.

6. As the time allotted for the annual armory drill work precludes giving instruction in all of the subjects prescribed to each member of the company, even if he attended all prescribed drills, it is recommended that the following specialist schools be organized and their work carried on concurrently with the instruction prescribed for the masses so that, at least, a few men in each company will be qualified in the specialties:

(a) A few men of the company each drill night instructed in the automatic rifle. (b) Buglers, Cooks, Company Clerks, Mechanics, Mess Sergeants and Supply Sergeants, each receive specialist instruction in their specialties systematically throughout the year. In this connection it is recommended that an understudy for each specialist be developed. (c) A signal detail from the company should be systematically instructed, until proficient, in both wig wag and two arm semaphore signaling. (d) It is recommended that Officers' and Non-Commissioned Officers' Schools be held on drill nights—immediately preceding the drill—and that the subject matter for these schools be that pertaining to the prescribed drill for that night.

7. It is recommended that special efforts be made to develop satisfactory coaches for duty during periods of rifle and pistol range practice. These coaches will be satisfactory only when developed under the provisions of Rifle and Pistol Marksmanship and they must be conversant with the teachings of those texts.

8. It is recommended that sand tables be installed in each armory. They can be made by the company mechanic at small expense and used for a multitude of interesting instruction—tactical, musketry, map reading and making, field engineering, etc.

9. Recruits should not be placed in the company (to hold back its progress) until they have completed the course of recruit instruction outlined herein.

Complete Automatic Rifle Courses:

(All periods of instruction to be of one and one-half hours duration.)

1. Talk on the use and value of automatic weapons, their disposition and tactical use. General data. (15 questions.)

2. General data. Order of dismounting. Order of assembling. Nomenclature.

3. General data. Order of dismounting. Order of assembling. Nomenclature. (All with the student blindfolded.)

4. Trigger guard mechanism. Order of dismounting and order of assembling. Name each part by sense of touch.

5. Review of work previously done. Construction and action of buffer mechanism.

6. Action of gas. Action of slide. Unlocking. Withdrawal of firing pin. Extraction. Ejection. Action of recoil spring. Feeding. Locking. Priming the cartridge.

7. Construction of magazine. Loading magazine. Gas adjustment and result. Changing barrels. Adjustment of rear sight. Care and preservation of the piece. Stoppages. Precautions before, during and after firing.

8. Review of all work previously done.

9. Examination covering General Data; Order of Field Dismounting. Trigger Guard Mechanism; Functioning; Magazine; Gas Adjustments. Care and Preservation of the Piece; Buffer Mechanism, and Stoppages. (Men not passing this examination to repeat the course or be replaced with more adaptable material.)

Recruit Instruction:

- Articles of War pertaining to enlisted men.
- Military discipline and courtesy.
- When, whom and how to salute.
- Care of arms, uniform and equipment.
- Personal hygiene and first aid.
- School of the soldier, without and with arms.
- School of the squad, close and extended order.
- Setting up exercises.
- Orders for sentinels.
- Preliminary instruction for target practice.

GENERAL ORDER

No. 6

STATE OF IOWA
ADJUTANT GENERAL'S OFFICE

Des Moines, Iowa, February 7, 1923.

Pursuant to the provisions of Section 319 of the Military Code, State of Iowa, a school of instruction for all officers Iowa National Guard, will be held at Des Moines, Iowa, February 21, 22 and 23, 1923.

Brigadier General Mathew A. Tinley is hereby designated to conduct the school. He will be assisted by Lt. Col. W. A. Cornell, Cavalry D. O. L., Senior Instructor, Iowa National Guard, and such other officers as may be designated by the Commanding General.

Governor N. E. Kendall, Commander in Chief, Iowa National Guard, will welcome you to State Headquarters. Colonel Harry La T. Cavanaugh, U. S. A., Commanding Fort Des Moines, will address the school. Captain Maxwell A. O'Brien, 113th Cavalry, Assistant Attorney General, State of Iowa, will address the school on the subject—Civil Laws of the State and their relation to the Military Law.

All officers of the Guard are required to attend and will arrange their departure from home station so as to report to the Adjutant General, State House, not later than 9 a. m., February 21, 1923, for the purpose of signing pay roll. Roll will be called at each meeting, those not present will be checked as absent for the day or half day as the case may be, and deductions made on pay roll accordingly.

Service uniform, without side arms, will be worn. Each officer will report with the following:

Note book.

Pencils.

List of questions he may desire brought up for discussion.

The following officers will address the school on subjects to be assigned to them by the Commanding General:

Brig. General Louis G. Lasher, A. G. D.—The Adjutant General.

Brig. General M. A. Tinley—Commanding 67th Inf. Brigade.

Colonel R. P. Howell—Commanding 113th Cavalry.

Colonel L. D. Ross—Commanding 133rd Infantry.

Colonel Guy S. Brewer—Commanding 168th Infantry.

Lt. Col. Knud Boberg—Assistant Adjutant General.

Lt. Col. W. S. Conkling—Chief Surgeon.

Lt. Col. W. A. Cornell—Cavalry D. O. L. Senior Instructor.

Major Harry Ward—Commanding 1st Bn. 185th F. A.

Major Fred S. Holsteen—Judge Advocate.

Major Fred S. Hird—Chief Ordnance Officer.

Major H. D. Coe—Q. M. U. S. P. & D. Officer.

Captain Robert L. Fulton—Q. M. Department

The Commanding General will arrange the program to permit each Regimental Commander and separate Battalion Commander to hold a conference and school on some one morning of the session.

Every effort will be made to clear up and solve problems which may be presented. All officers and clerks in the Adjutant General's Department are instructed to place themselves at the service of the officers assembled for the school. It is, however, urged that such problems be confined to those matters which pertain and are vital to the administration and training of the guard as a whole. The authorized three days will not permit any consideration of minor questions or personal grievances.

All officers of the guard will be furnished transportation from home station and return, and per diem allowance of seven (7) dollars per day is allowed, which must cover sleeper, parlor car seat, hotel and meals.

The Quartermaster will issue the necessary transportation requests, and will prepare the pay rolls covering the actual school period, and allowing one (1) day from home station to Des Moines, and one day returning to home station.

The travel directed and the expense involved is necessary in the Military Service of the State.

By Order of the Governor:

LOUIS G. LASHER,

The Adjutant General.

Official:

KNUD BOBERG,

Assistant Adjutant General.

GENERAL ORDERS

Number 22

STATE OF IOWA,

ADJUTANT GENERAL'S OFFICE.

Des Moines, October 16, 1923.

1. The death of Colonel Ralph P. Howell, 113th Cavalry, Iowa National Guard, occurred in Iowa City, Iowa, Monday, October 15, 1923, at 2:00 P. M.

The military record of Colonel Ralph P. Howell was as follows:

Enlisted in Co. "C" Third Regiment, January 13, 1890. Company transferred to Co. "I" Second Regiment, April 30, 1892.

Appointed Corporal and Sergeant 1893 and 1894.

Commissioned Major and Judge Advocate, First Brigade, January 25, 1895.

Commissioned Captain and Commissary of Subsistence, United States Volunteers, May 17, 1898. Mustered out September 10, 1898.

Commissioned Captain Company "I" 50th Iowa National Guard, December 3, 1900.

Commissioned Major 54th Infantry, Iowa National Guard March 20, 1904.

Detailed Chief of Engineers on Governor's Staff May 24, 1907. Relieved from such duty November 14, 1908.

Commissioned Colonel 54th Infantry March 20, 1909.

Re-commissioned Colonel 54th Infantry March 20, 1914.

Transferred from 54th Infantry to 1st Cavalry July 4, 1915.

Accepted commission as Major 1st Cavalry on reorganization of that regiment July 5, 1915.

Reported for duty call of President June 18, 1916. Mustered in U. S. Service July 19, 1916.

Resigned March 1, 1917.

Commissioned Major, Judge Advocate United States Reserve, World War, December 6, 1917. Reported call February 15, 1918. Served overseas from September 22, 1918, to May 5, 1919. Discharged May 12, 1919.

Commissioned Colonel 4th Infantry, June 21, 1919. Federally Recognized, from June 21, 1919.

Transferred to National Guard Reserve, September 23, 1920. Ordered to active duty and assigned to command 1st Cavalry, Iowa N. G. (designation of regiment later changed to 113th Cavalry).

Federally Recognized as Colonel of Cavalry, Iowa National Guard, May 3, 1921.

The National Guard of Iowa sincerely mourns the loss of Colonel Ralph P. Howell, and extends sincere sympathy to his family.

By Order of the Governor:

LOUIS G. LASHER,

Brig. Gen. A. G. D., Iowa N. G.

The Adjutant General.

Official:

KNUD BOBERG,

Assistant Adjutant General.

Medical examiners must conduct examinations exactly as prescribed by printed instructions on physical examination papers and by Army Regulations No. 40-105, using terms contained in the latter publication.

A charge of not to exceed seventy-five cents (75c) will be allowed for each physical examination. It is imperative that bills in triplicate, properly certified to by the Medical Examiner and the Organization Commander, be presented within ten (10) days after the end of the three (3) month periods ending March 31, June 30, September 30 and December 31 of each year. Failure to comply with the above provisions will result in non-payment of accounts by this office.

Bills may be presented monthly if so desired. Bills must contain the following data and be presented by the examiners named in this order and by no other except by special authority from this office.

1. Place and date.
2. Name of man examined.
3. Rank of man, if other than an applicant for enlistment.
4. Name of organization.
5. Date of examination in each case whether accepted or rejected.
6. Certificate of examination.
7. Certificate of organization.

Acknowledgment of receipt of this order is requested.

HEADQUARTERS IOWA NATIONAL GUARD

General Orders } **ADJUTANT GENERAL'S DEPARTMENT,**
No. 4. } **Des Moines, March 5, 1924.**

1. Upon the recommendation of the Inspector of Small Arms Practice an indoor target practice will be conducted by the following organizations:

All Troops and Detachments, 113th Cavalry, except Med. Det. Service Companies and Companies "A," "B," "C," "E," "F," "G," "I," "K" and "L" of the 133rd Infantry and 168th Infantry.

A. Range—Fifty Feet.

B. Kind of Fire—Slow.

C. Positions and number of shots:—

Standing, 2 s. s. & 10 record.

Kneeling, 2 s. s. & 5 record

Sitting, no. s. s. & 5 record.

Prone, 2 s. s. & 10 record.

Positions as authorized and explained in Small Arms Firing Regulations.

D. Order of Fire—As stated in "C."

E. How Fired—In groups of ten men whose scores must be completed within a week, each succeeding group to be made up of men who have not previously fired, this procedure to be maintained until entire organization has fired.

F. Practice Firing—Unlimited Practice firing may be had prior to firing for record.

G. A score once begun in any position will be completed for that position without other sighting shots than those which preceded the score.

H. Arm—Any .22 Caliber rifle ordinarily used in gallery target practice and not equipped with telescopic sights.

I. Ammunition—Any .22 Caliber.

J. Coaching—Will be allowed. Coach to be designated by organization commander.

K. Time Limit—A time limit of one minute per shot will be allowed for all scores.

L. Target—All record targets will be marked as Official Targets and will be furnished from this office. No other firing than that for record will be done on these targets. Each competitor will fire the prescribed number of shots constituting his sighting shots and record score in any one position on the same target.

M. Time of Firing—To be determined by the organization commander.

N. Supervision of Firing—All record firing must be done under the supervision of a commissioned officer. As soon as a score is completed, the supervising officer will determine the score and enter same in ink on the target, cause the target to be signed by the competitor, sign the target himself and give it to the organization commander.

O. Time of Completion of Match—All organizations must have completed all their firing prescribed above before May, 1924.

P. Reports—Each organization commander will not later than Sunday of each week mail to the Adjutant General the completed, certified targets of his 10 men team. Bulletins announcing the standing of organizations will be issued from this office from time to time.

Q. Prizes—To the company whose team makes the highest aggregate score will be awarded the Class "A" Trophy, which is emblematic of the Gallery Championship of the Iowa National Guard. Three other Trophies, namely Class "B," "C" & "D" will be awarded in the order named to the companies whose teams have the next three high scores. These trophies will be suitably engraved and deposited with the organization winning them for a period of one year, at the end of which time they will be returned to this office.

R. Special Prize—In addition to the Class "A" Trophy, General Louis G. Lasher, The Adjutant General, will present to the organization having the highest aggregate score, a new model Springfield Caliber 22 Rifle, which will become the property of such winning organization.

S. To be eligible to compete for trophies and special prize each organization will select a team of 5 men who will fire the same score as prescribed in "C" of this order, firing to be done during the week commencing May 12. Targets to be handled and disposed of in same manner as prescribed in this order.

Any organization showing less than 60% of their enlisted strength having fired the prescribed course will not be allowed to participate in the final competition for trophies and special prize.

2. During the period of competition organizations will be visited by Major FRED S. HIRD, Inspector of Small Arms Practice, who will give such instructions and assistance as he deems necessary. Major Hird will notify organization Commanders in ample time of any proposed visits.

By order of the Governor:

LOUIS G. LASHER,
Brig. Gen. A. G. D., Iowa N. G.
The Adjutant General.

Official:

KNUD BOBERG,
Assistant Adjutant General.
